Jay Ludowyke

Polar the Titanic Bear Daisy Corning Stone Spedden,1994

Polar the Titanic Bear Daisy Corning Stone Spedden,2001 Written for her son by an American heiress whose family survived the 1912 sinking of the Titanic, this account of the Edwardian life and of the disaster is told through the eyes of the young boy's teddy bear. Illustrated with watercolors and family photographs, this book makes an ideal read-aloud.

Polar The Titanic Bear Daisy Corning Stone Spedden,2001-09-01 Presents the story of a boy, his teddy bear, and their escape from the sinking Titanic, originally told to the boy by his mother shortly after their family's escape from that tragedy.

National Geographic Kids Mission: Polar Bear Rescue Nancy Castaldo,Karen De Seve,Daniel Raven-Ellison,2014 Shares stories and facts that reveal the real-life survival challenges that have caused polar bears to become endangered, and provides information about what kids can do to support conservation efforts.

Titanic Bill Dinkins,2020-12-24 Titanic: Facts and Faith is a labor of inspiration. Like millions of others, I am a Titanic enthusiast. As a Christian, I see many spiritual insights in the story of the Titanic and know that people can glean a lot from the story.Written like a graphic novel, the dramatic history of the Titanic is told with a good deal of introspection about the dangers of being distracted in life. The story of the Titanic is about life and death. Titanic: Facts and Faith is about existence on the other side: the side after death.We are all on the Titanic of life. Our own iceberg awaits us. It's not a question of if but when it will strike. What then?While we should not hasten the end of our lives, we should get to the point where our own biological death does not create sheer panic. When biological life is over, what do we see then?We should live life between the tension of living and enjoying our life; we also should look with eager expectation at the life to come. To focus on only one and not the other is not balanced.This book is also about self-improvement. God is just a prayer away. God does not have to race across the universe when you call his name. He is already with you. He is an ever-present help in a time of need. Remember the words ever present.So read and enjoy with your guard down. God may speak to your heart and mind a little while you read.

Literature Connections to American History K6 Lynda G. Adamson,1997-09-15 Identifying thousands of historical fiction novels, biographies, history trade books, CD-ROMs, and videotapes, this book helps you locate resources on American history for students. Each book presents information in two sections. In the first part, titles are listed according to grade

levels within eras and further organized according to product type. The books cover American history from North America Before 1600 and The American Colonies, 1600-1774 to The Mid-Twentieth Century, 1946-1975 and Since 1975. The second section has annotated bibliographies that describe each title and includes publication information and awards won. The focus is on books published since 1990, and all have received at least one favorable review. Some books with more illustration than text will be valuable for enticing slow or reticent readers. An index helps users find resources by author, title, or biographical subject.

Picturing Canada Gail Edwards, Judith Saltman, 2014-07-31 The study of children's illustrated books is located within the broad histories of print culture, publishing, the book trade, and concepts of childhood. An interdisciplinary history, *Picturing Canada* provides a critical understanding of the changing geographical, historical, and cultural aspects of Canadian identity, as seen through the lens of children's publishing over two centuries. Gail Edwards and Judith Saltman illuminate the connection between children's publishing and Canadian nationalism, analyse the gendered history of children's librarianship, identify changes and continuities in narrative themes and artistic styles, and explore recent changes in the creation and consumption of children's illustrated books. Over 130 interviews with Canadian authors, illustrators, editors, librarians, booksellers, critics, and other contributors to Canadian children's book publishing, document the experiences of those who worked in the industry. An important and wholly original work, *Picturing Canada* is fundamental to our understanding of publishing history and the history of childhood itself in Canada.

Carpathia Jay Ludowyke, 2018-07-10 In the early hours of 15 April 1912, the Cunard steamship *Carpathia* receives a distress call from the new White Star liner *Titanic*. Captain Arthur Rostron immediately turns *Carpathia* northwest and sails

full speed through the dark night, into waters laden with icebergs, on a rescue mission that will become legendary. Almost a century later, Carpathia's wreck has finally been located. She's over 500 feet down and only a few divers in the world can attain these depths. Among them is Englishman Ric Waring's team. In this captivating and intensively researched story, we follow the dual narratives of Rostron and the daring rescue of the Titanic survivors by Carpathia, and of Waring's team and their dangerous determination to reach the wreck. Rich in history and drama, the true story of Carpathia from her launching to the sensational events of 1912, World War I and beyond is a compelling narrative that moves at the page-turning pace of the very best fiction.

Gotcha! Kathleen A. Baxter, Marcia Agness Kochel, 1999-12-15 Thousands of children's books are published each year—some are outstanding, while others are not. This book makes it easier for you to find the best in children's nonfiction books, and it offers concrete, classroom-tested ideas for presenting them to students in irresistible ways. Booktalks for more than 350 nonfiction titles (appropriate for elementary and middle school students) are organized according to topics popular with young readers—Great Disasters, Unsolved Mysteries, Fascinating People, Science, and Fun Experiments to Do. In addition, there are tips on booktalking, an outline for a booktalk program, and a bibliography that can be used for collection development. Appropriate grade levels for each book are cited. Library Media Specialists will find this guide essential. The thematic approach helps teachers search for titles that correlate to curriculum areas or specific units of study. Parents can use the book with their children as a reading selection tool. Anyone who works with young children will find this book an invaluable resource.

