

Cruel World Lyrics Lana

Harold Wallace Ross, Katharine Sergeant Angell White

David Lynch's American Dreamscape Mike Miley, 2025-01-09 How are David Lynch's films as much in dialogue with literary and musical traditions as they are cinematic ones? By interrogating this question, David Lynch's American Dreamscape broadens the interpretive horizons of Lynch's filmography, calling for a new approach to Lynch's films that goes beyond cinema and visual art to explore how Lynch's work engages with literary and musical works that have shaped the American imagination. As much as Lynch stands as a singular artistic voice, his work arises from and taps into the cultural zeitgeist in a way that illuminates not only his approach to creativity but also the way works interact with each other in an age of mass media. From children's literature to teen tragedy ballads, Nathanael West and Cormac McCarthy to folk music and mixtapes, David Lynch's American Dreamscape investigates the cultural frequencies Lynch's films tune into and positions Lynch's work as a conduit for American popular culture, a medium or channel through which the subconscious of American life finds its way into full view. The book expands upon this approach by discussing how artists such as David Foster Wallace and Lana Del Rey graft Lynch's affiliative, cinematic sensibility onto their own projects. Reading their work as intertextual engagements with Lynch's films further illustrates the versatile interactions among creators and audiences to generate more works, readers, and readings.

Desire Per Bjørnar Grande, 2020-07-01 Desire can take many forms. Hegel related desire to acceptance, Nietzsche to power, and Freud to the erotic. In novels and plays by Gustave Flaubert, Marcel Proust, F. Scott Fitzgerald, and Arthur Miller and music by Lana Del Rey, desire operates in a complex, slippery way that eludes philosophical and psychoanalytic attempts to pin it down. These and other great works of literature corroborate René Girard's understanding of desire as taking shape "according to the other's desire." The mimetic approach frees desire from the preconceptions of both subject- and object-oriented psychologies and puts literary criticism in touch with the concrete substance of fictional narratives. Drawing on both modern masterpieces and iconic works of contemporary pop culture, Per Bjørnar Grande sketches a Girardian phenomenology of desire, one that sheds new light on the frustrating and repetitive nature of human relations in a world of vanishing taboos.

Resurrecting Chivalry Mohammed Muflahi, 2015-03-04 Women are thinkers and takers. Men are scorers and breakers. Reality sucks. The truth hurts. Lies appease. The genetic code of each species cannot be changed. The animal in every man is

caged. He is happy locked away, behind bars, in his prison of silence. Entice the beast and hell murder the prey. Women are the keys to control the fury. If the curiosity of the howling sounds lures them towards the mating call that every wolf seeks to taste, they will ravage the meal. They must keep the doors to that pleasure locked and the beast remains shackled. Women are magnetic fields, emitting a mighty force through the language her body speaks. She walks like the moon and the motion of her sways linger, leaving behind marks on mans territory. She is beautiful, flawless, hypnotic and perfect. A species with such attributes must be the jewel in the museum, to be admired for her miraculous existence. Displaying the priceless ornament will tempt the insatiable thief to steal and blemish the purity of a unique stone. We are different. To tame the wild nature of man, her distance from the wolf is imperative. Crawling towards him, with her spineless motives and empty words, pretending to be victual, his hunger will exacerbate and his greed, impossible to control. Women must be modest. That, which is not on show, cannot tempt and that, which cannot tempt will be safe and that, which is safe is protected and secured and out of harms way.
