Science and Decisions National Research Council, Division on Earth and Life Studies, Board on Environmental Studies and Toxicology, Committee on Improving Risk Analysis Approaches Used by the U.S. EPA, 2009-03-24 Risk assessment has become a dominant public policy tool for making choices, based on limited resources, to protect public health and the environment. It has been instrumental to the mission of the U.S. Environmental Protection Agency (EPA) as well as other federal agencies in evaluating public health concerns, informing regulatory and technological decisions, prioritizing research needs and funding, and in developing approaches for cost-benefit analysis. However, risk assessment is at a crossroads. Despite advances in the field, risk assessment faces a number of significant challenges including lengthy delays in making complex decisions; lack of data leading to significant uncertainty in risk assessments; and many chemicals in the marketplace that have not been evaluated and emerging agents requiring assessment. *Science and Decisions* makes practical scientific and technical recommendations to address these challenges. This book is a complement to the widely used 1983 National Academies book, *Risk Assessment in the Federal Government* (also known as the Red Book). The earlier book established a framework for the concepts and conduct of risk assessment that has been adopted by numerous expert committees, regulatory agencies, and public health institutions. The new book embeds these concepts within a broader framework for risk-based decision-making. Together, these are essential references for those working in the regulatory and public health fields.

State of the USA Health Indicators Institute of Medicine, Board on Population Health and Public Health Practice, Committee on the State of the USA Health Indicators, 2009-02-17 Researchers, policymakers, sociologists and doctors have long asked how to best measure the health of a nation, yet the challenge persists. The nonprofit State of the USA, Inc. (SUSA) is taking on this challenge, demonstrating how to measure the health of the United States. The organization is developing a new website intended to provide reliable and objective facts about the U.S. in a number of key areas, including health, and to provide an interactive tool with which individuals can track the progress made in each of these areas. In 2008, SUSA asked the Institute of Medicine's Committee on the State of the USA Health Indicators to provide guidance on 20 key indicators to be used on the organization's website that would be valuable in assessing health. Each indicator was required to demonstrate: a clear importance to health or health care, the availability of reliable, high quality data to measure change in the indicators over time, the potential to be measured with federally collected data, and the

capability to be broken down by geography, populations subgroups including race and ethnicity, and socioeconomic status. Taken together, the selected indicators reflect the overall health of the nation and the efficiency and efficacy of U.S. health systems. The complete list of 20 can be found in the report brief and book.

Unbelievable T. Christian Miller, Ken Armstrong, 2019-09-03 Now the Netflix Limited Series *Unbelievable*, starring Toni Collette, Merritt Wever, and Kaitlyn Dever • Two Pulitzer Prize-winning journalists tell the riveting true crime story of a teenager charged with lying about having been raped—and the detectives who followed a winding path to arrive at the truth. “Gripping . . . [with a] John Grisham-worthy twist.”—Emily Bazelon, New York Times Book Review (Editors’ Choice) On August 11, 2008, eighteen-year-old Marie reported that a masked man broke into her apartment near Seattle, Washington, and raped her. Within days police and even those closest to Marie became suspicious of her story. The police swiftly pivoted and began investigating Marie. Confronted with inconsistencies in her story and the doubts of others, Marie broke down and said her story was a lie—a bid for attention. Police charged Marie with false reporting, and she was branded a liar. More than two years later, Colorado detective Stacy Galbraith was assigned to investigate a case of sexual assault. Describing the crime to her husband that night, Galbraith learned that the case bore an eerie resemblance to a rape that had taken place months earlier in a nearby town. She joined forces with the detective on that case, Edna Hendershot, and the two soon discovered they were dealing with a serial rapist: a man who photographed his victims, threatening to release the images online, and whose calculated steps to erase all physical evidence suggested he might be a soldier or a cop. Through meticulous police work the detectives would eventually connect the rapist to other attacks in Colorado—and beyond. Based on investigative files and extensive interviews with the principals, *Unbelievable* is a serpentine tale of doubt, lies, and a hunt for justice, unveiling the disturbing truth of how sexual assault is investigated today—and the long history of skepticism toward rape victims. Previously published as *A False Report*

