**The Seamstress of New Orleans** Diane C. McPhail, 2022-05-31 Set against the backdrop of the first all-female Mardi Gras krewe at the turn-of-the-century, the acclaimed author's mesmerizing historical novel tells of two strangers separated by background but bound by an unexpected secret—and of the strength and courage women draw from and inspire in each other. “An undercurrent of New Orleans’s dark side propels the story, heightening the tension and supplying McPhail with a wealth of evocative details.” – Publishers Weekly The year 1900 ushers in a new century and the promise of social change, and women rise together toward equality. Yet rules and restrictions remain, especially for women like Alice Butterworth, whose husband has abruptly disappeared. Desperate to make a living for herself and the child she carries, Alice leaves the bitter cold of Chicago far behind, offering sewing lessons at a New Orleans orphanage. Constance Halstead, a young widow reeling with shock under the threat of her late husband's gambling debts, has thrown herself into charitable work. Meeting Alice at the orphanage, she offers lodging in exchange for Alice's help creating a gown for the Leap Year ball of Les Mysterieuses, the first all-female krewe of Mardi Gras. During Leap Years, women have the rare opportunity to take control in their interactions with men, and upend social convention. Piece by piece, the breathtaking gown takes shape, becoming a symbol of strength for both women, reflecting their progress toward greater independence. But Constance carries a burden that makes it impossible to feel truly free. Her husband, Benton, whose death remains a dangerous mystery, was deep in debt to the Black Hand, the vicious gangsters who controlled New Orleans' notorious Storyville district. Benton's death has not

satisfied them. And as the Mardi Gras festivities reach their fruition, a secret emerges that will cement the bond between Alice and Constance even as it threatens the lives they're building . . .

**The American Novel to 1870** J. Gerald Kennedy, Leland S. Person, 2014 The American Revolution and the Civil War bracket roughly eight decades of formative change in a republic created in 1776 by a gesture that was both rhetorical and performative. The subsequent construction of U.S. national identity influenced virtually all art forms, especially prose fiction, until internal conflict disrupted the project of nation-building. This volume reassesses, in an authoritative way, the principal forms and features of the emerging American novel. It will include chapters on: the beginnings of the novel in the US; the novel and nation-building; the publishing industry; leading novelists of Antebellum America; eminent early American novels; cultural influences on the novel; and subgenres within the novel form during this period. This book is the first of the three proposed US volumes that will make up Oxford's ambitious new twelve-volume literary resource, *The Oxford History of the Novel in English* (OHONE), a venture being commissioned and administered on both sides of the Atlantic.

**Urban Rehearsals and Novel Plots in the Early American City** Elizabeth Klimasmith, 2021 Explores how early American Republic literary texts about urban life played an important role in constructing urban spaces and identities in the young United States, and how books allowed readers to access and practice being urban.

*The Oxford History of the Novel in English* J. Gerald Kennedy, Leland S. Person, 2014-06-26 *The Oxford History of the Novel in English* is a 12-volume series presenting a comprehensive, global, and up-to-date history of English-language prose fiction and written by a large, international team of scholars. The series is concerned with novels as a whole, not just the literary novel, and each volume includes chapters on the processes of production, distribution, and reception, and on popular fiction and the fictional sub-genres, as well as outlining the work of major novelists, movements, traditions, and tendencies. In thirty-four essays, this volume reconstructs the emergence and early cultivation of the novel in the United States. Contributors discuss precursors to the U.S. novel that appeared as colonial histories, autobiographies, diaries, and narratives of Indian captivity, religious conversion, and slavery, while paying attention to the entangled literary relations that gave way to a distinctly American cultural identity. The Puritan past, more than two centuries of Indian wars, the American Revolution, and the exploration of the West all inspired fictions of American struggle and self-discovery. A fragmented national publishing landscape comprised of small, local presses often disseminating odd, experimental forms eventually gave rise to major houses in Boston, New York, and Philadelphia and a consequently robust culture of letters. Dime novels, literary magazines, innovative print technology, and even favorable postal rates contributed to the burgeoning domestic book trade in place by the time of the Missouri Compromise. Contributors weigh novelists of this period alongside their most enduring fictional works to reveal how even the most American of novels sometimes confronted the inhuman practices upon which the

promise of the new republic had been made to depend. Similarly, the volume also looks at efforts made to extend American interests into the wider world beyond the nation's borders, and it thoroughly documents the emergence of novels projecting those imperial aspirations.

