William Carmichael, Nancie Carmichael

Knowing God to Make Him Known Ed Scheuerman, 2021-04-20 Christians are all too familiar with the dichotomy between “being a Mary” (sitting at Jesus’ feet) and “being a Martha” (being active in ministry). We have been told that before we can do, we first need to be. And this is well and good. But it is insufficient. Before we can be, we first need to know. We need to know who God is (God’s attributes) so that we can then be who we are intended to be in Christ. Only then should we seek to do what he has called and equipped us to do for his glory. This book focuses on knowing God, in his many attributes, so that we can become conformed to his image, in order to do what he’s called us to do to bring the gospel to the world.

A Time to Grieve Ben N. Davidson, 2009-06-12 A Time to Grieve Parent Grief for Handicapped Children When a child is born into a family, there are high expectations of life, love, and happiness. If the child is born with handicapping conditions, those dreams come crashing to the ground. How and if a parent survives this trauma depends on how he or she handles the grief. This book sets out to carry the parent on that journey of grief, pain, anger, and hopelessness with enough information to survive and come out whole for the benefit of the parent, child, and family. Until now, very little has been written on this unending grief.

Living Graciously on Planet Earth Robert P. Vande Kappelle, 2016-05-18 Humans are happiest when they live virtuously. Building on the premise that the purpose of life is happiness conducive to the equitable flourishing of all humanity, *Living Graciously on Planet Earth* argues that the appropriate way to regard our abilities and moral opportunities is as gifts for the common good, to be used for the glory of God, guided by the biblical principles of stewardship and community. Utilizing a

biblical approach and a Trinitarian perspective, while maintaining an appreciative eye to the contributions of the world's living religions, Dr. Vande Kappelle argues for a hierarchy of values necessary for gracious living in the twenty-first century. Ancient wisdom claims there are seven primary virtues, four natural--prudence, justice, fortitude, and temperance--and three supernatural--faith, hope, and love. As the natural virtues help us grow morally, the supernatural virtues are designed for transformation. Using insights from the Enneagram as well as from diverse scholars such as Karen Armstrong, Marcus Borg, James Fowler, Matthew Fox, C. S. Lewis, Robin W. Lovin, and Huston Smith, *Living Graciously* examines the seven virtues in biblical, social, and cosmic context. This book's uplifting message delivers the perfect antidote to the current social malaise, characterized by arrogance, suspicion, negligence, and consumption. In addition, this book addresses difficult questions such as Do we live in a moral universe?; Is there a benevolent deity watching over us?; Is there a purpose to life on earth?; and Is there a summum bonum (a greatest good)? The answers in this insightful presentation will challenge your thinking and energize your living. Useful for individual or group use, each chapter contains aids to learning, including (a) a thesis statement indicating the central idea of the chapter, (b) a list of key biblical passages, (c) a chapter summary, and (d) questions for discussion and reflection.

David Lean Lydia Goehr, 2025-07-10 David Lean's extraordinary films work philosophically through the modern reproductive and transportive technologies of sight and sound: through trains, planes, ships, and automobiles, from one perspective, and through the modern technology of the radio and gramophone, from another. Lean's musical motifs are known worldwide: Lara's theme in *Zhivago*; the Colonel Bogey March in *Kwai*; Estella's motif in *Great Expectations*; Rosy's motif in *Ryan's Daughter*; Lawrence's motif for his adventure in *Arabia*, and of course Rachmaninoff's pounding chords in *Brief Encounter*. When, however, Lean described his cutting of pictures as akin to how music flows through pictures, what sort of music or musicality had he in mind: a classical or popular music, or a way of using musical form to mix up the meaning and material of his films? Lydia Goehr's new book tracks the soundscape in Lean's films not only through the musical scores composed for the films, but also, and more, through the technology of radio and gramophone that, at the start of Lean's career, were becoming indispensable household items for the home. The book begins and ends with a motif running from the early more domestic films locally situated in the English home to the later more extensive epics of colony, commonwealth, and empire. The fidelity-infidelity relationship defined by marriage extends to the loyalty-betrayal relationship regarding countries of war and peace--after which this relationship is extended to the witty British manner of making film as a perfected and not so perfected symphonic work of a great cutter's art. Here, as few other books on Lean have emphasized, the influence of Noel Coward on Lean cannot be overestimated.

Leaning Both Ways at Once Jeffrey A. Conklin-Miller, 2020-08-26 How should the Methodist tradition continue to embody its evangelistic mission? Some believe effective evangelism requires ecclesial adaptation seeking relevance to attract

outsiders. But does this strategy result in the church's embrace of consumer market practices, pandering to a world of church shoppers? Others suggest the most evangelistic thing the church can do is to be the church, displaying to the world the attractive beauty of a holy community. But could this ironically distance the church from its context and neglect the many ways the church is called to engage the world? The Wesleys formed a people called Methodist, embodying an evangelistic mission combining commitments to disciplined spiritual life and vital social engagement. In this book, Conklin-Miller suggests faithful (United) Methodist evangelism requires living in the tension between the church and the world, "leaning both ways at once," emphasizing the holiness of the church as a particular people, but at the same time, being a people sent to intercede in the world as servants, advocates, and witnesses. This understanding constitutes not only a broader reframing of evangelistic mission but also a vision for the identity and agency of the church in the Wesleyan tradition: a Methodist missional ecclesiology.
