Jung Berenike Jung

A Companion to Latin American Film Stephen M. Hart, 2004 A history of Latin American cinema, with detailed analysis of the twenty-five best films. Latin American cinema has seen major developments in the past half-century, and some of the most exciting work in contemporary film now originates there. This Companion traces its development from the mid 1890s, with particular attention to the early period when it was dominated by foreign film makers (or foreign models such as Hollywood), through the 1960s when as a genre it found its feet - the New Latin American Cinema movement - and beyond. Detailed analysis of the best twenty-five films of Latin America follows: cast and crew, awards, plots, themes and techniques. The 'Guide to Further Reading' includes important books, articles and Internet sites. FILMS: Que viva México Los olvidados Dos tipos de cuidado Orfeu Negro Memorias del subdesarrollo Lucía El chacal de Nahueltoro Yawar Mallku La batalla de Chile La última cena Pixote: a lei do mais fraco El Norte Camila La historia oficial Cartas del parque La tarea Yo, la peor de todas La frontera El viaje Fresa y chocolate Como agua para chocolate Central do Brasil Amores perros Y tu mamá también Cidade de Deus. STEPHEN M. HART is Professor of Hispanic Studies, University College London, and Profesor Honorario, Universidad de San Marcos, Lima.

Queering the Chilean Way Carl Fischer, 2016-11-11 This book examines and critiques the fact that Chile's claims to economic exceptionalism have been embodied, often quite aggressively, in a heterosexual, and primarily male, ideal. Despite the many shifts Chilean economics and politics have undergone over the past fifty years, the country's view of itself as a "model" in contrast to other Latin American countries has remained constant. By deploying an artistic, literary, and cinematic archive of queer figures from this period, this book draws parallels among the exceptionalisms of Chile's economic discourse, the subjects deemed most (and least) apt to embody it, and the maneuvers of its cultural production between local and global ideas of gender and politics to delineate its place in the world. *Queering the Chilean Way* thus sheds light on the sexual, economic, and aesthetic dimensions of exceptionalism—at its heart, a discourse of exclusion that often comprises a major element of nationalism—in Chile and throughout the Americas.

Encyclopedia of Contemporary Latin American and Caribbean Cultures Daniel Balderston, Mike Gonzalez, Ana M.

Lopez,2000-12-07 This vast three-volume Encyclopedia offers more than 4000 entries on all aspects of the dynamic and exciting contemporary cultures of Latin America and the Caribbean. Its coverage is unparalleled with more than 40 regions discussed and a time-span of 1920 to the present day. Culture is broadly defined to include food, sport, religion, television, transport, alongside architecture, dance, film, literature, music and sculpture. The international team of contributors include many who are based in Latin America and the Caribbean making this the most essential, authoritative and authentic Encyclopedia for anyone studying Latin American and Caribbean studies. Key features include: * over 4000 entries ranging from extensive overview entries which provide context for general issues to shorter, factual or biographical pieces * articles followed by bibliographic references which offer a starting point for further research * extensive cross-referencing and thematic and regional contents lists direct users to relevant articles and help map a route through the entries * a comprehensive index provides further guidance.

The Cinema of Raúl Ruiz Michael Goddard,2013-09-22 Raúl Ruiz, while considered one of the world's most significant filmmakers by several film critics, is yet to be the subject of any thorough engagement with his work in English. This volume sets out on this task by mapping, as fully as possible, Ruiz's cinematic trajectory across more than five decades of prolific work, up to his death in 2011; ranging from his earliest work in Chile to high-budget 'European' costume dramas culminating in *Mysteries of Lisbon* (2010). It does so by treating Ruiz's work—with its surrealist, magic realist, popular cultural, and neo-Baroque sources—as a type of 'impossible' cinematic cartography, mapping real, imaginary, and virtual spaces, and crossing between different cultural contexts, aesthetic strategies, and technical media. It argues that across the different phases of Ruiz's work identified, there are key continuities such as the invention of singular cinematic images and the interrogation of their possible and impossible combinations.

