Fondos monásticos y conventuales en el Archivo Histórico Provincial de Granada María Dolores Ruiz Daimiel,Rosa Pascual Morenilla,2008-10

From Al-Andalus to the Americas (13th-17th Centuries) ,2018-06-12 From Al-Andalus to the Americas (13th-17th Centuries). Destruction and Construcion of Societies offers a multi-perspective view of the filiation of different colonial and settler colonial experiences, from the Medieval Iberian Peninsula to the early Modern Americas. All the articles in the volume refer the reader to colonial orders that extended over time, that substantially reduced indigenous populations, that imposed new productive strategies and created new social hierarchies. The ideological background and how conquests were organised; the treatment given to the conquered lands and people; the political organisations, and the old and new agricultural systems are issues discussed in this volume. Contributors are David Abulafia, Manuel Ardit, Antonio Espino, Adela Fábregas, Josep M. Fradera, Enric Guinot, Helena Kirchner, Antonio Malpica, Virgilio Martínez-Enamorado, Carmen Mena, António Mendes, Félix Retamero, Inge Schjellerup, Josep Torró, and Antoni Virgili.

Artistic and Cultural Dialogues in the Late Medieval Mediterranean María Marcos Cobaleda,2020-12-16 This book analyses the artistic and cultural legacy of Western Islamic societies and their interactions with Islamic, Christian and Jewish societies in the framework of the late medieval Mediterranean, from a range of multi-disciplinary perspectives. The book, organised in four parts, addresses the Andalusí legacy from its presence in the East and the West; analyses the relations and transfers between Al-Andalus and the artistic productions of the Christian kingdoms of the Iberian Peninsula; explores other manifestations of the Andalusí legacy in the fields of knowledge, construction, identity and religious studies; and reconsiders ornamental transfers and exchanges in artistic manifestations between East and West across the Mediterranean basin. Chapter 2 is open access under a CC BY 4.0 license.

The Monument of Tomorrow Miguel Caballero,2025-07-15 Rupture, iconoclasm, and tabula rasa are concepts commonly used to describe the approach to cultural heritage associated with the avant-garde and revolutionary politics during the early twentieth century. Highlighting artists and radical intellectuals who worked to protect public monuments in 1910-1950s Spain, The Monument of Tomorrow challenges the persistent narrative, imposed by Francoism, of an iconoclastic Second Republic in Spain. Author Miguel Caballero draws on a wide range of sources to examine how artists,

architects, writers, and activists transformed monument and heritage conservation into a progressive, experimental cause in their fight against fascism. During the Spanish War, with its devastating air raids, these individuals were motivated by the “defense of culture” to become determined conservationists. Caballero’s research incorporates surviving monuments, architectural plans, propaganda posters, and literary works, including novels, plays, and poetry. The war became a laboratory for experiments in conserving and redefining monuments and national heritage. Modernist-style protective structures, for example, were built atop Madrid’s historic monuments, including statues of Cybele, Neptune, and Phillip III in Plaza Mayor. Such innovations later influenced strategies for safeguarding monuments during the Second World War. This history, Caballero argues, makes the Spanish War pivotal to development of the concept of World Heritage. Ultimately, The Monument of Tomorrow demonstrates that heritage conservation does not have to be politically conservative. Those interested in anti-fascism, art history, modern architecture, modernism, cultural heritage, conservation and preservation, Iberian studies, and war studies should find valuable insights in this innovative, original work.

PATRIMONIO GEOLÓGICO Y MINERO ROMERO , EMILIO, 2017-03-24 El nacimiento de los primeros parques geológicos y museos mineros, han sido el detonante del nacimiento en España de un estado de opinión, cada vez más extendido, favorable a la conservación del patrimonio geológico y minero. Poco a poco fue creciendo la concienciación en torno a la defensa de dicho patrimonio. En este libro se recogen las Actas del XI Congreso para la defensa del patrimonio geológico y minero.

Melchor Macanaz Francisco Precioso Izquierdo, 2017-02-02 A comienzos de 1715, Felipe V protagonizó un sorprendente cambio de rumbo en su política de reformas al relevar a quien hasta ese momento había sido uno de los adalides de los cambios más polémicos de la naciente monarquía borbónica, el otrora poderoso fiscal general del Consejo de Castilla, Melchor Macanaz. Firme defensor de los derechos dinásticos del monarca y enérgico apologista de las competencias y regalías de la corona, ni el rey ni el propio Macanaz pudieron evitar la tragedia. Sin embargo, lejos de caer en el olvido o resignarse a una vida eclipsada por lo que pudo ser, don Melchor continuó llevando a cabo una actividad política oficiosa poco atendida con la que intentó influir y mantenerse cerca de los ámbitos de poder e influencia de la monarquía hasta su muerte en 1760.