The Knights of Wade Michael Strecker,2024-03-11 In this comedic novel set in New Orleans in the late 1980s, an inveterate lottery player will risk everything--except gainful employment--to strike it rich. Filled with local-flavored humor, it features engaging, unforgettable characters and a unique plot that offers insights into fate, faith, and the vagaries of life.

**Voices and Visions** Nancy Dixon,Leslie Petty,2025-01-15 Contributions by Ruth R. Caillouet, Mary C. Carruth, Nancy Dixon, Kathleen Downes, Edward J. Dupuy, Shari Evans, Paul Fess, Carina Evans Hoffpauir, Leslie Petty, Heidi Podlasi-Labrenz, Tierney S. Powell, Shanna M. Salinas, Matthew Teutsch, and Marcus Charles Tribbett *Voices and Visions: Essays on New Orleans's Literary History* examines a rich combination of writers and texts, from antebellum works like Martin R. Delany's novel, *Blake*, and the poetry of Les Cénelles to Patricia Smith's recent collection of poems, *Blood Dazzler*. The thirteen essays in *Voices and Visions* treat two hundred years of literature and include discussions on canonical, contemporary, and experimental writers. Authors often associated with New Orleans such as Kate Chopin, George Washington Cable, and Walker Percy are treated in new ways, as are well-known writers who are not often thought of in relation to the city: Charles Chesnutt, Eudora Welty, Zora Neale Hurston, and Joy Harjo. Examining this wide array of voices demonstrates the myriad ways New Orleans's storied past has affected its present. Scholars find enduring themes—race, gender, religion, disease, art—but do so in the context of emerging conversations. Essayists in the volume address such topics as New Orleans as part of the Global South and the Black diaspora, the transformation of New Orleans after Hurricane Katrina, and the recovery of previously lost voices, including those of Native Americans and immigrants. They also discuss the legacy of pandemics and racial violence that in more recent years has been manifest in the COVID-19 outbreak and the Black Lives Matter movement.

*Urban Rehearsals and Novel Plots in the Early American City* Betsy Klimasmith,2021-11-04 *Urban Rehearsals and Novel Plots in the Early American City* sheds new light on the literature of the early US by exploring how literature, theatre, architecture, and images worked together to allow readers to imagine themselves as urbanites even before cities developed. In the four decades following the Revolutionary War, the new nation was a loose network of nascent cities connected by print. Before a national culture could develop, local city cultures took shape; literary texts played key roles in helping new Americans become city people. Drawing on extensive archival research, *Urban Rehearsals* argues that literature, particularly novels and plays, allowed Bostonians to navigate the transition from colonial town to post-revolution city, enabled Philadelphians to grieve their experiences of the 1793 Yellow Fever epidemic and rebuild in the epidemic's aftermath, and showed New Yorkers how the domestic practices that reinforced their urbanity could be opened to the broader public.

Throughout, attention to underrepresented voices and texts calls attention to the possibilities for women, immigrants, and Black Americans in developing urban spaces, while showing how those possibilities would be foreclosed as the nation developed. Balancing attention to canonical texts of the early Republic, including *The Power of Sympathy*, *Charlotte Temple*, and Benjamin Franklin's *Autobiography*, with novels whose depiction of early cities deserves greater attention, such as *Ormond*, *The Boarding-School*, *Monima*, and *Kelroy*, this volume shows how US cities developed on the pages and stages of the early Republic, building urban imaginations that would construct the nation's early cities.

