**Carlo Rotella**

*If I Had an Old House on the East Coast* Wanda Baxter, 2018-05-24 If I had an old house on the East Coast I would fall in love at first sight. It would grab me by the heart, and not let go. With introspection and deep appreciation for the East Coast, this inspirational gift book shares a dream, in words and images, of falling in love with an old house and breathing new life into it. Exploring, with lyrical prose, everything from an old house's foundation to its layers of antique wallpaper to its decades-old gardens bursting with wildflowers, this lyrical book is a love letter to a vanishing way of life. Fully illustrated with gentle watercolours from celebrated local artist Kat Frick Miller, *If I Had an Old House on the East Coast* also includes practical tips for the old-home-owner, from how to clear your home of ghosts to instructions for making rosehip jelly and maple syrup.

*The World Is Always Coming to an End* Carlo Rotella, 2019-04-26 An urban neighborhood remakes itself every day—and unmakes itself, too. Houses and stores and streets define it in one way. But it's also people—the people who make it their home, some eagerly, others grudgingly. A neighborhood can thrive or it can decline, and neighbors move in and move out. Sometimes they stay but withdraw behind fences and burglar alarms. If a neighborhood becomes no longer a place of sociability and street life, but of privacy indoors and fearful distrust outdoors, is it still a neighborhood? In the late 1960s and 1970s Carlo Rotella grew up in Chicago's South Shore neighborhood—a place of neat bungalow blocks and desolate commercial strips, and sharp, sometimes painful social contrasts. In the decades since, the hollowing out of the middle class has left residents confronting—or avoiding—each other across an expanding gap that makes it ever harder for them to recognize each other as neighbors. Rotella tells the stories that reveal how that happened—stories of deindustrialization and street life; stories of gorgeous apartments with vistas onto Lake Michigan and of Section 8 housing vouchers held by the poor. At every turn, South Shore is a study in contrasts, shaped and reshaped over the past half-century by individual stories and larger waves of change that make it an exemplar of many American urban neighborhoods. Talking with current and former residents and looking carefully at the interactions of race and class, persistence and change, Rotella explores the tension between residents' deep investment of feeling and resources in the physical landscape of South Shore and their hesitation to make a similar commitment to the community of neighbors living there. Blending journalism, memoir, and archival research, *The World Is Always Coming to an End* uses the story of one American neighborhood to challenge our assumptions about what neighborhoods are, and to think anew about what they might be if we can bridge gaps and commit anew to the people who share them with us. Tomorrow is another ending.