School's Out Cati Connell, 2014-11-24 How do gay and lesbian teachers negotiate their professional and sexual identities at work, given that these identities are constructed as mutually exclusive, even as mutually opposed? Using interviews and other ethnographic materials from Texas and California, *School's Out* explores how teachers struggle to create a classroom persona that balances who they are and what's expected of them in a climate of pervasive homophobia. Catherine Connell's examination of the tension between the rhetoric of gay pride and the professional ethic of discretion insightfully connects and considers complicating factors, from local law and politics to gender privilege. She also describes how racialized discourses of homophobia thwart challenges to sexual injustices in schools. Written with ethnographic verve, *School's Out* is essential reading for specialists and students of queer studies, gender studies, and educational politics.

My Holocaust Tova Reich, 2007-04-03 Maurice and Norman Messer, father-and-son business partners, know a good

product when they see it. That product is the Holocaust, and Maurice, a Holocaust survivor with an inflated personal history, and Norman, enjoying vicarious victimhood as a participant in the second-generation movement, proceed to market it enthusiastically. Not even the disappearance of Nechama, Norman's daughter and Maurice's granddaughter, into the Carmelite convent at Auschwitz, where she is transformed into a nun, Sister Consolatia of the Cross, deters them from pushing their agenda. Father and son embark on a tour of the Auschwitz-Birkenau death camp, which Maurice—now the driving force behind the most powerful Holocaust memorialization institution in America—organizes to soften up a potential major donor, and which Norman takes advantage of to embark on a surrealistic search for his daughter. At the death camp they run into assorted groups and individuals all clamoring for a piece of the Holocaust, including Buddhist New Agers on a retreat, Israeli schoolchildren on a required heritage pilgrimage, a Holocaust artifact hustler, filmmakers, and an astonishing collection of others. All hell breaks loose when Maurice's museum is taken over by a coalition of self-styled victims seeking Holocaust status, bringing together a vivid cast of all-too-human characters, from Holocaust professionals to Holocaust wannabees of every persuasion, in the fevered competition to win the grand prize of owning the Holocaust. An inspiringly courageous and shockingly original tour-de-force, *My Holocaust* dares to penetrate territory until now considered sacrosanct in its brilliantly provocative and darkly comic exploration of the uses and abuses of memory and the meaning of human suffering.

Naval Modernisation in Southeast Asia, Part Two Geoffrey Till, Collin Koh Swee Lean, 2017-09-18 This edited volume starts with an account of the submarine in naval warfare and moves on to review the nature and consequences of naval modernisation in Southeast Asia by considering their acquisition by the small and medium navies of the region. It explores the reasons for these navies taking on this very substantial and demanding challenge, the problems they are facing and the consequences of the deployment of submarines for regional stability. Given the backdrop of growing tensions over the South China Sea and increasing competition between the United States and China in the region, will the arrival of submarines in the area help or hinder the cause of peace? This volume will be of substantial interest not just to those interested in submarines and naval development but also to students and teachers concerned about the very volatile developing situation in and around the South China Sea.

Love Stories That Touched My Heart Ravinder Singh, 2012-12-15 Love-only a four letter word, yet it's so powerful that it can conquer anything in this world! We've all experienced the first flush of love and remember the lingering fragrance of it. For ages Love has remained one of the most cherished experiences that everyone wishes to live through at least once. Humanity, time and again, has coined many definitions to describe this beautiful emotion, but this small word is a feeling that can't simply be defined. It has to be narrated . . . in the form of stories-love stories. Love Stories That Touched My Heart is a collection of such stories from readers who have a tale to tell, shortlisted from over 2000 entries that were submitted in a competition conducted by Penguin India. Selected and edited by Ravinder Singh, this anthology-made up of the stories that touched Ravin's heart the most-will make you believe that someone, somewhere, is made for you.

