**Literary Research and British Postmodernism** Bridgit McCafferty, Arianne Hartsell-Gundy, 2015-09-02 *Literary Research and British Postmodernism* is a guide for scholars that aims to connect the complex relationships between print and multimedia, technological advancements, and the influence of critical theory that converge in postwar British literature. This era is unique in that strict boundaries between fiction, nonfiction, multimedia and print are not useful. Postmodern literature is defined by the breaking down of boundaries as a reaction to modernism and requires an innovative, multifaceted approach to research. In this guide the authors explore these complex relationships and offer strategies for researching this new

period of literature. This book takes a holistic approach to postmodern literature that recognizes the way in which digital media, film, critical theory, popular music and more traditional print sources are inextricably linked. Through this approach, the authors present a broad view of “postmodernism” that includes a wide variety of British authors writing in the last half of the twentieth century. The book’s definition of “postmodern” includes any British literature following World War II that engages issues central to postmodern theory, including the social construction of gender, sexuality, and power; the subjectivity of truth; technology as a social force; intertextuality; metafiction; post-colonial narrative; and fantasy. This guide aims to aid researchers of postwar British literature by defining best practices for scholars conducting research in a period so broadly varied in the way it defines literature.

**New Directions in Children's Gothic** Anna Jackson, 2017-03-27 Children’s literature today is dominated by the gothic mode, and it is in children’s gothic fictions that we find the implications of cultural change most radically questioned and explored. This collection of essays looks at what is happening in the children’s Gothic now when traditional monsters have become the heroes, when new monsters have come into play, when globalisation brings Harry Potter into China and yaoguai into the children’s Gothic, and when childhood itself and children’s literature as a genre can no longer be thought of as an uncontested space apart from the debates and power struggles of an adult domain. We look in detail at series such as *The Mortal Instruments*, *Twilight*, *Chaos Walking*, *The Power of Five*, *Skulduggery Pleasant*, and *Cirque du Freak*; at novels about witches and novels about changelings; at the Gothic in China, Japan and Oceania; and at authors including Celia Rees, Frances Hardinge, Alan Garner and Laini Taylor amongst many others. At a time when the energies and anxieties of children’s novels can barely be contained anymore within the genre of children’s literature, spilling over into YA and adult literature, we need to pay attention. Weird things are happening and they matter.

**A Critical Companion to Neil Gaiman's "Neverwhere"** Jeffrey Andrew Weinstock, 2022-05-31 Fantasy author Neil Gaiman’s 1996 novel *Neverwhere* is not just a marvelous self-contained novel, but a terrifically useful text for introducing students to fantasy as a genre and issues of adaptation. Jeffrey Andrew Weinstock’s briskly written *A Critical Companion to Neil Gaiman’s Neverwhere* offers an introduction to the work; situates it in relation to the fantasy genre, with attention in particular to the Hero’s Journey, urban fantasy, word play, social critique, and contemporary fantasy trends; and explores it as a case study in transmedial adaptation. The study ends with an interview with Neil Gaiman that addresses the novel and a bibliography of scholarly works on Gaiman.

*The Oxford Companion to Fairy Tales* Jack Zipes, 2015 This Oxford companion provides an authoritative reference source for fairy tales, exploring the tales themselves, both ancient and modern, the writers who wrote and reworked them and related topics such as film, art, opera and even advertising.

**Modelling Exciting Writing** Adam Bushnell, Rob Smith, David Waugh, 2018-10-30 In order to teach writing effectively, teachers must be able to model writing effectively to children. The Primary National Curriculum sets challenging expectations for the teaching of writing. Children must master the process of composition, redrafting, editing and writing final pieces. Increased emphasis on spelling, punctuation and grammar may leave some teachers and trainee teachers lacking ideas for developing children's writing beyond transcription and into composition. It is important that they are able to demonstrate their knowledge and understanding, as well as the practical applications of both transcriptional and compositional aspects of writing.