Approaching Historical Sources in their Contexts Sarah Barber, Corinna M. Peniston-Bird, 2020-04-13 In *Approaching Historical Sources in Their Contexts*, 12 academics examine how space, time and performance interact to co-create context for source analysis. The chapters cover 2000 years and stretch across the Americas and Europe. They are grouped into three themes, with the first four exploring aspects of movement within and around an environment: buildings, the tension between habitat and tourist landscape, cemeteries and war memorials. Three chapters look at different aspects of performance: masque and opera in which performance is (re)constructed from several media, radio and television. The final

group of chapters consider objects and material culture in which both spatial placement and performance influence how they might be read as historical sources: archaeological finds and their digital management, the display of objects in heritage locations, clothing, photograph albums and scrapbooks. Supported by a range of case studies, the contributors embed lessons and methodological approaches within their chapters that can be adapted and adopted by those working with similar sources, offering students both a theoretical and practical demonstration of how to analyse sources within their contexts. Drawing out common threads to help those wishing to illuminate their own historical investigation, this book encourages a broad and inclusive approach to the physical and social contexts of historical evidence for those undertaking source analysis.

The History of Cartography, Volume 4 Matthew H. Edney, Mary Sponberg Pedley, 2020-05-15 Since its launch in 1987, the History of Cartography series has garnered critical acclaim and sparked a new generation of interdisciplinary scholarship. Cartography in the European Enlightenment, the highly anticipated fourth volume, offers a comprehensive overview of the cartographic practices of Europeans, Russians, and the Ottomans, both at home and in overseas territories, from 1650 to 1800. The social and intellectual changes that swept Enlightenment Europe also transformed many of its mapmaking practices. A new emphasis on geometric principles gave rise to improved tools for measuring and mapping the world, even as large-scale cartographic projects became possible under the aegis of powerful states. Yet older mapping practices persisted: Enlightenment cartography encompassed a wide variety of processes for making, circulating, and using maps of different types. The volume's more than four hundred encyclopedic articles explore the era's mapping, covering topics both detailed—such as geodetic surveying, thematic mapping, and map collecting—and broad, such as women and cartography, cartography and the economy, and the art and design of maps. Copious bibliographical references and nearly one thousand full-color illustrations complement the detailed entries.

Guía de las sociedades deportivas españolas (1841-1920) José Miguel García García, 2020-09-30 El objetivo de esta monografía es mostrar las sociedades deportivas españolas que se inscribieron en los antiguos gobiernos civiles de nuestro país hasta 1920. El trabajo abarca todas las provincias españolas, incluyendo las dos ciudades autónomas. La horquilla temporal cubre desde la primera inscripción datada en 1841 hasta 1920 inclusive. El estudio bucea en todos los archivos históricos provinciales o archivos similares indagando si tienen los libros de registro de asociaciones hasta 1920. Una vez confirmada la información realizamos un viaje por gran parte de España, recorriendo veintiocho repertorios para seleccionar y transcribir de forma literal los datos encontrados. Los resultados sacan a la luz 1.131 sociedades deportivas, de 31 provincias. Desvelando 26 deportes diferentes, además de sociedades polideportivas y Los Exploradores de España. Esta investigación tiene un notable valor histórico, porque las fuentes utilizadas, a nivel nacional, son inéditas y oficiales. Anteriormente, ningún estudio había realizado este análisis desde este enfoque, por esa razón consideramos que es una de las obras más completa que se ha realizado dentro del movimiento asociativo deportivo.

Legal Documents as Sources for the History of Muslim Societies, 2017-06-06 This volume is a tribute to the work of legal and social historian and Arabist Rudolph Peters (University of Amsterdam). Presenting case studies from different periods and areas of the Muslim world, the book examines the use of legal documents for the study of the history of Muslim societies. From examinations of the conceptual status of legal documents to comparative studies of the development of legal formulae and the socio-economic or political historical information documents contain, the aim is to approach legal documents as specialised texts belonging to a specific social domain, while simultaneously connecting them to other historical sources. It discusses the daily functioning of legal institutions, the reflections of regime changes on legal documentation, daily life, and the materiality of legal documents. Contributors are Maaïke van Berkel, Maurits H. van den Boogert, Léon Buskens, Khaled Fahmy, Aharon Layish, Sergio Carro Martín, Brinkley Messick, Toru Miura, Christian Müller, Petra M. Sijpesteijn, Mathieu Tillier, and Amalia Zomeño.

