## Gary Dorrien

The Making of American Liberal Theology Gary J. Dorrien, 2003-01-01 In this first of three volumes, Dorrien identifies the indigenous roots of American liberal theology and demonstrates a wider, longer-running tradition than has been thought. The tradition took shape in the nineteenth century, motivated by a desire to map a modernist third way between orthodoxy and rationalistic deism/atheism. It is defined by its openness to modern intellectual inquiry; its commitment to the authority of individual reason and experience; its conception of Christianity as an ethical way of life; and its commitment to make Christianity credible and socially relevant to modern people. Dorrien takes a narrative approach and provides a biographical reading of important religious thinkers of the time, including William E. Channing, Ralph Waldo Emerson, Horace Bushnell, Henry Ward Beecher, Elizabeth Cady Stanton, and Charles Briggs. Dorrien notes that, although liberal theology moved into elite academic institutions, its conceptual foundations were laid in the pulpit rather than the classroom.

**Paul Tillich's Philosophical Theology** George Pattison, 2014-12-19 Paul Tillich's Philosophical Theology takes up the challenge as to whether his thought remains relevant fifty years after his death. In opposition to those who believe that his writings have little to say to us today, this book argues that his thought is largely exemplary of open theological engagement with the contemporary intellectual situation.

Kantian Reason and Hegelian Spirit Gary Dorrien, 2015-03-16 Winner: 2012 The American Publishers Award for Professional and Scholarly Excellence in Theology and Religious Studies, PROSE Award. In this thought-provoking new work, the world renowned theologian Gary Dorrien reveals how Kantian and post-Kantian idealism were instrumental in the foundation and development of modern Christian theology. Presents a radical rethinking of the roots of modern theology Reveals how Kantian and post-Kantian idealism were instrumental in the foundation and development of modern Christian theology Shows how it took Kant's writings on ethics and religion to launch a fully modern departure in religious thought Dissects Kant's three critiques of reason and his moral conception of religion Analyzes alternative arguments offered by Schleiermacher, Schelling, Hegel, and others - moving historically and chronologically through key figures in European philosophy and theology Presents notoriously difficult and intellectual arguments in a lucid and accessible manner

**The Spirit of American Liberal Theology** Gary Dorrien, 2023-09-05 The Spirit of American Liberal Theology is an interpretation of the entire U.S. American tradition of liberal theology. A highly condensed and far-more-accessible summary

of Gary Dorrien's three-volume trilogy, *The Making of American Liberal Theology* (Westminster John Knox Press 2001, 2003, and 2006), Dorrien here presses the argument that the most abundant, diverse, and persistent tradition of liberal theology is the one that blossomed in the United States and is still refashioning itself. While discussions of English and German liberalism persist, new material includes expanded treatment of the Black social gospel, the Universalists, developments into early 2020s, and a robust expression of the author's post-Hegelian liberal-liberationist perspective.

**The God Who Is** Hans Schwarz, 2011-01-01 Who is the God in whom Christians believe? Is he just a figment of the human mind as critics of religion claimed in the nineteenth century and as crusading atheists assert again today? Since the beginnings of rational thought the brightest minds among humanity have attempted to assert that God does indeed exist. But even the so-called proofs for God's existence always started with the assumption that there is someone to prove. As soon as we move beyond that which is within space and time mere proofs or disproofs no longer suffice. Both believers and unbelievers live to a certain degree by faith. Yet religion is inextricably connected with human history. When we journey through the landscape of religion and witness its gradual unfolding we soon realize that not all religions are equal. Though they may be witnesses of the same God, the way they talk about God is so different that this not only leads to very different concepts of God but also to different approaches to life on this earth. At the end of this long journey we finally arrive at the Judeo-Christian tradition which witnesses to the God in whom Christians believe. This book seeks to show how this belief matured and what difference this belief still makes today.

**Quotationary - The A-Z Book of Quotations** Nasser Amiri,2024-06-27 Compiled over many years by Nasser Amiri, this is by far the most comprehensive collection ever compiled of carefully selected quotations from the world's great philosophers, writers, historians, musicians and thinkers. Quotationary is a source of inspiration for every writer, book-lover and thinker. It contains the thoughts of many of the finest minds since ancient man started to express his wit and wisdom in aphoristic form. It is inspirational, instructive, amusing and literary; alongside a dictionary and thesaurus it is a must-have purchase for any author, writer, journalist or anyone working with words.

