Marriage at the Crossroads Marsha Garrison,Elizabeth S. Scott,2012-10-15 The institution of marriage is at a crossroads. Across most of the industrialized world, unmarried cohabitation and nonmarital births have skyrocketed while marriage rates are at record lows. These trends mask a new, idealized vision of marriage as a marker of success as well as a growing class divide in childbearing behavior: the children of better educated, wealthier individuals continue to be born into relatively stable marital unions while the children of less educated, poorer individuals are increasingly born and raised in more fragile, nonmarital households. The interdisciplinary approach offered by this edited volume provides tools to inform the debate and to assist policy makers in resolving questions about marriage at a critical juncture. Drawing on the expertise of social scientists and legal scholars, the book will be a key text for anyone who seeks to understand marriage as a social institution and to evaluate proposals for marriage reform.

A Complete Book on Puzzles & Seating Arrangement New Edition (eBook) Adda247 Publications, 2019-02-01

ADDA 247 has been consistently working to make the word "SUCCESS" a true companion to all the banking aspirants. As the

year 2019 has just marked its presence, we are delighted to announce that ADDA 247 is launching – “A Complete Book on Puzzles & Seating Arrangement New Edition (eBook/pdf.). Puzzles are an important part of the Reasoning Section, the one that you cannot escape from. It is the topic that dominates the Reasoning Section of all sorts of banking exams. So many other miscellaneous topics too are now being asked in the form of puzzles. The number of questions being asked on puzzles ranges from 60 to 65 per cent of the total number of questions in the Reasoning Section. So it is now very obvious that the strategy of ignoring questions based on puzzles, thereby solving other questions won't be working anymore as neglecting questions on puzzles can risk the likelihood of you clearing the sectional cut off or scoring satisfactory marks in the Reasoning Section. It is already known to all the aspirants that Puzzles & Seating Arrangement form the most important part of the Reasoning Section for SSC CGL & CHSL as they carry the highest weight among the other topics. So, considering all the significance that these portions carry, this ebook would provide all the necessary help and guidance in clearing reasoning related to puzzles & seating arrangements smoothly.

The American Middle Class Robert S. Rycroft,2017-05-12 What is the American Dream? This book's author argues that contrary to what many believe, it is not achieving the wealth necessary to enter the top one percent but rather becoming members of the great middle class by dint of hard work and self-discipline. Americans of all classes consider themselves to be middle class. There are Americans who by any objective standard should be considered poor who would insist they are middle class, just as other Americans who should be considered wealthy also insist they are middle class. Thinking of yourself and being thought of by others as middle class is the American Dream for tens of millions of people. But an enduring problem

of the American middle class is the worry that the Dream is coming apart—that forces are lurking in the shadows waiting to steal their progress and throw them back into poverty. This thought-provoking reference explores a disparate multitude of issues associated with being middle class in America. It addresses a range of questions and subtopics, including the meaning of the term middle class; how middle class status is expressed by both the majority and the various minorities that make up the American mosaic; what economic pressures are bearing down on the middle class; and how economists and others attempt to make sense of the economic issues of the day. Readers will also better understand how political institutions and public policies are shaping the way the middle class views the world; how labor, housing, education, and crime-related issues have influenced the development and growth of the middle class; the norms of the middle class versus those of other classes in society; and the role of culture and media in shaping how members of the middle class view themselves—and how they are viewed by others. This two-volume set provides a comprehensive look at the American middle class that supports student research in economics, social studies, cultural studies, and political history. The content supports teachers in their development of lesson plans and assignments that directly align with the Common Core State Standards and the recommendations of the National Curriculum Standards for Social Studies (NCSS) with respect to all ten NCSS themes.
