Understanding War Christian P. Potholm, 2016-08-03 The third book in Professor Christian Potholm's war trilogy (which includes *Winning at War* and *War Wisdom*), *Understanding War* provides a most workable bibliography dealing with the vast literature on war and warfare. As such, it provides insights into over 3000 works on this overwhelmingly extensive material. *Understanding War* is thus the most comprehensive annotated bibliography available today. Moreover, by dividing war material into eighteen overarching themes of analysis and fifty seminal topics, and focusing on these, *Understanding War* enables the reader to access and understand the broadest possible array of materials across both time and space, beginning with the earliest forms of warfare and concluding with the contemporary situation. Stimulating and thought-provoking, this volume is essential for an understanding of the breadth and depth of the vast scholarship dealing with war and warfare through human history and across cultures.

Subject Guide to Women of the World Katharine Phenix, 1996 *Subject Guide to Women of the World* is designed to be used in conjunction with Norma Olin Ireland's *Index to Women of the World from Ancient to Modern Times: Biographies and Portraits and the Supplement*. Together these books guide their users to approximately 24,000 women mentioned in 1385 collected biographies and special magazine supplements. Entries are listed alphabetically by last name, followed by author, short title information, and page number of the original bibliographic source. Ireland's indexes are useful to those who require biographical information about women whose names are known. The *Subject Guide* will identify women by

occupation or subject area and lead the user to the woman's name and appropriate Ireland index. Great care has been taken to preserve consistency between the Subject Guide and the Ireland indexes and to provide access to information through as many subjects as possible. Comprehensive in scope and meticulously organized, the Subject Guide to Women of the World is an essential resource for those owning the Ireland indexes.

Yugoslavia In The 1980s Sabrina Ramet,2019-03-15 The opening years of 1980 were difficult for Yugoslavia: Open revolt has occurred in Kosovo province and economic hardship has added to a general crisis of confidence. The system of self-management, once the pride of Yugoslav ideologists, has come increasingly under fire in post-Tito Yugoslavia as proponents of the system search for a new basis of

The Routledge Companion to Governance in the Arts World Ruth Rentschler,Wendy Reid,Chiara Carolina Donelli,2025-04-24 This research compendium of arts governance brings expert insights from management through the humanities and social sciences to provide a comprehensive global overview of how the field is evolving as the world is in turmoil. Moving beyond the traditional governance focus on boards, the book is structured across a framework that provides five levels of analysis: individual board directors, boards, arts organisations, community collaborations and public policy instances around the world. Contributors examine urgent contemporary issues in arts governance such as toxic leadership, bad behaviour, discrimination and post-colonialism. They present governance definitional challenges, governance struggles for organisations of different sizes and types, in different regimes, with different accountabilities, complexities, collaborations and policy environments. Experts from around the world are brought together in this book to explore and illuminate the creative sector's distinct dynamics in arts governance. The book is an essential scholarly resource for academics, students and reflective practitioners of arts and cultural management.

The Long Revolution of the Global South Samir Amin,2019-04-22 The final writings of Samir Amin—a mix of personal experiences and theoretical analysis of global challenges and movements In this second volume of his memoirs, Amin takes us on a journey to a dizzying array of countries, recounting the stages of his ongoing dialogue over several decades with popular movements struggling for a better future. As in his many works over the years, *The Long Revolution of the Global South* combines Amin's astute theoretical analyses of the challenges confronting the world's oppressed peoples with militant action. In these final writings based on his life, Amin presents us with theoretical interventions, analyses of political conjunctures, and narration of personal experiences. Amin's reminiscences of travels to places too often overlooked by the world at large are a joy to read. We even catch a glimpse of some of his memorable—and sometimes not so

memorable—culinary adventures.

Soviet Influences on Postwar Yugoslav Gender Policies Ivan Simic, 2018-08-01 This book explores Soviet influences on Yugoslav gender policies, examining how Yugoslav communists interpreted, adapted and used Soviet ideas to change Yugoslav society. The book sheds new light on the role of Soviet models in producing Yugoslav family and reproductive laws, and in framing the understandings of gender which affected key policies such as the collectivisation of agriculture, labour policies, policies towards Muslim populations, and policies concerning youth sexuality. Through a gender analysis of all these policies, this book points to the difficulties of applying Soviet solutions in Yugoslavia. Deeply entrenched patriarchal attitudes undermined Yugoslav communists' ability to challenge gender norms, causing many disputes and struggles within the Communist Party over the meanings and application of Soviet gender models. Yet, Soviet models informed how Yugoslav communists approached gender-related issues for many years, even after the conflict erupted between these two countries.