Transnational Cinema Solidarity José Miguel Palacios,2025 After the 1973 coup that put an end to the socialist government of Salvador Allende, most Chilean filmmakers went into exile. Dispersed all over the world, they made more than two hundred fiction films, documentaries, animations, videos, and works for television. José Miguel Palacios builds upon extensive archival research to trace a transnational history of this radical cinema, beginning with its emergence out of global solidarity networks in the 1970s. Chronicling the dangerous efforts to smuggle film reels out of Chile, the discourses of political cinema these films inspired as they traveled between film festivals, and these film prints' unfinished process of return to Chilean archives and museums over the last two decades, *Transnational Cinema Solidarity* offers a politicized understanding of world and transnational cinema that emphasizes geopolitical relations and cinematic alliances based on solidarity--

Invisibilities of Political Torture Jung Berenike Jung,2020-06-18 Examines the ways in which moving images can help us better understand factual political tortureExamines role of images and film in (mis)understanding of tortureOffers

synergised knowledge through comparative angle, exploring differences and continuities of torture cases which were documented to vastly different extents Includes key popular movies, independent films as well as serial television Combines serious film analysis with ethical-political questions and historically and theoretically informed research Expands on the latest developments of comparative media scholarship, and integrates the nostalgic, material and affective e;turn.e; Academic work on the subject of torture tends to mirror public debates on its presumed utility, to focus on its historically 'correct' representation or on profilmic structures of identification. This book moves beyond these ideologically charged questions to explore how contemporary films have responded to a growing popular distrust in visual evidence when referencing factual cases of torture. Two cases studies - the United States around 2004 and Chile from 1973 until the end of the dictatorship - provide either an abundance or lack of such visual evidence. Drawing on films and television series such as *Zero Dark Thirty* (2012), *NO* (2012), *Homeland* (2011-) and *Los 80* (2008-14), amongst many others, this book analyses the visible components of torture but also its invisibilities. By casting a wider net on the definition of torture, the author promotes a radical, theoretical reframing of our concept of torture and suggests that audiovisual products can help broaden our comprehension of torture as an event which includes collective and emotional dimensions and long-term social effects.

A Companion to Italian Cinema Frank Burke, 2017-04-13 Written by leading figures in the field, *A Companion to Italian Cinema* re-maps Italian cinema studies, employing new perspectives on traditional issues, and fresh theoretical approaches to the exciting history and field of Italian cinema. Offers new approaches to Italian cinema, whose importance in the post-war period was unrivalled Presents a theory based approach to historical and archival material Includes work by both established and more recent scholars, with new takes on traditional critical issues, and new theoretical approaches to the exciting history and field of Italian cinema Covers recent issues such as feminism, stardom, queer cinema, immigration and postcolonialism, self-reflexivity and postmodernism, popular genre cinema, and digitalization A comprehensive collection of essays addressing the prominent films, directors and cinematic forms of Italian cinema, which will become a standard resource for academic and non-academic purposes alike

Pop Culture in Latin America and the Caribbean Elizabeth Gackstetter Nichols, Timothy R. Robbins Ph.D., 2015-07-28 This insightful book introduces the most important trends, people, events, and products of popular culture in Latin America and the Caribbean. In recent times, Latin American influences have permeated American culture through music, movies, television, and literature. This sweeping volume serves as a ready-reference guide to pop culture in Central America, South America, and the Caribbean, focusing on Mexico, Brazil, Venezuela, Argentina, Haiti, Cuba, the Dominican Republic, Jamaica, and Costa Rica, among other areas. The work encourages hands-on engagement with the popular culture in these places, making such suggestions as Brazilian films to rent or where to find Venezuelan music on the Internet. To start, the book covers various perspectives and issues of these regions, including the influence of the United States, how the idea of

machismo reflects on the portrayal of women in these societies, and the representation of Latino-Caribo cultures in film and other mediums. Entries cover key trends, people, events, and products from the beginning of the 20th century to the present day. Each section gives detailed information and profound insights into some of the more academic—and often controversial—debates on the subject, while the inclusion of the Internet, social media, and video games make the book timely and relevant.

The Oxford History of World Cinema, 1996-10-17 From its humble beginnings as a novelty in a handful of cities, cinema has risen to become a billion-dollar industry and the most spectacular and original contemporary art form. It has spread to all parts of the globe, and is enjoyed by audiences that cut across all sections of society. The Oxford History of World Cinema traces the history of this enduringly popular entertainment medium. Covering all aspects of its development, stars, studios, and cultural impact, the book celebrates and chronicles over one hundred years of diverse achievement from westerns to the New Wave, from animation to the Avant-Garde, and from Hollywood to Hong Kong. An international team of distinguished film historians tells the story of the major inventions and developments in the cinema business, its institutions, genres, and personnel; other chapters outline the evolution of national cinemas round the world - the varied and distinctive filmic traditions that have developed alongside Hollywood. A unique aspect of the book are the special inset features on the film-makers and personalities - Garbo and Godard, Keaton and Kurosawa, Bugs Bunny and Bergman - who have had an enduring impact in popular memory and cinematic lore. With over 300 illustrations, a full bibliography, and an extensive index, this is the buff's ultimate guide to cinema worldwide.

