Bobby Borg

Take Five Doug Ramsey, 2005 Biography of jazz saxophonist Paul Desmond. Large format with 190 photographs.

Cataloging Sheet Music Music Library Association. Working Group on Sheet Music Cataloging Guidelines, 2003-07-08
Discussions are designed to expand the music cataloger's understanding of publishing practices peculiar to sheet music. While much of the content emphasizes the description of the music, there are also sections devoted to subject access to illustrations, first-line/chorus/refrain text, illustrators, engravers, and publishers, and extensive reproductions of title pages from the 18th through mid-20th centuries, accompanied by examples of the cataloging, are also included.

Dave Brubeck Philip Clark, 2020-02-18 THE DEFINITIVE, INVESTIGATIVE BIOGRAPHY OF JAZZ LEGEND DAVE BRUBECK (TAKE FIVE) In 2003, music journalist Philip Clark was granted unparalleled access to jazz legend Dave Brubeck. Over the course of ten days, he shadowed the Dave Brubeck Quartet during their extended British tour, recording an epic interview with the bandleader. Brubeck opened up as never before, disclosing his unique approach to jazz; the heady days of his classic quartet in the 1950s-60s; hanging out with Duke Ellington, Charlie Parker, Louis Armstrong, and Miles Davis; and the many controversies that had dogged his 66-yearlong career. Alongside beloved figures like Ella Fitzgerald and Frank Sinatra, Brubeck has achieved name recognition beyond jazz. But finding a convincing fit for Brubeck's legacy, one that reconciles his mass popularity with his advanced musical technique, has proved largely elusive. In *Dave Brubeck: A Life in Time*, Clark provides us with a thoughtful, thorough, and long-overdue biography of an extraordinary man whose influence continues to inform and inspire musicians today. Structured around Clark's extended interview and intensive new research, this book recounts one of the last untold stories of jazz, unearthing the secret history of *Take Five* and many hitherto unknown aspects of Brubeck's early career—and sharing details about his creative relationship with his star saxophonist, Paul Desmond. Woven throughout are cameo appearances from a host of unlikely figures, from Sting, Ray Manzarek of The Doors, and Keith Emerson to John Cage, Leonard Bernstein, Harry Partch, and Edgard Varèse. Each chapter explores a different theme or aspect of Brubeck's life and music, illuminating the core of his artistry and genius. To quote President Obama, as he awarded the musician with a Kennedy Center Honor: You can't understand America without understanding jazz, and you can't understand jazz without understanding Dave Brubeck.

How to Play the Piano James Rhodes, 2019-04-02 Now you can master Bach's most beautiful prelude—even if you've

never sat down at a piano before! Do you have a piano (or keyboard) and forty-five spare minutes every day? Then spend the next six weeks with acclaimed concert pianist James Rhodes. By the end, you'll be able to perform Bach's Prelude No. 1 in C major—no prior musical experience required! Rhodes reveals How to Play the Piano step by step—how to read the treble and bass clefs as well as sharp and flat notes, and then how to practice—before teaching the Prelude in easy, bite-size segments. His method is free of tedious drills, and filled with inspiration: "If listening to music is soothing for the soul, then playing music is achieving enlightenment." Before you know it, not only will you have learned how to play one of Bach's most beloved masterpieces—you also will have unleashed your creativity, exercising your mind (and fingers) and accomplishing something you never thought possible. Bravo! Includes four instructional videos supported by select e-reader devices.

Illustrated Sheet Music in the U.S., 1830-1930 Theresa Leininger-Miller, Kenneth Hartvigsen, 2025-01-23 Illustrated sheet music was one of the most democratic forms of visual imagery in the U.S., owned by millions of Americans wooed by compelling lithographic covers, who displayed and performed compositions on home pianos. Advancements in printing technologies in the 19th century, together with an emergent commercial system that facilitated the publication and broad distribution of popular music, led to a surge of elaborately illustrated sheet music. This book features essays by cutting-edge scholars who analyze the remarkable images that persuaded U.S. citizens to purchase mass-produced compositions for both personal and social pleasure. With some songs selling millions of copies as printed musical scores, music publishers commissioned artists to draw every conceivable subject as promotional illustrations, including genre scenes, portraits, political and historical events, sentimental allegories, flowers, landscapes, commercial buildings, and maritime views. As ubiquitous and democratic material culture, this imagery affected ordinary people in far greater ways than unique objects, like paintings and sculpture, possibly could. The pictures, many in saturated color with bold graphics, still intrigue, amaze, and amuse viewers today with their originality, skill, and content. Rooted in visual analysis, topics in this collection include perennially significant themes: race, ethnicity, gender, sexuality, class, politics, war, patriotism, propaganda, religion, transportation, regional centers of production, technology, Reconstruction, romance, and comedy, as well as bodies of work by specific illustrators and lithographic firms. In recognizing the role that individuals have played in preserving these remarkable objects, it also features interviews with enthusiasts who own two of the largest private collections of sheet music in the U.S.

Music Collection Development and Management in the Digital Age Kirstin Dougan Johnson,2023 Music Collection Development and Management in the Digital Age offers both a theoretical context and practical approaches to the issues facing today's music collection builders and managers. In this exciting new book, Kirstin Dougan Johnson engages readers with many of the core responsibilities involved with music collections, in both music library and general library settings. The author examines the whole of music collections, incorporating into that vision guidance on the principles and tasks involved with collection building, acquisitions, management, and assessment. Details include music formats and publishing, music identification and discoverability, the context of music collections and the tasks involved in building and scoping them, diversity and inclusion in music collections, budgets and acquisitions workflows, pre- and post-order tasks, collection management and assessment, and future directions for collection development in music. With its focus on issues related to music scores and media in physical and electronic forms, Music Collection Development and Management in the Digital Age directly addresses subject librarians who select music materials in academic libraries. The volume also serves music librarians in other settings, such as public and conservatory libraries. All in all, Music Collection Development and Management in the Digital Age is an essential reference for all who work with music collections, whether in music libraries specifically, general library collections with music holdings, or centralized library acquisitions departments.

London Symphonies Nos. 99-104 in Full Score Joseph Haydn,1999-01-01 It was in his monumental 12 London symphonies, composed between 1791 and 1795, that Haydn shaped the early form of the symphony and set the standard for later composers. According to the New Grove's Dictionary of Music and Musicians, the appeal of these works stems from their stature as grand symphonies, embodying a broader presentation of musical ideas and themes and motifs of a basic simplicity and immediate appeal. The present volume contains the last six symphonies in the series, including the lively Military Symphony (No. 100), the delightful Clock Symphony (No. 101), and the world-famous London Symphony (No. 104). Scores included in this volume are Symphony No. 99 in E-flat Major; Symphony No. 100 in G Major (Military); Symphony No. 101 in D Major (The Clock); Symphony No. 102 in B-flat Major; Symphony No. 103 in E-flat Major (Dumroll); and Symphony No. 104 in D Major (London). The attractive qualities of these works have made them perennial favorites with musicians and concertgoers for over two hundred years. Now music lovers can study and enjoy the elegant structure and polished orchestration of these enduring masterpieces in this authoritative full-score edition.
