*Death in the Early Twenty-first Century* Sébastien Penmellen Boret, Susan Orpett Long, Sergei Kan, 2017-07-18 Focusing on tradition, technology, and authority, this volume challenges classical understandings that mortuary rites are inherently conservative. The contributors examine innovative and enduring ideas and practices of death, which reflect and constitute changing patterns of social relationships, memorialisation, and the afterlife. This cross-cultural study examines the lived experiences of men and women from societies across the globe with diverse religious heritages and secular value systems. The book demonstrates that mortuary practices are not fixed forms, but rather dynamic processes negotiated by the dying, the bereaved, funeral experts, and public institutions. In addition to offering a new theoretical perspective on the anthropology of death, this work provides a rich resource for readers interested in human responses to mortality: the one certainty of human existence.

**The Directory on Popular Piety and the Liturgy** Peter C. Phan, 2005 2006 Catholic Press Association Award Winner

After suffering an eclipse during the post-Vatican II liturgical reform, popular piety has regained its vital role in the spiritual life of Catholics. In response to its re-emergence, the Congregation for divine Worship and the Discipline of the Sacraments issued the Directory on Popular Piety and the Liturgy on December 17, 2001. The Directory was written for bishops and their collaborators as a pastoral guide addressing the relationship between liturgy and popular piety. *Directory on Popular Piety and the Liturgy: Principles and Guidelines*, A Commentary by Peter C. Phan provides a chapter-by-chapter commentary on the Directory, summarizing its contents, highlighting its strengths and weaknesses, and offering suggestions on how devotional practices can be implemented in the United States. For liturgists, religious educators and students, pastoral leaders, and other interested Christians, this volume is helpful toward promoting a vigorous and authentic devotional life in the community, while respecting the preeminence of liturgical worship. The Commentary begins with a preface by Peter C. Phan and an introduction by James Empereur, entitled *Popular Piety and the Liturgy: Principles and Guidelines*. Chapters in Part One: Emerging Trends: History, Magisterium, Theology are \*Liturgy and Popular Piety in a Historical Perspective, - by Mark R. Francis; \*Liturgy and Popular Piety in the Church's Magisterium, - by Peter Fink; and \*Theological Principles for an Evaluation and Renewal of Popular Piety, - by Nathan Mitchell. Chapters in Part Two: Guidelines for the Harmonization of Popular Piety with the Liturgy are \*The Liturgical Year and Popular Piety, - by Keith F. Pecklers; \*Veneration of the Holy Mother of God, - by Joyce Ann Zimmerman; \*Veneration of the Saints and Beati, - by Rail Gomez; \*Suffrage for the Dead, - by Peter C. Phan; \*Shrines and Pilgrimages, - by Ana Maria Pineda. Concludes with a bibliography that presents the most significant recent writings on popular piety and liturgy, by Robert Brancatelli. Peter C. Phan, PhD, is the Ignacio Ellacuria Professor of Catholic Social Thought at Georgetown University.

Understanding Prayer for the Dead James B Gould, 2017-08-31 Throughout history, Christians have prayed for the dead - both for continual growth of the faithful and for their advancement from purgatory, and sometimes, even, for the deliverance of the unsaved from hell. *Understanding Prayer for the Dead* defends all three kinds of prayer. It challenges Protestants, who seldom pray for the dead, to begin doing so - and Roman Catholics and Eastern Orthodox, who pray only for the Christian dead, to include the unsaved as well. James B. Gould addresses the biblical credentials of prayer for the dead and provides a historical overview of such prayers from ancient Christianity to the current practice of the three main branches of the Church. He also discusses the logical assumptions prayer for the dead requires - that prayer is effective, that the dead are conscious, and that the afterlife involves change - and lays out a theological framework for such prayers. Prayer for the departed raises the most basic of theological questions, matters that go to the centre of God's purpose in creating spiritual beings and redeeming sinful humankind. The argument, while revisionary in some respects, is orthodox, ecumenical, and integrative, engaging a range of academic disciplines so as to be biblically accurate, historically informed, and

philosophically reasoned.

*This World, Other Worlds* María Cátedra Tomás, 1992-11-15 The Vaqueiros de Alzada, a cattle-herding people in the Asturian mountains of Spain, have one of the highest suicide rates in Europe—and an attitude toward death that gives this statistic unusual meaning. *This World, Other Worlds* considers death among the Vaqueiros as a central cultural fact which reveals local ideas about the origin and destiny of humans, the relations of humans and animals, the configuration of the universe, and the nature of society. Interested chiefly in the conceptual and meaningful aspects of death, María Cátedra focuses on the cultural resources with which the Vaqueiros confront their own mortality—how they experience death and what this reveals about the way they see this world and other worlds. Applying sensitive ethnographic insight to a rich body of oral testimony, Cátedra discloses an unsuspected symbolic universe native to the Vaqueiros. Death is seen here in close, coherent relation to pain, age, and suffering; sickness and suicide, one must understand the cultural valuation of different ways of dying and the conditions under which suicides take place. To understand what it means to be a Vaqueiro is to understand how suicide can be perceived by a people as acceptable. A groundbreaking work in European ethnography, *This World, Other Worlds* takes symbolic analysis to a new level. In its illumination of local conceptions of death, grace, and sainthood, the book also makes a substantial contribution to the anthropology of religion.

With fairly intensive class scheduling, and assuming laboratory assignments and home study, the text can be covered in one academic year. The text is designed to accomplish two aims. The first is to impart oral control of Tagalog and, by means of an acquaintance with the major patterns of the language, to provide the means for additional independent study that will lead to a full mastery of the structures and a vocabulary that is sufficiently broad to meet the needs of most students. The second aim is to provide accurate, up-to-date information about the patterns of Filipino culture that will enable a student to understand the social customs, standards, values, and aspirations of the Filipino people, in order to prepare him for sympathetic, enlightened, and useful participation in the context of Filipino society. . . . The text consists of 25 units and appendices. In the first half of the text, the student plays the part of hearer and speaker, with only incidental reading of oral dialogs and drills. From Unit XIII on there is a reading section designated for each unit, correlated with the primarily spoken materials, but designed to promote facility in the orthography and distinctive patterns of the written language. . . La Vida Sacra James Empereur, Eduardo Fernández, 2006-10-12 *La Vida Sacra: Contemporary Hispanic Sacramental Theology* is an original, insightful approach to the sacraments from the perspective and actual practice of Latinos over the centuries. It offers a distinctive take on the actual belief and enculturation of the sacraments in the Latino experience and context. Due to the growing presence of Hispanics in this country, churches are looking for new and innovative ways to fit them into their congregations. The existence of Hispanics and, more importantly, the value of their religious experiences are being gradually accepted in theological societies. Eduardo Fernández and James Empereur's new book fills the need for a more comprehensive and richer context for sacramental theology. As the newest book in the Celebrating Faith Series, it is ideal for theology courses, as well as directors of ministerial programs and their students who are looking to place Hispanic sacramentality in the larger framework of sacramental theology.
