Life and Teaching of the Masters of the Far East Baird Thomas Spalding, 1943

The Journey Baird T. Spalding, 2021-11-25 Baird Spalding played a ground-breaking role when he introduced the Western world to the wonders of a Far East expedition in 1894. The knowledge of Masters assisting and guiding humanity in the classic book LIFE AND TEACHING OF THE MASTERS OF THE FAR EAST became legend in metaphysical circles during the first half of the 20th century and continues today as a source of spiritual enlightenment. Spalding and the others were practical in nature and the thought of spiritual masters performing miracles seemed impossible. Despite these suspect thoughts, something compelled them to move onward. So they did. Originally published as 3 separate volumes, DeVorss Publications is proud to release these historic books in one edition titled: THE JOURNEY: Life and Teaching of the Masters of the Far East Volumes 1-3 (A Single Edition) with a NEW INTRODUCTION by MITCH HOROWITZ, author of OCCULT AMERICA. It is within these 3 volumes that Spalding details an expedition that lasted 3 years and covered the mountainous landscape of Nepal and India near the close of the 19th century.

Life and Teaching of the Masters of the Far East, Vol. 1 Baird T. Spalding, 1924-06-01 ELEVEN MEN embarked upon a journey in 1894 with one objective: ...to find the great spiritual teachers of the Far East and witness their uncommon abilities. Since these Masters were scattered over a wide territory that covered a large portion of India, Tibet, China, and Persia, they knew it could take years of searching many secluded villages and hidden mountain communes. Planning each step of the journey became a challenge knowing that countless miles of rugged terrain separated the remote and isolate locations that were imperative to the exploration. Even though they could plot their route on a map and see where they were headed, the destination deep within the souls of eleven scientifically trained men remained uncertain. Baird T. Life And Teaching of Masters from Far East Baird T Spalding,2024-12-27 Life and Teaching of the Masters of the Far East by Baird T. Spalding is a six-volume series first published in 1924. The work claims to document Spalding's travels with a group of scientists through the Himalayan region in the late 19th century, where they encountered enlightened masters who demonstrated profound spiritual abilities. The series blends mystical teachings, spiritual philosophy, and accounts of miraculous events, presenting the masters as examples of humanity's potential to embody divine consciousness. The series is centered on the spiritual insights and abilities of the Masters, individuals said to have achieved higher states of consciousness and mastery over physical reality. It describes their teachings on universal laws, the nature of divinity, and the potential for humans to transcend limitations through understanding and aligning with spiritual truths.

John E. Fetzer and the Quest for the New Age Brian C. Wilson,2018-08-06 John E. Fetzer and the Quest for the New Age is the remarkable story of the spiritual search of one of Michigan's most successful entrepreneurs, a search that culminated in the Fetzer Institute whose ambitious mission is nothing less than the spiritual transformation of the world. John E. Fetzer and the Quest for the New Age follows the spiritual sojourn of John E. Fetzer, a Michigan business tycoon. Born in 1901 and living most of his life in Kalamazoo, Fetzer parlayed his first radio station into extensive holdings in broadcasting and other enterprises, leading to his sole ownership of the Detroit Tigers in 1961. By the time he died in 1991, Fetzer had been listed in Forbes magazine as one of the four hundred wealthiest people in America. And yet, business success was never enough for Fetzer—his deep spiritual yearnings led him from the Christianity of his youth to a restless exploration of metaphysical religions and movements ranging from Spiritualism, Theosophy, Freemasonry, UFOology, and parapsychology, all the way to the New Age as it blossomed in the 1980s. Author Brian C. Wilson demonstrates how Fetzer's quest mirrored those of thousands of Americans who sought new ways of thinking and being in the ever-changing spiritual movements of the twentieth century. Over his lifetime, Fetzer's worldview continuously evolved, combining and recombining elements from dozens of traditions in a process he called freedom of the spirit. Unlike most others who engaged in a similar process, Fetzer's synthesis can be documented step by step using extensive archival materials, providing readers with a remarkably rich and detailed roadmap through metaphysical America. The book also documents how Fetzer's wealth allowed him to institutionalize his spiritual vision into a thriving foundation—the Fetzer Institute—which was designed to carry his insights into the future in hopes that it would help catalyze a global spiritual transformation. John E. Fetzer and the Quest for the New Age offers a window into the rich and complex history of metaphysical religions in the Midwest and the United States at large. It will be read with interest by those wishing to learn more about this enigmatic Michigan figure, as well as those looking for an engaging introduction into America's rapidly shifting spiritual landscape.

Theos Bernard, the White Lama Paul G. Hackett, 2013-12-01 Theos Bernard, the White Lama recounts the real story behind the purported adventures of Theos Casimir Bernard (1908--1947), the self-proclaimed White Lama who in 1937 became the third American in history to reach Lhasa, the capital city of Tibet. Bernard met, associated, and corresponded with the major social, political, and cultural leaders of his day, from the Regent and high politicians of Tibet to saints, scholars, and diplomats of British India, and from Charles Lindbergh and Franklin Delano Roosevelt to Gandhi and Nehru. But he also had his flaws. He was an entrepreneur propelled by grandiose schemes, a handsome man who shamelessly used his looks to bounce from rich wife to rich wife to support his activities, and a master manipulator who concocted his own interpretations of Eastern wisdom to suit his own ends. Despite the bright future ahead of him, Bernard disappeared in India during the communal violence of the 1947 Partition, never to be seen again. Through diaries, interviews, and previously unstudied documents, Paul G. Hackett shares Bernard's compelling life story, along with his efforts to awaken America's religious counterculture to the unfolding events in India, Tibet, and the Himalayas.
