Description des machines et procédés pour lesquels des brevets d'invention ont été pris sous le régime de la loi du 5 juillet 1844 France. Office national de la propriété industrielle, 1850

La haine de soi et de l'autre Alberto Eiguer, 2022-01-05 Un défaut ou une blessure, physique ou psychique, peuvent être objet de stigmatisation. Certains humains manifestent du mépris envers cet autre, inconnu ou différent. Ils le dévaluent, discriminent, négligent, voire haïssent. Le sujet stigmatisé peut alors s'identifier à celui qui le rejette en attaquant son moi. C'est la haine de soi. Pourquoi le regard d'autrui est-il si vital que l'identité de la personne en est tributaire ? Pourquoi le sujet ne réussit-il pas à développer un regard intérieur autonome ? Alberto Eiguer met ici en lumière les ressorts complexes de la haine de soi et de l'autre, ses conséquences psychiques et psychosociales, autour de quatre axes : la haine par l'autre, la haine de l'autre, la haine par soi et la haine de (pour) soi. On les retrouve dans la soumission volontaire, l'automutilation, la scarification, les violences intrafamiliales, chez ces êtres qui se vivent comme une exception... Dans cette analyse éclairée mais accessible qui s'articule à un abondant matériel clinique, les cliniciens trouveront des éléments pour affûter leur diagnostic et leur prise en charge afin de faire évoluer le regard du stigmatisé sur lui-même : du sentiment de honte à la pudeur ; de la culpabilité à la responsabilité ; du narcissisme blessé au narcissisme trophique ; du souhait de vengeance à la

revanche.
