

Blessed Be The Forgetful

Friedrich Max Müller

From the Heart to the Corners of the World Gift Gugu Mona, 2020-07-27 This anthology comprises one hundred poems written on distinct themes. It provides readers with a pleasant and exceptional setting for honest and profound reflections. Named From the Heart to the Corners of the world, this book includes declarations, prayer and praise to the Creator of the Universe. Dr. Gift Gugu Mona also tackles self-awareness and self-love issues through daring poems, which stir a search for self-identity. She reminds and inspires a black girl to take pride in her blackness through poems such as Dark Pearl and Royal Melanin". As a Transformational Coach, she unlocks the potential of the reader through words of empowerment. In a classic storytelling, yet poetic style, Dr. Mona expresses sincere gratitude and lauds her Father. The wonderful man who raised her in all sincerity and taught her poetry. She also acknowledges Dads who take full responsibility for raising their children with passion, grace, and tenacity. In this book, she showcases the value of families and warm-hearted homes. Lastly, she reflects on the life of an extraordinary being. Her loving friend had a zest for life and left this world at the tender age of twenty-seven. She takes those who have lost loved ones on a journey of mourning to acceptance, despite the challenges along the way. Each poem has distinctive features that leave the reader enthused. Dr. Mona is a prolific writer, poet and philosopher. She believes in the value of the spoken word. Through her work, she has made a substantial impact. Her fundamental goal is to reach out to those who require transformation. She has penned several books which are currently sold in more than one hundred countries.

Creative Involution S.E. Gontarski, 2015-09-23 Creative Involution: Bergson, Beckett Deleuze focuses on a philosophical trajectory that not only had a profound impact on critical thought of the 20th and now 21st centuries, but on cosmopolitan, contemporary culture more broadly and on artistic experiment and expression in particular.

Enhancing Me Pete Moore, 2008-05-27 Science is developing more and more potential for human beings to enhance themselves. The pace of change is rapid, and some people are already warning that we are heading for a post-human future populated by ever-lasting, self-sustaining intelligence systems into which the contents of a human mind have been poured... Is this true? In Enhancing Me, Pete Moore examines the ways in which technology can change our bodies, our brains, our emotions, and how long we live. He talks to people who have actually been 'enhanced' to find out what it's like and how beneficial it is; and to the experts to find out what the future holds - including a look at some of the more controversial,

headline-grabbing claims. He also looks at what drives us to want to be 'superhuman', and the consequences for the individual and society alike: If you could live forever, would you want to? If you could download your mind onto a computer, would you still be you? Should we insert chips into our children, so we can track where they are? Should we force violent criminals to have mood-controlling brain implants? Would you want technology to improve your memory... or help you forget? If you've ever wondered - or worried - about the pace at which technology is progressing, then this book will give you an eye-opening glimpse of the future in this fascinating field. About the author Pete Moore has been a freelance science writer since 1993, and specialises in making 'academish' intelligible to people who only speak English! He has received seven national awards for his work, and has appeared on radio and television on 50 different occasions, discussing his books and related news events. He is a public speaker and a member of Toastmasters International; as well as a fellow of the Royal Society of Arts, a visiting lecturer in ethics at Trinity College Bristol, and a course tutor on the Science Communication MSc at the University of the West of England, Bristol.

Finding Freedom and Joy in Self-Forgetfulness Michele Howe,2021-01-01 Finding Freedom and Joy in Self-Forgetfulness by beloved Christian author Michele Howe teaches readers that self-forgetfulness is a biblically robust principle that can set us free from the inside out. It shows how when we forget about ourselves and focus on helping others, we find freedom and joy. Self-care is important, but have you ever found yourself paralyzed with indecision or anxiety from focusing too much on your own needs and wants? With her characteristic warmth and wit, Michele Howe offers us another way: When we entrust ourselves to God's care, we are subsequently empowered to live more fearlessly and freely. When we seek to live from a position of intentional self-forgetfulness, we set into motion a beautiful display of God's grace in our lives. And when we ask God to help us forget about ourselves so we can effectively serve others, we discover a wonderful freedom within and without. Intentional self-forgetfulness is an essential Christian virtue desperately needed in today's heartbroken world. So join Michele on a journey to stand up and reach out with courageous, self-sacrificial boldness. Finding Freedom and Joy in Self-Forgetfulness includes thirty chapters with Scripture passages, real-life stories with essays, and helpful points and prayers. Learn how to make self-forgetfulness an intentional part of your everyday life, and find the freedom and joy that come as a result.

Living Waters Mordecai Joseph Leiner,2001 *Living Waters - The Mei HaShiloach: A Commentary on the Torah* by Rabbi Mordechai Yosef of Ishitza (1800-1854) is the collected teachings on the Torah by the hasidic master Rabbi Mordechai Yosef of Ishitza. Born in Poland to a rabbinic family, Reb Yosef was a student of Reb Simcha Bunem of Pshiske. It was from Reb Bunem that he received the well springs of the teachings of the Baal Shem Tov, the founder of the hasidic movement.

Flourishing in Tensions Michael Brautigam,2022-09-09 Following Jesus Christ presents unique challenges to disciples today. In our current climate of relativism, materialism, and consumerism, Christians are increasingly perplexed as to who they are and what following after Christ means today. Drawing on the Protestant tradition (in particular, Dietrich Bonhoeffer, Martin Luther, and Adolf Schlatter) and findings from psychology, this book offers a fresh integrative interpretation of Jesus's radical call into discipleship. This call is interpreted through a christological lens, as Jesus Christ in his role as Prophet calls us to self-denial, in his role as Priest invites us to cross-bearing, and as King demands us to follow him. Jesus's call to discipleship challenges disciples to embrace various tensions by faith and to grow and even flourish in and through them. By denying themselves, they find their true self; by taking up their cross, they find real life; and by following Christ, they find the great friend and befriend the world as the community of disciples. This book is for Christians who seek to mature in intentional self-reflection and discover practical ways of living out Christ's radical call into discipleship today.