A Killer Ball at Honeychurch Hall Hannah Dennison, 2016-05-03 A “winning” British cozy with “delightfully eccentric characters. . . . Dennison’s affection for Devonshire, its history and people, is obvious on every page” (Publishers Weekly). When antique dealer Kat Stanford stumbles upon the partially mummified body of a young woman in an abandoned wing at Honeychurch Hall, suspicion falls on those who had been living there many years ago. And it appears that the deceased had been murdered. Given her mother Iris’s checkered past, Kat is not surprised to learn that Iris knew the victim. Meanwhile, the unexpected appearance of former lothario Bryan Laney sets female hearts aflutter. Despite the passing years, time has not dampened his ardor for Iris, but the feeling is not reciprocated. As Kat becomes embroiled once more in her mother’s mysterious and tumultuous bygone days, she comes to realize that life is never black and white, and sometimes it is necessary to risk your own life to protect the lives of the ones you love. Praise for the Honeychurch Hall Mystery series “An enjoyable, lighthearted read, just the thing to chase the blues away.” —M.C. Beaton, New York Times–bestselling author of the Agatha Raisin series “Wild, wacky, and wonderful. Establishes Dennison as the mistress of hilarious British mysteries.” —Carolyn Hart, award-winning author of the Death on Demand series “The perfect classic English village mystery, but with the addition of charm, wit, and a thoroughly modern touch.” —Rhys Bowen, New York Times–bestselling author of the Royal

Spyness series “Fast and funny and a little sexy to boot” —Chicago Tribune’s Printers Row Journal “Downton Abbey meets Midsomer Murders.” —Marcia Talley, author of the Hannah Ives mystery series

A Shipload of Fun - The Adventures of a Crazy Hungarian Gillian M. Wadds,2022-03-01 In 1971, having escaped from Soviet-controlled Hungary, twenty-one-year-old Andras Csinger arrived in Australia with no money, no friends and no English. After seven years he had become naturalised as Andrew Singer and by 1995, he was married with two small sons. And he was the proud owner of a prize-winning fine dining restaurant and bar in Williamstown, Victoria. Suddenly, his world crashed around him. After only one night of illness, his beautiful young wife died of pneumonia. How he recovered from this tragedy, cared for his two sons and eventually became 'Captain' of the hugely successful Titanic Theatre Restaurant is the subject of this biography. It's a story of courage and adventure, lived with unfailing optimism, boundless energy and a sense of fun.

Titanic Beverly McMillan,Stanley Lehrer,1998 This catalog of an exhibition at The Mariners' Museum in Newport News, Va. sheds light on the lives of the passengers and crew of the Titanic. Photographs show portraits of the people on board, postcards, passenger lists, letters, newspaper articles, clothing, and more.

The Titanic in Print and on Screen D. Brian Anderson,2005-04-05 Titanic scholars contend that the demise of the unsinkable ship left more behind than a memory of April 15, 1912, as an important point in history. Through books, films, stories, and songs, the archetypal shipwreck has endured as a metaphor for the perils of mankind's hubris and the fallibility of technology. In 1985, the discovery of the long-missing wreckage two miles below the surface of the Atlantic revitalized interest in the Titanic and spawned a new generation of books, films, and, for the first time, websites, and computer games. James Cameron's blockbuster Titanic became the biggest movie of all time and engendered still greater popular interest in the tragic event. This bibliography is a survey of the immense volume of literary, dramatic, and commercial endeavors that came out of history's most compelling shipwreck. Organized by genre in accessible categories and short entries, the book includes Titanic-inspired documentaries, narrative films, children's books, histories, short stories, novels, plays, articles, essays, software, websites, poems, and songs. Each entry includes a brief review, bibliographic information, and the technical details of the specific source. The reviews include subjective analysis designed to reflect the usefulness of the source and to be of benefit to researchers and scholars. Five appendices include lists of the actors appearing in more than one Titanic film, brief film and television appearances of the Titanic, films never or not yet released, books that survived the wreck, and books written by passengers.

Titanic Trivia David Downs,1998-04 Join the fun and look into the Atlantic waters and uncover the facts, some interesting and some startling, behind the movies, the grand ship, her passengers, and her crew.

The Common Core in Grades K-3 Roger Sutton, Daryl Grabarek, 2014-09-26 *The Common Core in Grades K-3* is the second in a series of comprehensive tools to tap into the vast flow of recently published books for children and teens, offering recommendations of exemplary titles for use in the classroom. Currency meets authority, brought to you by the editors of the highly regarded review sources *School Library Journal* and *The Horn Book Magazine*. This guide includes hundreds of selections for grades K-3 published since 2007 recommended by *The Horn Book Magazine*. The titles are grouped by subject and complemented by *School Library Journal*'s "Focus On" columns, which spotlight specific topics across the curriculum. Providing context for the guide, and suggestions on how to use these resources within a standards framework, is an introduction by Common Core experts Mary Ann Cappiello and Myra Zarnowski. These educators provide perspective on the key changes brought by the new standards, including suggestions on designing lessons and two sample plans. Following the introduction, you'll find a wealth of books, by category. (Note that the guide is Dewey-Decimal based, so you may want to dig around, for example, in "Social Sciences" to find some titles that you might first seek in "History" or "Science.") Each section includes a listing of the top titles with brief, explicit annotations, and key bibliographic data. "Focus On" articles are appended to appropriate categories to support in-depth curricular development. Each of these articles includes a topic overview and list of current and retrospective resources (including some fiction) and multimedia, enabling educators to respond to the Common Core State Standards call to work across formats.
