Paulo Drinot

Outcry in the Barrio Freddie García, Ninfa García, 1988

Street Saints Barbara J. Elliott, 2004-09 Based on eight years of hands-on experience and more than 300 interviews, *Street Saints* is both a book of motivational stories about unsung heroes and a sociological study of the faith factor, documenting faith-based programs that are treating social maladies in America. This book takes readers on a tour of communities and institutions in America where faith-based initiatives are making a difference. It offers inspiration, role models, and guidelines for people who would like to give back to their own communities.

The Way Forward Paul Ryan, 2014-02-18 From the intellectual leader of the Republican party, an unvarnished look into the state of the conservative movement today and a clear plan for what needs to be done to save the American Idea. *The Way Forward* challenges conventional thinking, outlines his political vision for 2014 and beyond, and shows how essential conservatism is for the future of our nation. Beginning with a careful analysis of the 2012 election--including a look at the challenge the GOP had in reaching a majority of voters and the prevalence of identity politics--Ryan examines the state of the Republican party and dissects its challenges going forward. *The Way Forward* also offers a detailed critique of not only President Obama but of the progressive movement as a whole--its genesis, its underlying beliefs and philosophies, and how its policies are steering the country to certain ruin. Culminating in a plan for the future, *The Way Forward* argues that the Republican Party is and must remain a conservative party, emphasizing conservatism in a way that demonstrates how it can modernize and appeal to both our deepest concerns and highest ideals.

Addicted to Christ Helena Hansen, 2018-04-20 How are spiritual power and self-transformation cultivated in street ministries? In *Addicted to Christ*, Helena Hansen provides an in-depth analysis of Pentecostal ministries in Puerto Rico that were founded and run by self-identified "ex-addicts," ministries that are also widespread in poor Black and Latino neighborhoods in the U.S. mainland. Richly ethnographic, the book harmoniously melds Hansen's dual expertise in cultural anthropology and psychiatry. Through the stories of ministry converts, she examines key elements of Pentecostalism: mysticism, ascetic practice, and the idea of other-worldliness. She then reconstructs the ministries' strategies of spiritual

victory over addiction: transformation techniques to build spiritual strength and authority through pain and discipline; cultivation of alternative masculinities based on male converts' reclamation of domestic space; and radical rupture from a post-industrial "culture of disposability." By contrasting the ministries' logic of addiction with that of biomedicine, Hansen rethinks roads to recovery, discovering unexpected convergences with biomedicine while revealing the allure of street corner ministries.

The Wilderness McKay Coppins, 2015-12-01 The explosive story of the Republican Party's intensely dramatic and fractious efforts to find its way back to unity and national dominance. After the 2012 election, the GOP was in the wilderness. Lost and in disarray. And doggedly determined to do whatever it took to get back to 1600 Pennsylvania Avenue. McKay Coppins has had unparalleled access to Republican presidential candidates, power brokers, lawmakers, and Tea Party leaders. Based on more than 300 interviews, *The Wilderness* is the book that opens up the party like never before: the deep passions, larger-than-life personalities, and dagger-sharp power plays behind the scenes. In wildly colorful scenes, this exclusive look into the Republican Party at a pivotal moment in its history follows a cast of its rising stars, establishment figures, and loudmouthed insurgents -- Jeb Bush, Chris Christie, Ted Cruz, Carly Fiorina, Bobby Jindal, Rand Paul, Marco Rubio, Paul Ryan, Donald Trump, Scott Walker, and dozens of others -- as they battle over the future of the party and its path to the presidency.

Lessons From the Least of These Robert L. Woodson Sr., 2020-12-15 This book is about the least among us, and the extraordinary power of grassroots leaders who are transforming the lives of forgotten men and women in the most toxic neighborhoods. The strategies they applied in healing the most desperate communities also hold the key to healing our divided and empty nation today. From the lessons he has learned from witnessing the work of committed neighborhood leaders, Robert Woodson has gleaned ten fundamental principles that should be applied to uplift not only those who are at the bottom rung of society, but also people of means who experience the emptiness of life without meaning and purpose. Bob walks the reader through his discovery of each of these life-changing precepts and, along the way, we discover how each of us can experience new value in our lives and be empowered to contribute to our world. In reading, you will understand what it takes to overcome adversity and transform people from the inside out. You will feel inspired to adopt these longstanding, proven values that have generated astonishing long-term results in reshaping lives and homes. Equipped with the information, you will discover a whole new way of approaching revitalization of the world you serve as well as your own life. God does not choose the capable; He chooses the called and then makes them capable.

