Dante Alighieri

Melancolia Poetica Marc A. Cirigliano, 2007 With 52 poets who wrote between 1160 and 1560, Melancolia poetica brings contemporary English readers into the breadth and depth of the literary consciousness of the vibrant, worldly and imaginative realm of the Italian late Middle Ages and Renaissance.

The Poems of the Vita Nuova and Convito of Dante Alighieri Dante Alighieri, 1842

Dante's Poets Teodolinda Barolini, 2014-07-14 By systematically analyzing Dante's attitudes toward the poets who appear throughout his texts, Teodolinda Barolini examines his beliefs about the limits and purposes of textuality and, most crucially, the relationship of textuality to truth. Originally published in 1984. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Writing in Dante's Cult of Truth Maria Rosa Menocal, 1991 Using the works of Dante as its critical focus, María Rosa Menocal's original and imaginative study examines questions of truth, ideology, and reality in poetry as they occur in a series of texts and in the relationship between those texts across time. In each case, Menocal raises theoretical issues of critical importance to contemporary debates regarding the structure of literary relations. Beginning with a reading of La vita nuova and the Commedia, this literary history of poetic literary histories explores the Dantean poetic experience as it has been limited and rewritten by later poets, particularly Petrarch, Boccaccio, Borges, Pound, Eliot, and the all but forgotten Silvio Pellico, author of Le mie prigioni. By blending discussions of Dante's own marriage of literature and literary history with those investigations into the imitative qualities of later works, Writing in Dante's Cult of Truth presents an intertextual literary history, one which seeks to maintain the uncanniness of literature, while imagining history to be neither linear nor clearly distinguishable from literature itself.

Dante's Lyric Poetry Teodolinda Barolini, 2014-10-07 The first comprehensive English translation and commentary on Dante's early verse to be published in almost fifty years, Dante's Lyric Poetry includes all the poems written by the young Dante Alighieri between c. 1283 and c. 1292. Essays by Teodolinda Barolini guide the reader through the new verse translations by Richard Lansing, illuminating Dante's transformation from a young courtly poet into the writer of the vast and visionary Commedia. Barolini's commentary exposes Dante's lyric poems as early articulations of many of the ideas in the Commedia, including the philosophy and psychology of desire and its role as motor of all human activity, the quest for vision and transcendence, the frustrating search for justice on earth, and the transgression of boundaries in society and poetry. A wide-ranging and intelligent examination of one of the most important poets in the Western tradition, this book will be of interest to scholars and poetry-lovers alike.

Dante and the Dynamics of Textual Exchange Jelena Todorović, 2016-03-01 Dante and the Dynamics of Textual Exchange is the first book-length study to explore the question of poetry and genre in Dante's Vita Nova (ca. 1292-1294). In paying particular attention to complex and multifaceted interactions between different cultures in Italy in the thirteenth century, this study illuminates the multicultural and plurilinguistic society transitioning from the feudal court to the modern city-state, advanced by the rising mercantile class. Working at the intersection of textual, material, and cultural elements, this study complements the current state of scholarship by providing information and answers informed by an in-depth analysis of the manuscript culture and its role in the birth and development of European vernacular traditions. Furthermore, Dante and the Dynamics of Textual Exchange expands the literature's understanding of the dynamics between a text and its material support by looking at this relationship within a broader framework of intercultural exchange, which suggests an increased dynamics and fluidity between cultures.

The New Life Dante Alighieri, 1903

Dante's Lyric Redemption Tristan Kay, 2016-01-28 Dante's Lyric Redemption offers a re-examination of two strongly interrelated aspects of the poet's work: the role and value he ascribes to earthly love and his relationship to the Romance

lyric tradition of his time. It argues that an account of Dante's poetic journey that posits a stark division between earthly and divine love, and between the secular lyric poet and the Christian auctor, does little justice to his highly distinctive and often polemical handling of these categories. The book firstly contextualizes, traces, and accounts for Dante's intriguing commitment to love poetry, from the 'minor works' to the *Commedia*. It highlights his attempts, especially in his masterpiece, to overcome normative oppositions in formulating a uniquely redemptive vernacular poetics, one oriented towards the eternal while rooted in his affective, and indeed erotic, past. It then examines how this matter is at stake in Dante's treatment of three important lyric predecessors: Guittone d'Arezzo, Arnaut Daniel, and Folco of Marseilles. Through a detailed reading of Dante's engagement with these poets, the book illuminates his careful departure from a dualistic model of love and conversion and shows his erotic commitment to be at the heart of his claims to pre-eminence as a vernacular author.

Dante Barbara Reynolds, 2013-12-06 Dante is one of the towering figures of medieval European literature. Yet many riddles and questions about him persist. By re-reading Dante with an open mind, Barbara Reynolds made remarkable discoveries and unlocked previously hidden secrets about this greatest of Florentine poets. A fundamental enigma has tantalised readers of the '*Commedia*' for seven centuries. Who was the leader prophesied by Virgil and Beatrice to bring peace to the world? Many attempts have been made to identify him, but none has seemed conclusive - until now. As well as proposing a solution to the famous prophecies, this lively, engaging and elegantly-written biography contains a provocative new idea in virtually every chapter. Dr Reynolds' research indicates that Dante smoked cannabis to reach new heights of creativity. That Beatrice, Dante's great love, was not who most scholars think she was. That Dante was a talented public speaker, who created a quite new form of poetic art, holding audiences spellbound. Above all, Reynolds views Dante as one of the greatest spin-doctors of Western civilization. His aim was not to preach an interesting parable about punishments for sin and rewards for virtue. It was to use poetry to change the politics of the age, and unite Europe around the secular authority of an Emperor. To promote this idea, which dominated his writings from his exile onwards, Dante combined it with a dramatic presentation of the Christian belief in Hell, Purgatory and Heaven. Vividly told in the first person, with a colour and immediacy derived from the pop art of street narrators - now made to seem respectable by its use of classical predecessors like Virgil - this extraordinary journey through the three realms was always profoundly political in intent. Dante here comes alive as never before: irate, opinionated, settling scores - a man of multifaceted gifts and extraordinary genius, whose role as an interpreter of world history makes him more than ever relevant to the new millennium.
