## Dr Hawkins

I David R. Hawkins, MD/PHD, 2014-03-03 Experience spiritual enlightenment and personal transformation from world-renowned author, psychiatrist, clinician, spiritual teacher, and researcher of consciousness, David R. Hawkins, M.D., Ph.D. This book combines consciousness studies with transpersonal psychology, providing an accessible gateway into the deeper dimensions of self and reality. It concludes the presentation of a long-predicted major advance in critical human knowledge. It explains and describes the very substrate and essence of consciousness as it evolved from its primordial appearance as life on earth on up through evolution as the human ego, and hence, to the ego's transcendence as the spiritual Reality of Enlightenment and the Presence of Divinity. It completes the description of the evolution of human consciousness from the level of approximately 800 to its peak experience at 1,000, which historically has been the ultimate possibility in the human domain. This is the realm of the mystic whose truth stems solely from the radical subjectivity of divine revelation. The text of the material is taken from lectures, dissertations, and dialogues with students, visitors, and spiritual aspirants from around the world who have different spiritual and religious backgrounds and varying levels of consciousness. On the referenced Scale of the Levels of consciousness, which calibrates the levels of Truth from 1 to 1,000, Power versus Force calibrates at 850, The Eye of the I at 980, and the final volume of the trilogy, I, calibrates at a conclusive 999.8. The uncommon clarity and lucidity with which the highly evolved subject matter is presented facilitates understanding. As with the reading of Power versus Force or The Eye of the I, the reader's level of consciousness increases measurably as a consequence of exposure to this material itself, which is presented from a powerful field of exposition. Conflict is resolved within the mind of the student by means of recontextualization, which solves the dilemma. Argument and adversity are resolvable by identifying the positionalities of the ego which are the basis of human suffering. Some Chapters Include: The Process Spiritual Purification The 'Ego' and Society Spiritual Reality Realization The Realization of Divinity The Radical Reality of the Self The Mystic The Levels of Enlightenment The Nature of God The Obstacles Transcending the World The Emotions "Mind" Considerations Karma The Final Doorway The Transcendence The Inner Path "No Mind" The Way of the Heart The Recontextualization Spiritual Research Homo Spiritus This masterpiece is a revolutionary tool for personal transformation, blending quantum physics with spirituality, and a perfect read for anyone seeking enlightenment and a deeper understanding of the universe.

Reality, Spirituality and Modern Man David R. Hawkins, 2008 This text describes in detail how to discern not only truth

Hawkins, M.D., Ph.D., 2021-08-31 Learn to let go of the illusions of the ego and discover the real you with this collection of inspiring quotes on the ego, mind, and spiritual enlightenment from human-consciousness expert Dr. David R. Hawkins. Are you willing to let go of seeing yourself as the ego believes you to be? Are you willing to go further, to know that the ego itself is an illusion? ways of thinking, our attachments, and the false promises of the ego, we discover the truth that we are one with All. When we discover and acknowledge the hidden gift that is there, a healing takes place. Enlightenment is not a condition to be obtained; it is merely a certainty to be surrendered to, for the Self is already one’s Reality. It is the Self that is attracting one to spiritual information. To be enlightened merely means that consciousness has realized its most inner, innate quality as nonlinear subjectivity and its capacity for awareness. The only energy that has more power than the strength of the collective ego is that of Spiritual Truth. “This book is small in size, but it can have a massive impact on your life. It will take you through the process of a total transformation of consciousness—if you choose to apply its teachings deeply within yourself.” — From the Introduction by Fran Grace, Ph.D.

**The Transparency of Things** Rupert Spira, 2016-10-01 The purpose of The Transparency of Things is to look clearly and simply at the nature of experience, without any attempt to change it. A series of contemplations leads us gently but directly to see that our essential nature is neither a body nor a mind. It is the conscious Presence that is aware of this current experience. As such, it is nothing that can be experienced as an object, and yet it is undeniably present. However, these contemplations go much further than this. As we take our stand knowingly as this conscious Presence that we always already are, and reconsider the objects of the body, mind, and world, we find that they do not simply appear to this Presence; they appear within it. And further exploration reveals that they do not simply appear within this Presence but as this Presence. Finally, we are led to see that it is in fact this very Presence that takes the shape of our experience from moment to moment while always remaining only itself. We see that our experience is and has only ever been one seamless totality, with no separate entities, objects, or parts anywhere to be found.