An Accented Cinema Hamid Naficy, 2018-06-05 In *An Accented Cinema*, Hamid Naficy offers an engaging overview of an important trend--the filmmaking of postcolonial, Third World, and other displaced individuals living in the West. How their personal experiences of exile or diaspora translate into cinema is a key focus of Naficy's work. Although the experience of expatriation varies greatly from one person to the next, the films themselves exhibit stylistic similarities, from their open- and closed-form aesthetics to their nostalgic and memory-driven multilingual narratives, and from their emphasis on political agency to their concern with identity and transgression of identity. The author explores such features while considering the specific histories of individuals and groups that engender divergent experiences, institutions, and modes of cultural production and consumption. Treating creativity as a social practice, he demonstrates that the films are in dialogue not only with the home and host societies but also with audiences, many of whom are also situated astride cultures and whose desires and fears the filmmakers wish to express. Comparing these films to Hollywood films, Naficy calls them accented. Their accent results from the displacement of the filmmakers, their alternative production modes, and their style. Accented cinema is an emerging genre, one that requires new sets of viewing skills on the part of audiences. Its significance continues to grow in terms of output, stylistic variety, cultural diversity, and social impact. This book offers the first comprehensive and global

coverage of this genre while presenting a framework in which to understand its intricacies.

Chilean New Song and the Question of Culture in the Allende Government Natália Ayo Schmiedecke, 2022-01-28 Focusing on the cultural debate within the left during the Popular Unity government in Chile (1970-73), *Chilean New Song and the Question of Culture in the Allende Government* situates the discourses and artistic production linked to the Chilean New Song movement, in order to demonstrate that the musicians were part of the committed intelligentsia. Thus, they actively participated in the discussion and proposal of ways to integrate culture in the revolutionary process, playing an important political and cultural role. The analysis is mainly based on the government-friendly press and on records released between 1970 and 1973, verifying how the main trends observed in the cultural debate were expressed in the movement; the extent to which the positions defended by the musicians have been in tune with governmental purposes; and if they have in fact influenced the cultural policies debated and pursued by Popular Unity.

Mexican Cinema Carl J. Mora, 2015-05-07 Mexican filmmaking is traced from its early beginnings in 1896 to the present in this book. Of particular interest are the great changes from 1990 to 2004: the confluence of talented and dedicated filmmakers, important changes in Mexican cinematic infrastructure and significant social and cultural transformations. From Nicolas Echevarria's *Cabeza de Vaca* (1991), to the 1992 releases of *Hellboy* director Guillermo del Toro's *Cronos* and Alfonso Arau's *Como agua para chocolate*, to Alfonso Cuarón's *Y tu mamá también* (2001), this work provides a close look at Mexican films that received international commercial success and critical acclaim and put Mexico on the cinematic world map. Arranged chronologically, this edition (originally published in 2005) covers the entire scope of Mexican cinema. The main films and their directors are discussed, together with the political, social and economic contexts of the times.

Historical Dictionary of South American Cinema Peter H. Rist, 2014-05-08 The *Historical Dictionary of South American Cinema* covers the long history of cinema in Portuguese-speaking Brazil and the nine Spanish-speaking countries. These films include *Los tres berretines*, *Prisioneros de la tierra*, *La balandra Isabel llegó esta tarde*, *La hora de los hornos*, *El chacal de Nahueltoro*, *La teta asustada*, *Abrir puertas y ventanas*, *El secreto de sus ojos*, and *NO*. This is done through a chronology, an introductory essay, appendixes, and an extensive bibliography. The dictionary section has over 300 cross-referenced dictionary entries on directors, producers, performers, films, film studios and genres. This book is an excellent access point for students, researchers, and anyone wanting to know more about the South American Cinema.

