The Art of Parody Michael Griesgraber, 2016 Michael Griesgraber's parody series started auspiciously--by mistake. When his copy of a Vermeer painting was placed on display at his local Starbucks it was accidentally sold, so he replaced it with another, this time adding in his favorite Starbucks breakfast. But when that sold just as quickly, Griesgraber realized he'd stumbled onto something big. Encouraged by the painting's positive reception, Griesgraber continued the joke, producing dozens of parodies that sold out within days. By then he'd picked up momentum, incorporating not just Starbucks imagery but outside objects, ideas, and even other paintings to make his statements. At times wry, often witty, and always insightful, *The Art of Parody* is a highly engaging look at an artist's process of honoring past paintings while twisting the results in

surprising, sometimes shocking ways. You'll never look at a Starbucks the same way again!

Clover Adams Natalie Dykstra, 2012-02-08 A biography of one of the Gilded Age's most fascinating and mysterious society women that "reads as well as any page-turning novel" (Library Journal). At twenty-eight, Clover Adams, a fiercely intelligent Boston Brahmin, married the soon-to-be-eminent American historian Henry Adams. She thrived in her role as an intimate of power brokers in Gilded Age Washington, where she was admired for her wit and taste by such luminaries as Henry James, H. H. Richardson, and General William Tecumseh Sherman. Clover so clearly possessed, as one friend wrote, "all she wanted, all this world could give." Yet at the center of her story is a haunting mystery. Why did Clover, having begun in the spring of 1883 to capture her world vividly through photography, end her life less than three years later by drinking a chemical developer she used in the darkroom? The key to the mystery lies, as Natalie Dykstra's searching account makes clear, in Clover's photographs themselves. The aftermath of Clover's death is equally compelling. Dykstra probes Clover's enduring reputation as a woman betrayed, and, most movingly, she untangles the complex, poignant—and universal—truths of her shining and impossible marriage.

A Companion to Impressionism André Dombrowski, 2028-08-14 The 21st century's first major academic reassessment

of Impressionism, providing a new generation of scholars with a comprehensive view of critical conversations Presenting an expansive view of the study of Impressionism, this extraordinary volume breaks new thematic ground while also reconsidering established questions surrounding the definition, chronology, and membership of the Impressionist movement. In 34 original essays from established and emerging scholars, this collection considers a diverse range of developing topics and offers new critical approaches to the interpretation of Impressionist art. Focusing on the 1860s to 1890s, this Companion explores artists who are well-represented in Impressionist studies, including Monet, Renoir, Degas, and Cassatt, as well as Morisot, Caillebotte, Bazille, and other significant yet lesser-known artists. The essays cover a wide variety of methodologies in addressing such topics as Impressionism's global predominance at the turn of the 20th century, the relationship between Impressionism and the emergence of new media, the materials and techniques of the Impressionists, and the movement's exhibition and reception history. Part of the acclaimed Wiley Blackwell Companions to Art History series, this important new addition to scholarship in this field: Reevaluates the origins, chronology, and critical reception of French Impressionism Discusses Impressionism's account of modern identity in the contexts of race, nationality, gender, and sexuality Explores the global reach and influence of Impressionism in Europe, the Middle East, East Asia, North Africa, and the Americas Considers Impressionism's relationship to the emergence of film and photography in the 19th century Considers Impressionism's representation of the private sphere as compared to its depictions of public issues such as empire, finance, and environmental change Addresses the Impressionist market and clientele, period criticism, and exhibition displays from the late 19th century to the middle of the 20th century Features original essays by academics, curators, and conservators from around the world, including those from France, Germany, the United States, the United Kingdom, Japan, Turkey, and Argentina The Wiley Blackwell Companion to Impressionism is an invaluable text for students and academics studying Impressionism and late 19th century European art, Post-Impressionism, modern art, and modern French cultural history.

Apropos of Something Elisa Tamarkin, 2022-07-27 A history of the idea of “relevance” since the nineteenth century in art, criticism, philosophy, logic, and social thought. Before 1800 nothing was irrelevant. So argues Elisa Tamarkin’s sweeping meditation on a key shift in consciousness: the arrival of relevance as the means to grasp how something that was once disregarded, unvalued, or lost to us becomes interesting and important. When so much makes claims to our attention every day, how do we decide what is most valuable right now? Relevance, Tamarkin shows, was an Anglo-American concept, derived from a word meaning “to raise or to lift up again,” and also “to give relief.” It engaged major intellectual figures, including Ralph Waldo Emerson and pragmatists and philosophers—William James, Alain Locke, John Dewey, and Alfred North Whitehead—as well as a range of critics, phenomenologists, linguists, and sociologists. Relevance is a struggle for recognition, especially in the worlds of literature, art, and criticism. Poems and paintings in the nineteenth century could now be seen as pragmatic works that make relevance and make interest—that reveal versions of events that feel apropos of our lives the moment we turn to them. Vividly illustrated with paintings by Winslow Homer, Henry Ossawa Tanner, and others, *Apropos of Something* is a searching philosophical and poetic study of relevance—a concept calling for shifts in both attention and perceptions of importance with enormous social stakes. It remains an invitation for the humanities and for all of us who feel tasked every day with finding the point.
