Richard Leviton

The 72 Angels of the Name Baal Kadmon, 2015-08-16 In this book, we will discuss how to communicate with the 72 angels that are associated with the 72 names of God in volume 1 of this series. We will not be using any fancy and complicated rituals. With all due respect to those who plan elaborate rituals, the rituals end up being more of a distraction. The angels do not require certain hours of day or night or certain colors or garb. They are not human that they require such trivialities. Do you think an angel with a limitless mind requires such limited and minute actions to get its attention? I know this may completely contradict what you have heard, but logically, this is so. If you are looking for elaborate rituals, you will be disappointed in this book. This book is for people who want a direct connection. Not those who wish to mire themselves in complexity that in actuality, is contrived. We know where many of those rituals in all those Grimoires come from and I assure you, the complexities are formalities only and not necessary for deep connection with these angels. With that, In this book, we will go into the significance of the 72 names of God and then proceed to the names of the angels. And finally, how to call upon them to help you.

All the Names of the Lord Valentina Izmirlieva, 2008-09-15 Christians face a conundrum when it comes to naming God, for if God is unnamable, as theologians maintain, he can also be called by every name. His proper name is thus an open-ended, all-encompassing list, a mystery the Church embraces in its rhetoric, but which many Christians have found difficult to accept. To explore this conflict, Valentina Izmirlieva examines two lists of God's names: one from *The Divine Names*, the classic treatise by Pseudo-Dionysius, and the other from *The 72 Names of the Lord*, an amulet whose history binds together Kabbalah and Christianity, Jews and Slavs, Palestine, Provence, and the Balkans. This unexpected juxtaposition of a theological treatise and a magical amulet allows Izmirlieva to reveal lists' rhetorical potential to create order and to function

as both tools of knowledge and of power. Despite the two different visions of order represented by each list, Izmirliева finds that their uses in Christian practice point to a complementary relationship between the existential need for God's protection and the metaphysical desire to submit to his infinite majesty—a compelling claim sure to provoke discussion among scholars in many fields.

Umbilicans of Babylon Richard Leviton, 2024-03-13 Do you ever think about solid ground? The author of this book does, a lot. Providing solid ground for consciousness is the umbilican function, he says. On January 1, 2020, the long-awaited Golden Age began. So did intense opposition to it from the shadows. It was like a thousand iron heels trying to stamp out spring blossoms. The dark forces exerted their manipulations in the outer world. The angelic contingent counterpointed in the subtle realm. The Earth wobbled. This is an insider's report from three men who worked alongside the "good guys" to adjust the planet's Light grid to better support the flowering of human consciousness that had been intended for this date and to resist, even undermine, the infernal opposition. These "good guy" benefactors included angels, archangels, the Great White Brotherhood, even some of the friendly Dead. Ronald, our narrator, with Joe and Mike, his dependable pals, call themselves geomantic engineers. They work on the Light grid, the subtle energy infrastructure of the Earth that supports the material world. They're like electric utility pole linemen, up there in their extendable buckets, but their main tools are clairvoyance and knowledge of the mechanics of the planet's many Light temples and systems. Ronald provides a vivid field account of an astonishing array of geomantic interventions and "adjustments" made in the last several years to shore up that potentially fabulous Golden Age, despite the dark forces' protracted attempts to derail and smash it. The struggle reveals an Earth like

you've never seen before. Our planet was designed to keep consciousness aligned with the spiritual world, galaxy, and beyond. People were supposed to feel firmly anchored in their bodies and planet. The Earth was meant to be the "gate of the gods," the original pure meaning of Babylon. In recent centuries, that smooth reciprocal relationship has been upset. Light forces are trying to uplift awareness, dark forces to suppress it. Jump into Ronald's riveting account to see how it all plays out.