A Joyfully Serious Man Matteo Bortolini,2021-10-19 The brilliant but turbulent life of a public intellectual who transformed the social sciences Robert Bellah (1927-2013) was one of the most influential social scientists of the twentieth century. Trained as a sociologist, he crossed disciplinary boundaries in pursuit of a greater comprehension of religion as both a cultural phenomenon and a way to fathom the depths of the human condition. A Joyfully Serious Man is the definitive biography of this towering figure in modern intellectual life, and a revelatory portrait of a man who led an adventurous yet turbulent life. Drawing on Bellah's personal papers as well as in-depth interviews with those who knew him, Matteo Bortolini tells the story of an extraordinary scholarly career and an eventful and tempestuous life. He describes Bellah's exile from the United States during the hysteria of the McCarthy years, his crushing personal tragedies, and his experiments with sexuality. Bellah understood religion as a mysterious human institution that brings together the scattered pieces of individual and collective experiences. Bortolini shows how Bellah championed intellectual openness and innovation through his relentless

opposition to any notion of secularization as a decline of religion and his ideas about the enduring tensions between individualism and community in American society. Based on nearly two decades of research, *A Joyfully Serious Man* is a revelatory chronicle of a leading public intellectual who was both a transformative thinker and a restless, passionate seeker.

The Westminster Collection of Christian Quotations Martin H. Manser, 2001-01-01 This absorbing anthology includes insightful sayings from major figures in Christian history, as well as from the Bible, making it an ideal companion for every stage of the spiritual journey.

**Dialectical Theology and Jacques Ellul** Jacob E. Van Vleet, 2014 Argues that the work of Jacques Ellul is frequently misread on account of inattention to the theological underpinning that governs Ellul's thought. This book offers an introduction to Ellul's thought, his contribution to theology and philosophy, and how his philosophy of technology is both theologically informed and culturally relevant.

*Beyond the Broken Heart: Participant Book* Julie Yarbrough, 2012-04-01 How does the heart understand grief when it is broken by the death of a loved one? To survive and live forward, those who grieve must find answers. *Beyond the Broken Heart* is an eight-week support and ministry program for those who are grieving the loss of a loved one. Author Julie Yarbrough chronicles her personal experience combined with a deep love of Scripture and years of leading grief support groups to create an authentic and deeply personal exploration of the grief journey. The Participant Book provides eight chapters plus two supplemental chapters that include: · Personal stories/reflections from the author's own journey through grief · Spiritual and practical help for navigating the emotions, experiences, and questions of grief · Scriptures and biblical material appropriate to the themes and topics of each chapter? · Questions for personal reflection with space for recording responses · Readers will transform their experience of grief into a life lived in gratitude for the steadfast love and faithfulness of God and a life that honors the memory of their loved one. Julie Yarbrough has walked through the valley of the shadow of death and experienced the pain and anguish of great grief, and she knows firsthand the comfort and strength that only God can provide. I commend this remarkable grief ministry program to you highly. James W. Moore, Pastor in Residence, Highland Park United Methodist Church, Dallas, Texas With wisdom informed by her own experience and a warm regard for those who grieve, Julie Yarbrough guides the brokenhearted on an honest journey toward acceptance and hope. A refreshingly excellent resource for grief support. Stephan Bauman, Senior Minister, Christ Church New York City Julie Yarbrough weaves understanding, care, and comfort together in such a way that the seemingly intolerable becomes tolerable, one breath at a time. This resource provides everything you need to promote, establish, and conduct grief groups throughout the year. Judith Bone, Director of Adult Discipleship, Brentwood United Methodist Church, Nashville, Tennessee A gift to those who face the difficult journey through the grieving process. I highly recommend this program, not only for those who have lost, but also for those in the helping professions who offer guidance and counsel to the grieving. Ann Reese,

*The Inward Morning* Henry G. Bugbee, 1999 When first published in 1958, *The Inward Morning* was ahead of its time. Boldly original, it blended East and West, nature and culture, the personal and the universal. The critical establishment, confounded, largely ignored the work. Readers, however, embraced Bugbee's lyrical philosophy of wilderness. Throughout the 1960s and 1970s this philosophical daybook enjoyed the status of an underground classic. With this paperback reissue, *The Inward Morning* will be brought to the attention of a new generation. Henry Bugbee is increasingly recognized as the only truly American existentialist and an original philosopher of wilderness who is an inspiration to a growing number of contemporary philosophers.

