Real Players Never Lose Micaela Smeltzer, 2021-08-18 I've heard the whispers on campus of what a player Teddy McCallister is. Most girls on campus are vying to be the one, but guys like him don't settle down. When he overhears that my tuition has been pulled and I'm going to basically be a college reject he makes me an offer I can't refuse. Be his fake girlfriend until graduation so he can get his inheritance. It seems simple enough. I need the money and he needs someone to make him look committed. If one thing is certain, it's that I won't be falling for him. But no one warned me about what happens when my fake boyfriend starts to fall for me.

Real Players Never Lose Micaela Smeltzer, 2025-03-01 Auf dem Campus gilt Teddy McCallister als Frauenheld. Die meisten Mädchen träumen davon, die Eine zu sein, doch Typen wie er setzen niemals auf eine feste Beziehung. Als mein Stipendium gestrichen wird und ich kurz davor stehe, ohne College Abschluss dazustehen, macht Teddy mir ein verlockendes Angebot: Ich werde seine Fake-Freundin bis zum Abschluss, damit er sein Erbe antreten kann. Es klingt perfekt – ich brauche das Geld, und er braucht jemanden, der ihm ein gutes Image verleiht. Doch je mehr Zeit wir miteinander verbringen, desto mehr verschwimmen die Grenzen zwischen Fake und Realität. Ich habe mir geschworen, nicht für ihn zu schwärmen. Aber niemand hat mich gewarnt, was passiert, wenn mein Fake Freund anfängt, echte Gefühle für mich zu entwickeln ...

Although (going by the subtitle), this book was written with Bigger Football Bettor's in mind; its teachings are useful for the Beginner/Novice; as well as the Avid football bettor. The systems discussed in this book are absolute light years ahead of their time, yet Mr Tuttle has been implementing them now for the past 6 football seasons! And now, he's finally ready to go public with his applied theories and methodologies. Thank you to all of my fans. Signed, Joseph J Tuttle

Never Lose an Employee Again Joey Coleman, 2023-06-27 A WALL STREET JOURNAL BESTSELLER If keeping employees is a challenge for you, Never Lose an Employee Again offers a proven framework for increasing retention, engagement, and in the process, profits. Joey Coleman, one of the world's leading experts on employee experience, reveals practical strategies that will teach you exactly how to recruit top talent, bring them onboard successfully, and keep them engaged while they produce remarkable results for years to come. Finding and keeping quality employees is one of the greatest challenges facing businesses today. With more people quitting their jobs each month than ever before and employees demanding flexibility, freedom, and advancement, companies are struggling to build a foundation with new hires that leads to long-term commitment. To effectively combat the hiring crisis and remain competitive, business owners and managers must design an employee experience program that begins on day one. In Never Lose an Employee Again, Coleman offers a step-by-step playbook for creating a retention plan with long-term success. With more than fifty proven case studies from organizations on seven continents, Coleman details how you can forge a relationship with your people during each of the eight phases of the employee journey. For each phase, Coleman walks you through the six forms of communication integral to success (in-person, email, phone, mail, video, and even gifts) so you can better connect with your team. You'll learn how to: • write job descriptions that attract the right candidates (and plenty of them); • counter the "hire's remorse" that every employee feels (yet few businesses ever address); • welcome someone on their first day in a way that will leave them talking about it years later; • acclimate your people to get them up and running faster and more effectively; • re-engage your existing employees to turn them into raving fans; ... and much more. Never Lose an Employee Again will reshape the way you think about recruiting, hiring, onboarding, and retaining quality team members-whether you are an owner looking to hire your first few employees, an organization hoping to redefine an industry, or an enterprise that needs to keep growing on a global scale.

The Game Remains but the Players Change!!! P. Los, 2019-12-01 This book is about seeing the real world and people from another perspective, and not the imaginary world of how people and the world ought to be. Real street players and men of business don't see the real world with a mindset of hopes and dreams, nor with mediocre views. They see the world as it is, and how people truly are. Real players and business men see people based on their desires, wants and emotional experiences. Some of those experiences whether past or present has forced people to become rigid and selfish for survival, protection, getting money, secret relationships, emotionally with-drawn due to their emotional and psychological pain from past experiences, and dealing with those trust issues to conceal and never reveal themselves and always have the upper hand in any situation. This book is based on reality and not theories.

I veri giocatori non perdono Micaela Smeltzer, 2025-07-29 Ho sentito le voci che girano nel campus su quanto Teddy McCallister sia un playboy. La maggior parte delle ragazze fa a gara per quella giusta, ma i ragazzi come lui non si sistemano mai. Quando scopre per caso che il pagamento della mia retta è stato respinto e che sto per essere cacciata dal college, mi fa un'offerta che non posso rifiutare. Mi chiede di essere la sua finta ragazza fino alla laurea in modo che possa ottenere la sua eredità. Sembra abbastanza semplice. Io ho bisogno di soldi e lui ha bisogno di qualcuno che lo faccia sembrare impegnato. Una cosa è certa: non mi innamorerò di lui. Tuttavia, nessuno mi aveva avvertita di cosa succede quando il tuo finto fidanzato inizia a innamorarsi di te.

The (Real) Revolution in Military Affairs Andrei Martyanov, 2019-08-01 The liberal world order, a euphemism for American global hegemony, is crumbling at an accelerating pace. While its collapse is tangible, the outcome of such a collapse remains a matter of speculation and public debate. The US is desperately seeking to preserve the status quo, which rests primarily upon recognition of its military supremacy. For millennia, warfare has been a driving force behind changes in

the geopolitical status of power configurations (whether of peoples, states or empires), and it remains so, today. Accordingly, short of actual warfare, the assessment (modeling) of relative military power plays an inordinate role in the determination of national status. Models of emerging changes in military capability range from relatively simple to extremely complex ones. Viewing the evolution of the current system of international relations outside the framework of actual, rather than propaganda-driven, military capabilities is not only useless, it is dangerous since states' mistaken assessment of their own and other states' military power can lead to misadventures and catastrophic mistakes. The United States' efforts to preserve not just its dominance but the perception of its dominance are bound to fail for many important reasons, none more important than what is often misidentified in past American military-theoretical hypotheses about the future of warfare, known generically as the Revolution in Military Affairs (RMA). This book explains why those hypotheses are failing and will continue to fail, and addresses the real RMA. In the end, technological development in weaponry as a response to tactical, operational and strategic requirements defines not only a nation's geopolitical status but determines the global order. Assessments of military capacity, if reality-based, serve as good predictors of the level of volatility in international relations and the level of violence globally. This book gives an insight into the evolution of weapons and the way they influenced international relations in the 20th and 21st centuries. It also defines Revolution in Military Affairs as manifested via policy, politics, and technology. It reviews some models which are useful in assessing the current geopolitical situation. This book also tries to give a forecast of the future development of warfare and the ways in which it is going to change the whole system of the international relations, hopefully towards a new geopolitical equilibrium.

Principles of Successful Coaching by an Old School Coach—Ron Mayberry Ron Mayberry,2017-05-15 The first question anyone should have for me is, Why would anyone be interested in an autobiography about my life as a coach? That would be a fair question, since I havent won any national championships nor have I been in demand for speaking engagements. If you compare my coaching record to others, my won-lost record doesnt stand out. With that said, let me explain what I have to offer, and then you decide. This book is not just about my life as a coach, but rather, the lessons I have learned through my coaching career. Being old-school is about coaching kids and young adults, not a particular sport, gender, age, or level of play. I have coached on every level of play that exists and coached both genders on those levels, along with almost every sport that a school offers.