Franquismo de carne y hueso Gloria Román Ruiz, 2020-12-09 El Miércoles de Ceniza de 1950, varios vecinos de Albánchez (Almería) desafiaron la prohibición de celebrar el carnaval escenificando el “entierro de la sardina”. Disfrazados de sacerdotes y monaguillos, se lanzaron a la calle. Allí se les fueron uniendo otros muchachos, mujeres y niños, y se formó espontáneamente un grupo que fue recorriendo el pueblo, pero al llegar a la calle General Mola, la Guardia Civil los disolvió a base de bofetadas y golpes con la porra. Según las autoridades, uno de ellos portaba un palo de escoba en el que había colocado un calabazón que simulaba una cruz. Además, aseguraban haber escuchado entre la multitud “palabras propias de un sacerdote al verificar un funeral”. A partir de estas evidencias, interpretaron los hechos como una mofa hacia la religión. Pequeños sucesos como este permiten que nos adentremos en el franquismo “realmente” vivido. Con ello se pretende examinar, a través de las experiencias cotidianas de aquellos cuyas existencias transcurrieron bajo la dictadura, las complejas e incluso contradictorias percepciones que suscitaron las políticas del régimen entre la gente de a pie y mostrar cómo la atracción popular por determinados aspectos del franquismo coexistió durante todo el periodo con la resistencia frente a otros.

Juan Rena and the Frontiers of Spanish Empire, 1500-1540 Jose M. Escribano-Páez, 2020-05-05 This book explores the political construction of imperial frontiers during the reigns of Ferdinand the Catholic and Charles V in the Iberian Peninsula and the Mediterranean. Contrary to many studies on this topic, this book neither focuses on a specific frontier nor attempts to provide an overview of all the imperial frontiers. Instead, it focuses on a specific individual: Juan Rena (1480-1539). This Venetian clergyman spent 40 years serving the king in several capacities while travelling from the Maghreb to northern Spain, from the Pyrenees to the western fringes of the Ottoman Empire. By focusing on his activities, the book offers an account of the Spanish Empire’s frontiers as a vibrant political space where a multiplicity of figures interacted to shape power relations from below. Furthermore, it describes how merchants, military officers, nobles, local elites and royal agents

forged a specific political culture in the empire's liminal spaces. Through their negotiations and cooperation, but also through their competition and clashes, they created practices and norms in areas like cross-cultural diplomacy, the making of the social fabric, the definition of new jurisdictions, and the mobilization of resources for war.

DE LA ALQUERÍA A LA ALJAMA ECHEVARRÍA ARSUAGA Ana ,FÁBREGAS GARCÍA Adela ,2016-07-01 A partir de los sistemas de organización interna y de las estructuras de poder en las comunidades rurales del mundo nazarí y en las aljamas castellanas se intenta explicar cómo la sociedad islámica andalusí se va apartando de sus precedentes medievales, integrándose cada vez más en los nuevos sistemas estatales del mundo moderno. Un contexto temporal suficientemente amplio y dilatado sirve para identificar elementos de continuidad e indicios de desvinculación progresiva, en definitiva, trazar los perfiles de un proceso tan complejo como la disolución de un sistema social y su reconversión, o su integración, en otro radicalmente diferente. Por eso el contenido de esta obra abarca el mundo nazarí, las prolongaciones de su organización estatal en el conjunto de la sociedad, y la situación de las minorías islámicas en el reino de Castilla, estudiadas a través de sus espacios de convivencia y de su forma de articular el poder político y económico, respecto a los interlocutores cristianos y en el interior de la propia comunidad.

Architectural Draughtsmanship Enrique Castaño Perea,Ernesto Echeverria Valiente,2017-09-25 This is the proceedings of the XVI International Congress of Graphic Design in Architecture, EGA 2016, held in Alcalá de Henares, Spain, in June 2016. About 200 professionals and researchers from 18 different countries attended the Congress. This book will be of interest to researchers in the field of architecture and Engineering. Topics discussed are Innovations in Architecture, graphic design and architecture, history and heritage among others.

