Will Thomas

Blood Is Blood Will Thomas, 2018-11-13 A bombing injures private enquiry agent Cyrus Barker, leaving it up to his soon-to-be-married junior partner Thomas Llewelyn to find the person trying to murder them both before it's too late—in *Blood* is the latest mystery in Will Thomas's beloved series. In 19th century London, Cyrus Barker and his associate Thomas Llewelyn are renowned private enquiry agents, successfully employed by the highest levels of Her Majesty's government as well as private citizens. Their success, however, has led to their acquiring a powerful group of enemies, many of whom are determined to have their revenge. At least one of those enemies is responsible for a bombing of their offices that puts Cyrus Barker into the hospital and endangers Thomas Llewelyn's rapidly forthcoming nuptials. To add to the confusion, Barker's long-lost brother Caleb turns up on the rubble of their doorstep not long after the not-quite-fatal bombing. Unsure of Caleb and warned about him by Barker, Thomas reluctantly accepts Caleb's help both with a new case that comes in as well as trying to pinpoint which of Barker's enemies is making a move against them. As Thomas works his way through their enemy list, someone else is winnowing down that list: one by one those enemies are dying. With time running out—and his bride-to-be reconsidering their marriage—Llewelyn must (with the sick-bed bound Barker's help) uncover the killer and the plot before it's too late.

Later that night, Ambassador Toda is shot and killed in his office and Cyrus Barker is discovered across the street, watching the very same office, in possession of a revolver with one spent cartridge. Arrested by the Special Branch for the crime, Barker is vigorously interrogated and finally released due to the intervention of his assistant, Thomas Llewelyn, and his solicitor. With the London constabulary still convinced of his guilt, Barker is hired by the new Japanese ambassador to find the real murderer. who discover Mr. Thomas's latest novel this holiday season. —The Wall Street Journal London, 1892—Cyrus Barker is brought into a game of international espionage by the Prime Minister himself in the newest mystery in Will Thomas's beloved series. Private enquiry agents Cyrus Barker and Thomas Llewelyn receive in the mail an unexplained key stamped with the letter Q. Barker, recognizing it for what it is, uses the key to unlock an anonymous door in the alleyway, which opens to an underground tunnel leading to Downing Street. The Prime Minister has a small task for Cyrus Barker. A Foreign Office agent stole a satchel in Eastern Europe, but was then himself murdered at Charing Cross. The satchel contains a document desperately wanted by the German government, but while the agent was killed, the satchel remains in English hands. With a cold war brewing between England and Germany, it's in England's interest to return the document contained in the satchel to its original owners and keep it out of German hands. The document is an unnamed first century gospel; the original owner is the Vatican. And the German government isn't the only group trying to get possession of it. With secret societies, government assassins, political groups, and shadowy figures of all sorts doing everything they can—attacks, murders, counter-attacks, and even massive street battles—to acquire the satchel and its contents, this small task might be beyond even the prodigious talents of Cyrus Barker.

Labelled the Mad Pie Man by the press, Barker and Llewelyn are hired by former Prime Minister William Gladstone to find out who has targeted the House of Commons's newest member. But before they can even begin, they find themselves the latest target of this mad poisoner—with Barker's butler poisoned with digitalis and dozens of diabolic traps discovered at their home. All of these measures prove inadequate when Prince George of England is attacked by an armed anarchist who mistakes him for Nicholas. As a result, Barker and Llewelyn are brought in to help track down the assassin and others who might conspire against the life of the tsesarevich . The investigations lead them down several paths, including

Llewelyn's old nemesis, the assassin Sofia Ilyanova. With Barker and Llewelyn both surviving separate attempts on their lives, the race is on to find both the culprit and the assassin they hired. These men want to revive the Confederacy with a warship promised to the Rebels from the British Government in 1865. To get it now, they're threatening to reveal the long-secret treaty with the Confederacy. Barker is hired to use his connections to discreetly bring their threats to the Prime Minister.