**The Concise Oxford Companion to American Literature** James D. Hart, Wendy Martin, Danielle Hinrichs, 2021-01-21 For nearly half a century, James D. Hart's *Oxford Companion to American Literature* has offered a matchless guided tour through American literary culture, both past and present, with brief biographies of important authors, descriptions of important literary movements, and a wealth of information on other aspects of American literary life and history from the Colonial period to the present day. In this second edition of the Concise version, Wendy Martin and Danielle Hinrichs bring the work up to date to more fully reflect the diversity of the subject. Their priorities have been, foremost, to fully represent the impact of writers of color and women writers on the field of American literature, and to increase the usefulness of the work to students of literary theory. To this end, over 230 new entries have been added, including many that cover women authors; Native American, African American, Asian American, Latino/a, and other contemporary ethnic literatures; LGBT, trans, and queer studies; and recent literary movements and evolving areas of contemporary relevance such as eco-criticism,

disability studies, whiteness studies, male/masculinity studies, and diaspora studies.

**The Center of the World** June Howard, 2018-10-25 Regional Writing and the Puzzles of Place-Time is a study of literary regionalism. It focuses on the fiction of the United States and considers the place of the genre in world literature. Regionalism is usually understood to be a literature bound to the local, but this study explores how regional writing shapes ways of imagining not only the neighborhood or the province, but also the nation, and ultimately the world. Its key premise is that thinking about place always entails imagining time. It analyzes how concepts crystallize across disciplines and in everyday discourse and proposes ways of revising American literary history and close readings of particular authors' work. It demonstrates, for example, the importance of the figure of the school-teacher and the one-room schoolhouse in local color and subsequent place-focused writing. Such representations embody the contested relation in modernity between localities and the knowledge they produce, and books that carry metropolitan and cosmopolitan learning. The volume discusses fiction from the nineteenth, twentieth, and twenty-first centuries, including works by Sui Sin Far/Edith Eaton, Sarah Orne Jewett, Ernest Gaines, Wendell Berry, and Ursula LeGuin as well as romance novels and regional mysteries.

*American Naturalistic and Realistic Novelists* Edd C. Applegate, 2001-11-30 Realistic writers seek to render accurate representations of the world, and their novels contain authentic details and descriptions of their characters and settings. Like Realistic authors, Naturalistic ones similarly try to portray the world accurately, but they tend to depict the darker side of life. Realism was born in Europe in the nineteenth century and soon became popular in the United States, while Naturalism became prominent at the beginning of the twentieth century. Both traditions have continued in one form or another to the present day, and Realistic and Naturalistic novelists include some of America's most significant authors, such as Sherwood Anderson, Saul Bellow, Ambrose Bierce, Willa Cather, Theodore Dreiser, Ralph Ellison, and Jack London. This reference includes biographical and critical entries for more than 120 American Naturalistic and Realistic novelists. An introductory essay discusses the history of the Realistic and Naturalistic traditions, points to the difficulty of defining them, and surveys the many authors who have been associated with the two movements. The entries that follow are arranged alphabetically to facilitate use. Each includes basic biographical information and a narrative overview of the writer's educational background, professional career, and published works. The writer's works are briefly discussed in relation to the Realistic and Naturalistic traditions. Entries include primary and secondary bibliographies, and the volume closes with a list of works for further reading.