A People's Tragedy Orlando Figes, 2013

Wild Girls, Wild Nights Sacchi Green, 2013-06-11 There are the fabled urban myths of lesbians who fill up a U-Haul on the second date and lead sweetly romantic lives of cocoa and comfy slippers. Safe and sound. A lot of cozy and not much crazy. These are NOT those stories- these are wild women with dirty minds, untamed tongues, and even the occasional cuff or clamp. A lotta crazy and no cozy slippers to be seen. These Wild Girls tell stories of their own Wild Nights (and days,) memories too hot to keep undercover. Real women with real needs and overwhelming desires find the courage to reveal intimate, unrestrained details of their sex lives, the need to share their stories second only to the urgent impulses that drove the action in the first place. There are first times, life-long commitments, and fleeting encounters to savor for a lifetime. Tenderness merges with edge-play; scenes shift from Caribbean islands to desert battlefields to the ultimate privacy of home; and the writers range from well-known names to newcomers driven to share fresh memories they'll never forget. In Evan Mora's "The Insatiable Travel Itch," repression in public drives her wild. "Transported, transplanted, we are transgressors. And it makes me fucking wet." Angel Propps struggles to face her deepest desires. "The word Daddy had a familiar shape on my tongue, but not in my head, and for one second I was sure I was going to Hell—and then I came." She'd found, of course, "The Daddy I Didn't Know I Needed." Anna Watson, in "Tamago," gives a poignant and sizzling view of being a lesbian femme who loves butches. "I know being femme is what makes the breath blow out of me when she calls and says, 'Babe, I just wanted you to know that I was driving along here, thinking about your breasts.'" Reality doesn't have to be prosaic. Real sex can be wet, messy, frenzied, sometimes even awkward, but never boring. With these writers and seventeen more, "Wild Girls, Wild Nights: True Lesbian Sex Stories" is the proof of that.

The Kama Sutra Vatsyayana,2022-12-26 One of the best English translations of this ancient Indian treatise on politics, social mores, love, and intimacy are the Kama Sutra, which Mallanaga Vatsyayana wrote in the second century CE. Its clean presentation raised the bar for Sanskrit translation. The Kama Sutra is a unique combination of sexology, society, psychology. It has been hailed as a great work of Indian literature for more than 1,700 years and has served as a window for the West into the mysticism and culture of the East. The Kama Sutra, a prehistoric Indian literature, is regarded as the most important Sanskrit study of human sexuality. The Kama Sutra remains one of the most accessible and entertaining of all the ancient classics, having been written with frankness and unassuming simplicity. The Kama Sutra is so significant as a work of philosophy, psychology, sociology, theology, science, and sexology that it simultaneously had an impact on Indian civilization and remained a crucial component in understanding it.

Sudden Sex Alison Tyler,2013-04-08 Maybe one of the hidden benefits of everyone being so darn busy is the rise of the quickie! No one writes fresh fiction on quick sex better than Alison Tyler who has probably inspired more time-efficient trysts than any other eroticist. Whether at the office with your boss, in a restaurant restroom or naughty nooners with your long-time love, Tyler's Sudden Sex will have you dialing up a booty call stat! Alison Tyler says: My favorite short stories brand new. Crisp and focused, taut and tight. The pieces in this collection are waiting for you to slide them on, button the fly, then turn and admire how well they fit your kink. Because—as everyone who knows me understands by now—I'm all about the kink. This collection features BDSM, spanking, toys, tools, girls gone bad and men who need it just as bad. I've assembled

stories from writers I've worked with for nearly two decades as well as wordsmiths who are new to me. What do the pieces have in common? Each one maxes out at 1500 words. That's not a lot of small talk. We've cut the awkward getting to know you phase and instead parked you right up at the point. We're past first base, past second, on our way to third. His hand is under your skirt; her palm is on your cock—we're all adults here—no need to fight the fact that sometimes what we crave is simple: sudden sex. Take a breath. Bite your lip. Get ready to get off.
