Hombres en movimiento Iker González-Allende, 2018-11-15 Hombres en movimiento: Masculinidades españolas en los exilios y emigraciones, 1939-1999, de Iker González-Allende, es el primer estudio detallado de cómo el exilio y la emigración influyen en la masculinidad de los hombres españoles, tanto heterosexuales como homosexuales, que se ven obligados a abandonar su país. En el libro, González-Allende analiza la literatura producida por escritores españoles que desde 1939 hasta finales del siglo XX han experimentado el exilio o la emigración, cubriendo tres momentos históricos: el largo exilio republicano como consecuencia de la Guerra Civil Española (1936-1939), la emigración a Europa durante la década de 1960 debido a la crisis económica en España y la reciente emigración de intelectuales a los Estados Unidos a finales del siglo XX. Revelando experiencias recurrentes de aislamiento, inseguridad, discriminación y feminización en el país de acogida, González-Allende sostiene que el exilio y la emigración causan un sentido de crisis, impotencia e inestabilidad en la masculinidad de los hombres desplazados. El autor también examina como tendencia compensatoria que el exilio y la emigración pueden ofrecer a estos hombres una mayor sensación de libertad y una mejora de su situación económica. Cada uno de los siete capítulos analiza una variedad diferente de las masculinidades en el exilio o la emigración: el adolescente, el hombre en crisis, el hombre ocioso, el hombre que retorna a España, el hombre trabajador, el hombre onanista y el hombre académico. Los autores estudiados son asimismo diversos: Luis de Castresana, Juan José Domenchina, Juan Gil-Albert, Max Aub, Francisco Ayala, Patricio Chamizo, Víctor Canicio, Terenci Moix, Antonio Muñoz Molina y Javier Cercas. Men in Motion: Spanish Masculinities in Exiles and Emigrations, 1939-1999 by Iker González-Allende delivers the first sustained study of how the Spanish masculine identity, of both homosexual and heterosexual men, is impacted when men are compelled to leave their country. In it, González-Allende examines the literary output of Spanish male authors over three periods of emigration and exile: the long Republican exile from Spanish Civil War (1936-1939), the emigration to Europe during the Spanish economic crisis of the 1960s, and the recent period of emigration of intellectuals to the United States through the end of the twentieth century. Revealing and unpacking recurring patterns of isolation, insecurity, discrimination, and feminization in the host country, González-Allende argues that exile and emigration cause a crisis of powerlessness that can have a

destabilizing effect on one's masculinity. González-Allende also examines a countervailing trend among Spanish exiles and émigrés of these periods; that from the same crisis some achieve a greater sense of freedom and improve their socioeconomic standing. Each of the seven chapters analyzes a different Spanish male exile or émigré: the adolescent, the man at a crossroad, the idle man, the returning man, the working man, the onanist, and the academician. Works studied are likewise from a range of authors: Luis de Castresana, Juan José Domenchina, Juan Gil-Albert, Max Aub, Francisco Ayala, Patricio Chamizo, Víctor Canicio, Terenci Moix, Antonio Muñoz Molina, and Javier Cercas.

Memorias de un trepa Antonio Molina García-Martín,2015-06-16 Memorias de un Trepa es el testimonio de las aventuras y desventuras de Máximo, personaje que el autor va presentando como un tanto ladino, pícaro y socarrón, unas veces y otras como ingenuo o necio. Todo válido para sus fines. Constituye una fascinante radiografía de la sociedad y una aguda crítica de su alma, de cuyas virtudes y miserias, los personajes que desfilan por la narración son un acabado compendio. Su versatilidad puede inspirar en el lector desde lástima y misericordia hasta repugnancia y asco. El autor, con inusitado dominio de la palabra y léxico erudito, al tiempo que con expresión viva y mordaz, va mostrando la vida y milagro del protagonista desde sus progenitores hasta su ocaso. Con un estilo desenfadado y lacerante desliza reflexiones lúcidas sobre la dignidad, la verdad, la falacia, la moral y el honor frente a las conductas -frecuentemente embarulladas -de los trepas y que llevan a cualquiera -en su perplejidad- a sumirse en la duda de si Máximo fue víctima o verdugo. Seguramente cuando Plauto -en su obra Asinaria- dijo que «el hombre es lobo para el hombre» (*homo homini lupus*), no imaginó el mundo insidioso, cainita y alucinante en el que iban a cometer sus trapacerías este farsante y cofrades fariseos. Como colofón, no se puede por menos que decir que se está ante una obra incisiva, audaz; puro deleite, que no dejará indiferente a nadie y enganchará al lector más exigente.