*The Oxford Companion to American Literature* James D. Hart, Phillip Leininger, 1995-10-12 For more than half a century, James D. Hart's *The Oxford Companion to American Literature* has been an unparalleled guide to America's literary culture, providing one of the finest resources to this country's rich history of great writers. Now this acclaimed work has been completely revised and updated to reflect current developments in the world of American letters. For the sixth edition, editors

James D. Hart and Phillip Leininger have updated the Companion in light of what has happened in American literature since 1982. To this end, they have revised the entries on such established authors as Saul Bellow, Norman Mailer, and Joyce Carol Oates, and they have added more than 180 new entries on novelists (T. Coraghessan Boyle, Tim O'Brien, Louise Erdrich, Don De Lillo), poets (Rita Dove, Weldon Kees), playwrights (Wendy Wasserstein, August Wilson), popular writers (Stephen King, Louis L'Amour), historians (James M. McPherson, David Herbert Donald, William Manchester), naturalists (Aldo Leopold, Edward Abbey), and literary critics (Camille Paglia, Richard Ellmann). In addition, the Companion boasts more women's, African-American, and ethnic voices, with new entries on such luminaries as Charlotte Perkins Gilman, M.F.K. Fisher, William Least Heat-Moon, Ursula Le Guin, and Oscar Hijuelos, among many others. These additions represent only some of the revisions for the new edition. Of course, the basic qualities of the Companion that readers have grown to know and love over the years are as superb as ever. With over 5,000 total entries, The Oxford Companion to American Literature reflects a dynamic balance between past and contemporary literature, surveying virtually every aspect of our national literature, from the Pulitzer Prize to pulp fiction, and from Walt Whitman to William F. Buckley, Jr. There are over 2,000 biographical profiles of important American authors (with information regarding their styles, subjects, and major works) and influential foreign writers as well as other figures who have been important in the nation's social and cultural history. There are more than 1,100 full summaries of important American novels, stories, essays, poems (with verse form noted), plays, biographies and autobiographies, tracts, narratives, and histories. The new edition provides historical background and astute commentary on literary schools and movements, literary awards, magazines, newspapers, and a wide variety of other matters directly related to writing in America. Finally, the book is thoroughly cross-referenced and features an extensive and fully updated index of literary and social history. Ranging from Captain John Smith to John Updike, and from Anne Bradstreet to Anne Rice, the sixth edition of The Oxford Companion to American Literature is up to date, accurate, and comprehensive, a delight for both the casual browser and the serious student.

**Rightsizing Your Life** Ciji Ware, 2007-07-31 A practical, down-to earth guide for streamlining your possessions and making time for the things that matter. Whether it's going from the multi-bedroom suburban house to the city condo, or from a country and city house to one cozy cottage, millions of Americans in the coming years will face the task of planning a shift to smaller or more practical quarters, paring down a lifetime of possessions and furnishing their new lives with things that have meaning. This simplification of surroundings and stuff will liberate people in mid-life to pursue their passions such as travel or hobbies without the responsibilities of a big house weighing them down. Rightsizing will be more than a handbook about the process of planning a new environment, jettisoning a lifetime's worth of surplus household items, and moving painlessly into a more suitable space. It will also be the first comprehensive guide to the emotional passage that this winnowing process entails, providing a prescription for the internal hurdles that can easily sabotage sensible decision

making.

**African Settings in Contemporary American Novels** Dave Kuhne, 1999-05-30 Africa has long captured the Western imagination as a land shrouded in danger and mystery. British and American novels written before World War II established popular conventions and stereotypes about Africa that have been increasingly challenged by contemporary American novels set in Africa. Kuhne's book overviews the ways in which Africa has been employed as a powerful setting for American novels written since World War II. Kuhne argues that contemporary American novels with African settings are largely didactic, that these novels convey specific lessons about Africa and Africans, and that they compare African and American cultures in order to evaluate and critique the two worlds. The book begins by summarizing the conventions and themes Westerners have traditionally associated with Africa and by detailing how British and American authors from Aphra Behn to Ernest Hemingway depicted Africa before World War II. It then looks at contemporary American novels set in invented African nations, novels that typically suggest that the problems that trouble actual African nations are the result of colonialism. A separate chapter then examines the African novels of African Americans, which generally aim to correct the historical record, refute stereotypes, and detail the horrors of the slave trade. The volume also looks at genre fiction set in Africa, while a final chapter discusses postcolonial novels with African settings.