72 Demons of the Name Baal Kadmon, 2015-08-16 In the second volume of the Sacred names series : THE 72 ANGELS OF THE NAME - CALLING ON THE 72 ANGELS OF GOD I discuss the 72 angels of God that correspond to the 72 Names of God. In this book, we will discuss the 72 demons of the name. Yes, there are 72 demons that are the shadow images of the 72 angels of the name. In this text, we will discuss the 72 demons that correspond to the 72 names of God. Each demon has its purpose. Working with the demons, differs in intensity. They are more , how shall we say, assertive. Whereas the angels appear in gentler forms (with a few exceptions of course). In this book, we will discuss how to communicate with these demon. The rituals are similar to the ones we used for the 72 angels. However, there are a few differences. For one, we will do a quick protection ritual before we call on them and upon banishing them, we will give them an offering. It's this extra step that might make some a bit nervous. No worries, we will not be hurting anything, but we will offer something that had potential life in it. This step is crucial for your ritual to work. Let Us Proceed.

Mythopoeic Planet Richard Leviton, 2025-06-08 A principal Pleiadian designer of the Earth's Light grid offers his memoirs of the project along with reports on current maintenance and upgrade activities. Blaise, now residing back home in the Pleiades, narrates aspects of the Pleiadian-led design of the Earth and its subtle energy patterning called the Light grid. This account represents field notes from a planet engineer at the close of a long residential career on Earth plausibly "under cover" as a human. If you thought the Earth was an accident of the cosmos operating on a purely physical basis, think again. This account will change your mind. Earth is a meticulously curated design fulfillment, commissioned at the highest level. It was executed by planet design experts from the Pleiades, known across the galaxy for their excellence in matching Light grid designs to embodied consciousness forms. The Earth was created for a purpose. So was humanity. A great intelligence lies behind this. The intent was to cultivate the highest states of consciousness in matter. The energetic structure of the planet, which includes the numinous places of the gods and mythic heroes, makes this unfolding possible. The world's wealth of myths are actually psychic scripts left by initiates to illustrate the use of the Light grid and its many temples. The Pleiadian engineers call this a nest of Light for consciousness. Blaise provides a firsthand account, a designer's inside view, of how this came about, including key moments such as after the worldwide Great Flood and the on-going struggle against inimical dark influences that seek to corrupt the pattern. Since 2020, Blaise's team has made regular upgrades and adjustments to this pattern to support the unfolding of the current Golden Age. Normally, this takes place behind the scenes. Mythopoeic Planet puts it out in the bright forefront as you watch Blaise's skilled team of geomancers, angels, Ray Masters, and even archangels, keep the Light patterning in perfect trim for the benefit of everyone.

The Gods in Their Cities Richard Leviton, 2006-01-24 A fresh look at the perennial reality of the gods and how they help

humanity-through the planet's sacred sites The gods live! Though seemingly relegated to the archives of myth, the gods of antiquity are still with us in the form of the Great White Brotherhood. In fact, what the ancients described as their pantheon are members of this is an august assembly of spiritually advanced beings, based on the constellation of the Great Bear. The Gods in Their Cities, based on original clairvoyant research, reveals that the Great White Brotherhood has numerous meeting places for humans throughout the planet's array of holy sites. Seven different Great White Brotherhood types of geomantic locales are documented, and all of them exist in multiple copies on Earth. The Gods in Their Cities shows how myths of many cultures, from the Irish to Sumerians, are actually psychic maps to the planet's secret visionary terrain, to the geomantic locales of the Brotherhood, and how to successfully interact with them. And it probes behind the mythic guises of the Ray Masters, 14 select great Adepts involved with many aspects of Earth life and geomancy since the beginning-including the true identity of Jesus, Mary Magdalene, the Virgin Mary, and Merlin. Merely our knowing that this esoteric Brotherhood and their interactive locales across the Earth exist can inspire confidence, even certainty, that reality, and thus our planet, culture, and individual human lives, have meaning and are purposeful.

Understanding YHWH Hillel Ben-Sasson, 2019-12-11 This book unlocks the Jewish theology of YHWH in three central stages of Jewish thought: the Hebrew bible, rabbinic literature, and medieval philosophy and mysticism. Providing a single conceptual key adapted from the philosophical debate on proper names, the book paints a dynamic picture of YHWH's meanings over a spectrum of periods and genres, portraying an evolving interaction between two theological motivations: the

wish to speak about God and the wish to speak to Him. Through this investigation, the book shows how Jews interpreted God's name in attempt to map the human-God relation, and to determine the measure of possibility for believers to realize a divine presence in their midst, through language.