La nobleza en la España moderna Enrique Soria Mesa,2013-03-11 Pocos pueden dudar de la enorme importancia que tuvo la nobleza en el devenir histórico de la España moderna. Sin embargo, es mucho lo que todavía ignoramos acerca de este grupo social. Este libro aborda su estudio desde una perspectiva claramente innovadora, centrándose en la fuerte movilidad que la sociedad hispana experimentó a lo largo de los siglos XV al XVIII. Semejante (y tan considerable) ósmosis social posibilitó la integración en el estamento nobiliario de miles de familias de muy diversa procedencia, que utilizaron como mecanismos de progresión los abundantes resquicios existentes. Resulta particularmente interesante que dicho movimiento no alterara los fundamentos ideológicos del sistema, pues fue acompasado por la creencia en la continuidad y eternidad de la nobleza de sangre. Todo ello, en fin, permitió la sistemática renovación biológica del grupo, al tiempo que reforzó las bases sociales sobre las que descansaba la monarquía española.

Las locas en el archivo Huard, Geoffroy,Fernández Galeano, Javier,2023-06-26 Este libro reúne las aportaciones de investigadoras e investigadores que han abordado la compleja tarea de rastrear y visibilizar las experiencias de la disidencia sexual desde la guerra civil hasta la transición democrática, con base en una serie de archivos -estatales, internacionales,

personales y de historias de vida- que muestran tanto las violencias institucionales como el coraje, las formas de expresarse y las dinámicas sociales de las 'locas'. Con este último término hemos querido poner el acento en cómo las personas perseguidas se autopercebieron y crearon marcos culturales propios. Este volumen condensa los importantes logros que la ardua investigación de archivo ha conseguido en múltiples ámbitos territoriales, siendo, por tanto, lectura imprescindible para aquellas personas que se especialicen o que se adentren por primera vez en esta página crucial de nuestra historia como colectivo. A través del archivo de las locas, nos replanteamos el papel de la violencia estatal como eje articulador de esa historia, y recuperamos historias invisibilizadas de alegría, placer y resistencia.

Clarisas y dominicas. Modelos de implantación, filiación, promoción y devoción en la Península Ibérica, Cerdeña, Nápoles y Sicilia Colesanti, Gemma Teresa, Garí, Blanca, Jornet-Benito, Núria, 2018-03-27 El presente volumen es el resultado de la investigación del proyecto Claustra. Atlas de espiritualidad femenina. El libro se ocupa del análisis del paisaje religioso marcado por las comunidades de clarisas y dominicas. Desde una estructura territorial por reinos se abordan cinco líneas: el conocimiento de áreas poco estudiadas en la topografía monástica femenina; la comprensión de dinámicas fundacionales y el papel de grupos de mujeres religiosas; la dinámica de implantación urbana y los procesos de interacción creadores de paisaje monástico; la importancia del mecenazgo y patronazgo femenino en los modelos fundacionales y de promoción cultural; el análisis de las prácticas devocionales y la cultura material de las monasterios femeninos en un contexto funcional, espacial y performativo.

Centros públicos de investigación en España (1984) Espanya. Subdirección General de Documentación e Información Científica, España. Dirección General de Política Científica, 1984 Por primera vez se edita, en forma de catálogo, un listado de todos los Centros de Investigación existentes en España.

Iberian Books / Libros ibéricos (IB) Alexander S. Wilkinson, 2010-05-17 This is the first comprehensive listing of all books published in Spain, Portugal, Mexico and Peru or in Spanish or Portuguese before 1601. Iberian Books offers an analytical short title-catalogue of over 19,000 bibliographically distinct items, with reference to around 100,000 surviving copies in over 1,200 libraries worldwide. By drawing together information from many previously disparate published and online resources, it seeks to provide a single, powerful research resource. Fully-indexed, Iberian Books is an indispensable work of reference for all students and specialists interested in the literature, history and culture of the Iberian Peninsula in the early modern age, as well as historians of the European book world. For the period 1601-1650, see Iberian Books Volumes II & III.

Colecciones, arqueólogos, instituciones y yacimientos en la España de los siglos XVIII al XX Sergio España-Chamorro, Rebeca Arranz Santos, Alberto Romero Molero, 2018-04-30 The History of archaeological research has only recently become a research topic of interest within Spain. Eleven papers, first presented at a congress in March 2016, address several aspects from different perspectives that collectively enrich the historiography of Spanish archaeological research.

Archivo Historico Provincial De Granada Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Archivo Historico Provincial De Granada PDF books and manuals is the internets largest free library.

Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to

personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Archivo Historico Provincial De Granada PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Archivo Historico Provincial De Granada free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Archivo Historico Provincial De Granada Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Archivo Historico Provincial De Granada is one of the best book in our library for free trial. We provide copy of Archivo Historico Provincial De Granada in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Archivo Historico Provincial De Granada. Where to download Archivo Historico Provincial De Granada online for free? Are you looking for Archivo Historico Provincial De Granada PDF? This is definitely going to save you time and cash in something you should think about.