The Companion to Hispanic Studies Catherine Davies, 2014-05-01 What is 'Hispanic Studies'? This companion gives a concise and accessible overview of the discipline as taught today and suggests new directions for future developments. 'Hispanic Studies' is broadly concerned with the languages and cultures of the vast 'Hispanic' world, extending

chronologically from Roman Hispania to today, and geographically from Roman Hispania to today, and geographically from California in the North to Patagonia in the South, and from Majorca in the East to the Andes in the West. This essential book provides all the necessary introductory information on the subject and will be especially useful for students who have already started courses in Spanish / Hispanic Studies, or who are considering doing so in the future. Written by a team of leading scholars each with established teaching experience this collection of short essays explores topics as diverse as the history of the Spanish language, Islamic Andalusia, race and class in the Spanish Golden Age, Catalan nationalism, the Madrid 'movida', Latin America cinema, tango in Argentina, Evita Per n, 'testimonio' and the cultural significance of the US-Mexican border. The emphasis is on literature and texts, including film and photography. In addition, the book includes time-lines, summary boxes and suggestions for further reading.

Handbook of Latin American Literature (Routledge Revivals) David Foster, 2015-06-11 First published in 1987 (this second edition in 1992), the Handbook of Latin American Literature offers readers the opportunity to explore this literary history in the English Language and constitutes an ideological approach to Latin American Literature. It provides both concise information concerning particular authors, works, and literary traditions of Latin America as well as comprehensive material about the various national literatures of the area. This book will therefore be of interest to Hispanic scholars, as well as more general readers and non-Hispanists.

Latin American Films, 1932-1994 Ronald Schwartz, 2015-09-17 In 1931 Antonio Moreno completed Santa, Mexico's first true sound film. In it he established one of the foremost genres of Latin American cinema--the popular melodrama--which continues to this day. Latin American filmmakers came to the fore in the fifties and sixties and, as 1992's Como agua para chocolate (Like Water for Chocolate) showed, Latin American films continue to be a major part of the international film scene. In this work over 300 of the most significant films from Argentina, Brazil, Cuba, Mexico, Bolivia, Colombia, Ecuador, Peru and other Latin American countries are covered. Each entry includes the English title, director, year of release, running time, language, country and a detailed plot synopsis. Notes about the production and the filmmakers are also provided for many entries.

Latin American Cinema Paul A. Schroeder Rodríguez, 2016-03-08 This book charts a comparative history of Latin America's national cinemas through ten chapters that cover every major cinematic period in the region: silent cinema, studio cinema, neorealism and art cinema, the New Latin American Cinema, and contemporary cinema. Schroeder Rodríguez weaves close readings of approximately fifty paradigmatic films into a lucid narrative history that is rigorous in its scholarship and framed by a compelling theorization of the multiple discourses of modernity. The result is an essential guide that promises to transform our understanding of the region's cultural history in the last hundred years by highlighting how key players such as the church and the state have affected cinema's unique ability to help shape public discourse and

construct modern identities in a region marked by ongoing struggles for social justice and liberation.

Historical Dictionary of the Dirty Wars David Kohut, Olga Vilella, 2016-11-16 The Historical Dictionary of the Dirty Wars covers the period 1954–1990 in South America, when authoritarian regimes waged war on subversion, both real and imagined. The term “dirty war” (*guerra sucia*), though originally associated with the military dictatorship in Argentina from 1976 to 1983, has since been applied to neighboring dictatorships in Paraguay (1954–1989), Brazil (1964–1985), Bolivia (1971–1981), Uruguay (1973–1985), and Chile (1973–1990). Although the concept is by no means peculiar to Latin America—the term has become a byword for state-sponsored repression anywhere in the world—these regimes were among its most notorious practitioners. In the mid-1970s they joined forces—along with Ecuador and Peru—to create Operation Condor, a top-secret network of military dictatorships that kidnapped, tortured, and disappeared one another’s political opponents. Their death squads operated both nationally and internationally, sometimes beyond the region. This third edition of Historical Dictionary of the Dirty Wars contains a chronology, an introduction, appendixes, and an extensive bibliography. The dictionary section has over 400 cross-referenced entries on the countries themselves; guerrilla and political movements that provoked (though by no means exonerated) governmental reaction; leading guerrilla, human-rights, military, and political figures; local, regional, and international human-rights organizations; expressions of cultural resistance (art, film, literature, music, and theater); and artistic figures (filmmakers, novelists, and playwrights) whose works attempted to represent or resist the period of repression. This book is an excellent access point for students, researchers, and anyone wanting to know more about the dirty wars of South America
