Doodleman and the Tail of Two Kingdoms E.S. Brocheski,2021-02-04 Two fictional worlds exist side-by-side. One is home to a united population that follows science, inclusion, and common sense. The other is led by a want-to-be king who styles himself as the Emperor and is only interested in his own concerns. Narrated from a future perspective through memoirs and other media, Doodleman and the Tail of Two Kingdoms juxtaposes how the history of these two lands unfolded. What kind of disasters might arise from policies that encourage hate and discrimination? Watch the fallout unfold as people are pitted one against the other and pushed to the brink of rebellion. Doodleman and the Tail of Two Kingdoms will challenge readers to carefully consider the state of their own nation and governing authorities.

The Animals Never Lie Barbara Anne Fox, Barbara Fox DVM, 2018-01-31 The Animals Never Lie is a collection of intriguing case reports from Dr. Fox's holistic veterinary practice that will inspire and amaze you. Many times, alternative medical therapies are sought after an animal hasn't responded to conventional medicine or when it has been given a poor prognosis from a chronic disease. Animals cannot fake or pretend a response to treatment, whatever method of therapy is chosen. Oftentimes, when a product from nature is offered, the animal instinctively knows what it needs and readily accepts it. There is no prejudice or bias where animals are concerned: the animals never lie. You'll be astonished at the animals' resiliency and strong will to persevere as you read through these stories of spinal injury, severe allergies, chronic illness, cancer, etc. All of the case reports have been translated into easy-to-understand language so non-practitioners can easily read them.