**Understanding Reality Religion** Hiley Ward, 2007-08 You know the Big questions. When did it all begin? Before creation, what? Before that? Where was I 10,000 years ago? When will it all end? But I suppose that the question that bothers people most is: How can God, the omnipotent, the Creator, be good when there is so much evil in the world? Here is an attempt to face up to the eternal, unsolvable contradictory questions about God, Jesus, the church and the practice of faith in the Christian life. Without negating traditional religion concepts, God is embraced in all of his attributes. He has a dark side. He is jealous, egotistical, cruel, tyrannical, killer of innocent hordes. He is also recognized as a great deliverer, lover of good, supporter of mankind, and a generally good companion. The Christian opts to address this second image of God, the beneficent. The author has struggled with the definition and nature of God all his life. He has found that he can question God and acknowledge his/her dark side while at the same time love God and bask in his presence and love. Here is a new kind of spiritual journey -- intellectually honest and committed in faith.

Searching for God Joan Burstyn; Gershon Vincow, 2011-08-04 The authors of *Searching for God: Study Partners Explore Contemporary Jewish Texts* introduce "self-directed hevruta," a novel twist on the traditional Jewish path of in-depth learning with a study partner. Together, they choose the most challenging topic of all, searching for God, and explore five contemporary Jewish texts that present several approaches: mysticism, rationalism, nontraditional Judaism, metaphors from science, and character development. These spiritual seekers are lay-people. Joan Burstyn is an historian and poet; Gershon Vincow is a scientist and community leader. They study, discuss, teach each other, and draw conclusions. The result of this study partnership is a transformative learning experience about Judaism and the search for God. "This touching and inspiring account of the commitment of two friends to study texts and share their insights with each other on behalf of their own, and each other's connection to holiness could well be titled *Thinking as a Spiritual Path*. Celebrating intellect as an instrument of prayer, this book will serve as a template for seekers across religious traditions who long for a spiritual practice that satisfies their minds as it gladdens their hearts." — Sylvia Boorstein, author of *Happiness Is an Inside Job: Practicing for a Joyful Life*. "This book successfully probes the most basic questions anyone should ask: What do I mean when I use the word 'God'? And

how does the answer affect the way I live?" —Edward D. Zinbarg, board member, Jewish Theological Seminary Rabbinical School; author of Faith, Morals and Money: What the World's Religions Tell Us about Ethics in the Marketplace.

**Religious Genius** Alon Goshen-Gottstein, 2017-06-29 This book sets forth a new area in the study of extraordinary individuals in religious traditions. It develops the category of "Religious Genius" as an alternative to existing categories, primarily "saint." It constructs a model by which to appreciate these individuals, suggesting key characteristics such as love, humility, and self-surrender. Religious geniuses transform their traditions and their legacies endure through these very transformations. They also inspire changes across religious boundaries and traditions. The study of religious geniuses in various faith traditions therefore advances interfaith engagement today. The book complements existing, primarily historical, studies of saints by offering a phenomenological approach that seeks to touch the subjectivity of these individuals, and how they have affected the unfolding of their religious traditions.

The Human Image of God Hans-Georg Ziebertz, Friedrich Schweitzer, Hermann Häring, Don Browning, 2021-10-01 A new wave of religious energy is sweeping through the western nations. Although God is disappearing from religious discourse in western culture, both as a word and as a concept, there is a definite undercurrent of religious ardour, which is growing in strength. It focuses all the more attention on the issue: what or who is God in the modern era? This is the question examined through systematic studies, practical theology and empirical research, that are presented here through anthropologically relevant theology. Renowned international authors make it plain in this book: the question of God is exciting again! This book is published in honour of Johannes A. van der Ven on the occasion of his 60th birthday.

**Santería** Joseph M. Murphy, 2011-08-01 Santería represents the first in-depth, scholarly account of a profound way of wisdom that is growing in importance in America today. A professional academic and himself a participant in the Santería community of the Bronx for several years, Joseph Murphy offers a powerful description and insightful analysis of this African/Cuban religion. He traces the survival of an ancient spiritual path from its West African Yoruba origins, through nearly two centuries of slavery in the New World, to its presence in the urban centers of the United States, where it continues to inspire seekers with its compelling vision.