*Encyclopedia of Romance Fiction* Kristin Ramsdell, 2018-09-07 As the first encyclopedia solely devoted to the popular romance fiction genre, this resource provides a wealth of information on all aspects of the subject. Romance fiction accounts for a large share of book sales each year, and contrary to popular belief, not all of its readers are women: roughly 16 percent are men. This enormously popular genre continues to captivate people reading for pleasure, and it also commands a growing amount of academic interest. Included are alphabetically arranged reference entries on significant authors along with works, themes, and other topics. The articles are written by scholars, librarians, and industry professionals with a deep knowledge of the genre and so provide a thorough understanding of the subject. An index provides easy access to information within the entries, and bibliographies at the end of each entry, a general bibliography, and a suggested romance reading list allow for further study of the genre.

**The Chronology of American Literature** Daniel S. Burt, 2004 If you are looking to brush up on your literary knowledge, check a favorite author's work, or see a year's bestsellers at a glance, *The Chronology of American Literature* is the perfect resource. At once an authoritative reference and an ideal browser's guide, this book outlines the indispensable information in America's rich literary past--from major publications to lesser-known gems--while also identifying larger trends along the literary timeline. Who wrote the first published book in America? When did Edgar Allan Poe achieve notoriety as a mystery writer? What was Hemingway's breakout title? With more than 8,000 works by 5,000 authors, *The Chronology* makes it easy to find answers to these questions and more. Authors and their works are grouped within each year by

category: fiction and nonfiction; poems; drama; literary criticism; and publishing events. Short, concise entries describe an author's major works for a particular year while placing them within the larger context of that writer's career. The result is a fascinating glimpse into the evolution of some of America's most prominent writers. Perhaps most important, *The Chronology* offers an invaluable line through our literary past, tying literature to the American experience--war and peace, boom and bust, and reaction to social change. You'll find everything here from Benjamin Franklin's *Experiments and Observations on Electricity*, to Davy Crockett's first memoir; from Thoreau's *Civil Disobedience* to Edith Wharton's *Ethan Frome*; from meditations by James Weldon Johnson and James Agee to poetry by Elizabeth Bishop. Also included here are seminal works by authors such as Rachel Carson, Toni Morrison, John Updike, and Arthur Schlesinger, Jr. Lavishly illustrated--and rounded out with handy bestseller lists throughout the twentieth century, lists of literary awards and prizes, and authors' birth and death dates--*The Chronology of American Literature* belongs on the shelf of every bibliophile and literary enthusiast. It is the essential link to our literary past and present.

*Detecting the South in Fiction, Film, and Television* Deborah E. Barker, Theresa Starkey, 2019-10-23 *Detecting the South in Fiction, Film, & Television*, edited by Deborah E. Barker and Theresa Starkey, examines the often-overlooked and undervalued impact of the U.S. South on the origins and development of the detective genre and film noir. This wide-ranging collection engages with ongoing discussions about genre, gender, social justice, critical race theory, popular culture, cinema, and mass media. Focusing on the South, these essays uncover three frequently interrelated themes: the acknowledgment of race as it relates to slavery, segregation, and discrimination; the role of land as a source of income, an ecologically threatened space, or a place of seclusion; and the continued presence of the southern gothic in recurring elements such as dilapidated plantation houses, swamps, family secrets, and the occult. Twenty-two critical essays probe how southern detective narratives intersect with popular genre forms such as neo-noir, hard-boiled fiction, the dark thriller, suburban noir, amateur sleuths, journalist detectives, and television police procedurals. Alongside essays by scholars, *Detecting the South in Fiction, Film, and Television* presents pieces by authors of detective and crime fiction, including Megan Abbott and Ace Atkins, who address the extent to which the South and its artistic traditions influenced their own works. By considering the diversity of authors and characters associated with the genre, this accessible collection provides an overdue examination of the historical, political, and aesthetic contexts out of which the southern detective narrative emerged and continues to evolve.