Fear and Loathing in Las Vegas and Other American Stories Hunter S. Thompson,1998-05-05 The 50th-anniversary edition of the classic, savagely comic account of a trip to Las Vegas that came to represent what happened to America in the 1960s—and a founding document of “gonzo journalism”—featuring the original artwork by Ralph Steadman and a new introduction by Caity Weaver First published in Rolling Stone magazine in 1971, *Fear and Loathing in Las Vegas* is told through Hunter S. Thompson’s story of an assignment he undertook with his attorney to visit Las Vegas and “check it out.” The book stands as the final word on the highs and lows of that decade, one of the defining works of our time, and a stylistic and journalistic tour de force. As Christopher Lehmann-Haupt wrote in *The New York Times*, it has “a kind of mad, corrosive prose poetry that picks up where Norman Mailer’s *An American Dream* left off and explores what Tom Wolfe left out.” This 50th-anniversary Modern Library edition features Ralph Steadman’s original drawings, a new introduction by New York Times writer Caity Weaver, and three companion pieces selected by Thompson: “Jacket Copy for *Fear and Loathing in Las Vegas*,” “Strange Rumblings in Aztlan,” and “The Kentucky Derby Is Decadent and Depraved.”

Gangs of the El Paso-Juárez Borderland Mike Tapia,2019-12-15 This thought-provoking book examines gang history in the region encompassing West Texas, Southern New Mexico, and Northern Chihuahua, Mexico. Known as the El Paso-Juárez borderland region, the area contains more than three million people spanning 130 miles from east to west. From the badlands--the historically notorious eastern Valle de Juárez--to the Puerto Palomas port of entry at Columbus, New Mexico, this area has become more militarized and politicized than ever before. Mike Tapia examines this region by exploring a century of historical developments through a criminological lens and by studying the diverse subcultures on both sides of the law. Tapia looks extensively at the role of history and geography on criminal subculture formation in the binational urban setting of El Paso-Juárez, demonstrating the region's unique context for criminogenic processes. He provides a poignant case study of Homeland Security and the apparent lack of drug-war spillover in communities on the US-Mexico border.

Homies and Hermanos Robert Brenneman,2012 Using the tools of sociological theory, Robert Brenneman seeks to

discover why a pot-smoking, gun-wielding homie gang member would want to trade in la vida loca for a Bible and the buttoned-down lifestyle of an evangelical hermano (brother in Christ) - and to what extent this strategy works for the many youth who have tried it.

A Handbook of Latinx Art Rocío Aranda-Alvarado, Deborah Cullen-Morales, 2025-02-25 A curated selection of key texts and artists' voices exploring US Latinx art and art history from the 1960s to the present. A Handbook of Latinx Art is the first anthology to explore the rich, deep, and often overlooked contributions that Latinx artists have made to art in the United States. Drawn from wide-ranging sources, this volume includes texts by artists, critics, and scholars from the 1960s to the present that reflect the diversity of the Latinx experience across the nation, from the West Coast and the Mexican border to New York, Miami, and the Midwest. The anthology features essential writings by Mexican American, Puerto Rican, Cuban American, Dominican American, and Central American artists to highlight how visionaries of diverse immigrant groups negotiate issues of participation and belonging, material, style, and community in their own voices. These intersectional essays cut across region, gender, race, and class to lay out a complex emerging field that reckons with different histories, geographies, and political engagements and, ultimately, underscores the importance of Latinx artists to the history of American art.

Fictions of Authority Susan Sniader Lanser, 2018-03-15 Drawing on narratological and feminist theory, Susan Sniader Lanser explores patterns of narration in a wide range of novels by women of England, France, and the United States from the 1740s to the present. She sheds light on the history of voice as a narrative strategy and as a means of attaining social power. She considers the dynamics in personal voice in authors such as Mary Shelley, Charlotte Brontë, Zora Neale Hurston, and Jamaica Kincaid. In writers who attempt a communal voice—including Mary Wollstonecraft, Elizabeth Gaskell, Joan Chase, and Monique Wittig—she finds innovative strategies that challenge the conventions of Western narrative.
