The Letters of T. S. Eliot T. S. Eliot,2016-08-23 The sixth volume of the personal correspondences of British literary giant T. S. Eliot The letters of T. S. Eliot collected in this sixth volume were written during the years the Nobel Prize-winning poet, playwright, critic, and essayist called, "the happiest I can ever remember in my life." Penned in large part during his tour of Depression Era America, these letters reflect Eliot's resolve to end his torturous eighteen-year marriage to his wife, Vivienne, and offer fascinating descriptions of the author's encounters with F. Scott Fitzgerald, Edmund Wilson, Marianne

Moore, and other notable figures.

Jean Genet David Bradby, Claire Finburgh, 2012-03-15 This book is the only introductory text to Genet in English, offering an overview of this key figure in defining and understanding twentieth-century theatre. The authors provide a comprehensive account of Genet's key plays and productions, his early life and his writing for and beyond the theatre.

Materialities Kate van Orden, 2015-07-03 Ephemeral, fragile, often left unbound, sixteenth-century songbooks led fleeting lives in the pockets of singers and on the music desks of instrumentalists. Constantly in action, they were forever being used up, replaced, or abandoned as ways of reading changed. As such they document the acts of early musicians and the practices of everyday life at the unseen margins of elite society. *Materialities* is a cultural history of song on the page. It addresses a series of central questions concerning the audiences for written music by concentrating on the first genre to be commercialized by music printers: the French chanson. Scholars have long stressed that chansons represent the most broadly disseminated polyphony of the sixteenth century, but *Materialities* is the first book to account for the cultural reach of the chanson across a considerable cross-section of European society. Musicologist Kate van Orden brings extensive primary research and new analytical models to bear in this remarkable history of songbooks, music literacy, and social transformation during the first century of music printing. By tracking chansons into private libraries and schoolrooms and putting chansonnières into dialogue with catechisms, civility manuals, and chapbooks, *Materialities* charts the social distribution of songbooks, the gradual moralization of song, and the ways children learned their letters and notes. Its fresh conclusions revise several common assumptions about the value early moderns attributed to printed music, the levels of literacy required to perform polyphony, and the way musicians did or did not read their songbooks. With musical perspectives that can invigorate studies of print culture and the history of reading, *Materialities* is an essential guide for musicologists working with original sources and historians of the book interested in the vocal performances that operated alongside print.

French Kids Eat Everything Karen Le Billon, 2012-04-03 *French Kids Eat Everything* is a wonderfully wry account of how Karen Le Billon was able to alter her children's deep-rooted, decidedly unhealthy North American eating habits while they were all living in France. At once a memoir, a cookbook, a how-to handbook, and a delightful exploration of how the French manage to feed children without endless battles and struggles with pickiness, *French Kids Eat Everything* features recipes, practical tips, and ten easy-to-follow rules for raising happy and healthy young eaters—a sort of *French Women Don't Get Fat* meets *Food Rules*.

French Kids Eat Everything (And Yours Can, Too) Karen Le Billon,2012-04-03 Karen Le Billon's two young daughters are typical picky eaters: Sophie flees from the table when confronted with foods she doesn't like (almost everything except pasta, toast, and fishy crackers), and younger sister Claire follows suit. So when Karen moves her young family from Vancouver to her husband's hometown in northern France, she is prepared for some cultural adjustment. But her idyllic dreams of cobblestone streets and baguettes under arms are quickly disrupted as her daughter's eating habits come under scrutiny: Karen is lectured for slipping fussy Claire a snack – a recipe for obesity! – and forbidden from packing Sophie a lunch in lieu of the elaborate meal on the school menu. Intrigued to find that French children feed themselves neatly and happily – eating everything from beets to broccoli, salad to spinach, mussels to muesli – Karen sets out to learn the secrets of French food education. Soon, she begins to see the wisdom in the food rules the French use to foster healthy eating habits and good manners – from the rigid no snacking rule to strategies for avoiding emotional eating. Adopting 10 French Food Rules, her (at times reluctant) family cures picky eating and learns to love trying new foods. But the real challenge comes when they move back to North America, where their commitment to eating French is put to the test. The result is a fun and witty memoir of a family food revolution, with surprising but happy results. *French Kids Eat Everything* suggests we need to dramatically rethink both the way we parent, and the way we feed children, at home and at school – and all of the tips, resources, and recipes to make it happen.

Bridges to Understanding Linda M. Pavonetti,2011-08-18 This is the fourth volume sponsored by the United States Board on Books for Young People, following *Children's Books from Other Countries* (1998), *The World Through Children's Books* (2002), and *Crossing Boundaries* (2006). This latest volume, edited by Linda M. Pavonetti, includes books published between 2005 and 2009. This annotated bibliography, organized geographically by world region and country, with descriptions of nearly 700 books representing more than 70 countries, is a valuable resource for librarians, teachers, and anyone else seeking to promote international understanding through children's literature. Like its predecessors, it will be an important tool for providing stories that will help children understand our differences while simultaneously demonstrating our common humanity.
