

# Top 5 On Stoicism

**John Perry**

Spinoza and the Stoics Jon Miller, 2015-04-30 This book provides a systematic examination of the relations between the key elements of Spinoza's philosophy and the Stoics.

In the Shadow of the Round Tops Allen R. Thompson, 2023-06-27 Exciting new research lifts much of the fog surrounding the Battle of Gettysburg and offers a glimpse into what happened on that fateful day—July 2, 1863. James Longstreet's countermarch and Samuel Johnston's morning reconnaissance are two of the most enigmatic events of the Battle of Gettysburg. Both have been viewed as major factors in the Confederacy's loss of the battle and, in turn, the war. Yet much of it lies shrouded in mystery. Though the battle is one of the most well-documented events in history, the vast majority of our knowledge comes from the words of the veterans and civilians who experienced it. Without action photography, video, or audio recordings, our primary window into what happened is the memory of those who were there. The story of the Battle of Gettysburg is simply the compilation of the memories of those who fought it. But memory is anything but objective. Recognizing the multitude of factors that affect human memory, *In the Shadow of the Round Tops* explores how the individual soldiers experienced, remembered, and wrote about the battle, and how those memories have created a cloud over James Longstreet's enigmatic countermarch and Samuel Johnston's infamous reconnaissance. Each soldier had a particular view of these historic events. Because many people saw part of the story, but no one saw all of it, each memory is a critical piece to the puzzle. By comparing the veterans' memories and sifting through the factors that affected each memory, the picture of the countermarch, reconnaissance, and the entire battle, comes into sharper focus.

**Stoicism. Stoic philosophy classics collection. Illustrated edition** Seneca, Epictetus, Marcus Aurelius, 2021-04-22 Stoicism is a philosophical school of thought that originated during the early Hellenistic era (circa 300 BC). It flourished throughout the Roman and Greek world until the 3rd century A.D. Lucius Annaeus Seneca, Epictetus, and Emperor Marcus Aurelius were prominent promoters of stoicism. However, Christianity became the religion of the state during the 4th century and stoicism rapidly declined. Over the years, stoicism has experienced some periods of revival, notably during the Renaissance (Neo-Stoicism) and during the modern era (modern stoicism). Lucius Annaeus Seneca, *Letters from a Stoic* Epictetus, *Discourses and Selected Writings* Marcus Aurelius, *The Meditations Of The Emperor*

**Deleuze, A Stoic** Johnson Ryan J. Johnson, 2020-03-02 Deleuze dramatises the story of ancient philosophy as a rivalry of

four types of thinkers: the subverting pre-Socratics, the ascending Plato, the interiorising Aristotle and the perverting Stoics. Deleuze assigns the Stoics a privileged place because they introduced a new orientation for thinking and living that turns the whole story of philosophy inside out. Ryan Johnson reveals Deleuze's provocative reading of ancient Stoicism produced many of his most singular and powerful ideas. For Deleuze, the Stoics were innovators of an entire system of philosophy which they structured like an egg. Johnson structures his book in this way: Part I looks at physics (the yolk), Part II is logic (the shell) and Part III covers ethics (the albumen). Including previously untranslated French Stoic scholarship, Johnson unearths new possibilities for bridging contemporary and ancient philosophy.

Roman Stoicism Edward Vernon Arnold, 1911

*Stoicism* John Sellars, 2006 Stoicism needs a new work of this kind. Sellars not only takes good account of the last thirty years of research, he also has much of his own to contribute. I particularly applaud his focus on Epictetus and on Stoicism as an art of life. --A.A. Long, author of *Stoic Studies*

The Stoic Doctrine of Providence Bernard Collette, 2021-08-26 The Stoic Doctrine of Providence attempts to reconstruct the Stoic doctrine of providence (as argued for in ancient texts now lost) and explain its many fascinating philosophical issues. Examining issues such as the compatibility between good and evil, and how a provident god can serve as model of political leadership, this is the first monograph of its kind to focus on the question of Stoic providence. It offers an in-depth study of the meaning and importance of this topic in eight distinct generations of Stoics, from Zeno of Citium (fourth century B.C.) to Panaetius of Rhodes (second century B.C.) to Marcus Aurelius (second century A.D.). The Stoic Doctrine of Providence is key reading for anyone interested in Ancient Stoicism or the study of divine providence in a philosophical setting.

*A New & Complete Critical Dictionary of the English & German Languages*, 1860

*The Stoics on Ambiguity* Catherine Atherton, 1993-10-21 Examines Stoic work on ambiguity.

**The Stoics on Lekta** Ada Bronowski, 2019 After Plato's Forms, and Aristotle's substances, the Stoics posited the fundamental reality of lekta - the meanings of sentences, distinct from the sentences themselves. This volume analyses the resulting unique, complex, and consistent cosmic view in which lekta are the keystones of the structure of reality: they are all there is to say.

*Youth Social Action in the Library* Gina Seymour,2025-01-23 Learn how to take an apolitical, unbiased stance to support students as they pursue research, literature connections, maker activities, and civic engagement projects in their communities, nationally, and globally. This book outlines school and public library programs, activities, and collaborative projects that will help students learn how to accomplish their goals in their communities. Highlighting the role of the librarian in fostering critical thinking and problem-solving skills, the book explores controversial topics to qualify and expand best practices. By incorporating the programs in the book, librarians can help students learn how to have reasoned arguments inside and outside of the classroom and to become responsible members of society. UN Sustainable Development Goals are addressed, making this book not only based in community but global in scope. Numerous examples of youth activism from volunteering to protest marches are explained and are broad enough to be applied not only to current trends but also to future causes.

**Stoicism Exercises for Doing the Right Thing Right Now (The Surprisingly Simple Philosophy to Change Your Life for the Better)** Steve Enright,2024-01-10 Therefore, it's no surprise that ancient Stoic texts contain invaluable wisdom on how to calm the mind. The challenge, however, is to find and translate this wisdom in a way that's simple and comprehensible in our modern context, while still maintaining its profundity. Here's just a fraction of what you'll discover inside: Why Stoicism is an emotional Swiss Army knife Prince William's way of putting himself into somebody else's shoes to better understand life and what we can all learn from his experience The true secret to happiness and why it continues to elude so many people Why contemplating death gives us a fuller appreciation of the value of life The single biggest secret to improving your focus and determining what really matters in your life Life's a journey, but you don't have to travel alone. With Stoicism on your side, you'll be able to roll with the punches and make the most of whatever comes your way, good or bad.
