Ignore It! Catherine Pearlman, PhD, LCSW, 2017-08-08 This book teaches frustrated, stressed-out parents that selectively ignoring certain behaviors can actually inspire positive changes in their kids. With all the whining, complaining, begging, and negotiating, parenting can seem more like a chore than a pleasure. Dr. Catherine Pearlman, syndicated columnist and one of America's leading parenting experts, has a simple yet revolutionary solution: Ignore It! Dr. Pearlman's four-step process returns the joy to child rearing. Combining highly effective strategies with time-tested approaches, she teaches parents when to selectively look the other way to withdraw reinforcement for undesirable behaviors. Too often we find ourselves bargaining, debating, arguing and pleading with kids. Instead of improved behavior parents are ensuring that the behavior will not only continue but often get worse. When children receive no attention or reward for misbehavior, they realize their ways of acting are ineffective and cease doing it. Using proven strategies supported by research, this book shows parents how to: - Avoid engaging in a power struggle - Stop using attention as a reward for misbehavior - Use effective behavior modification techniques to diminish and often eliminate problem behaviors Overflowing with wisdom, tips, scenarios, frequently asked questions, and a lot of encouragement, Ignore It! is the parenting program that promises to return bliss to the lives of exasperated parents.

Beefcake and Mistakes Judi Fennell, 2015-01-28 Big Mistakes Come in Small Packages... Bryan Lassiter never knew he had a son—until the day he sees little Trevor Corrigan in the grocery store. Those distinctive violet eyes, that hair, that birthmark... Remembering his own feelings about being adopted, this owner of BeefCake, Inc. and sometime exotic dancer craves the connection with the one person on the planet who shares his genes. Of course, Trevor's mom has pretty nice "jeans" as well, igniting a craving for a different kind of connection. Or reconnection, in spite of Bryan not remembering their first night together. But the proof is standing there in front of him, so it must have happened. Right? ...So do fabulous gifts... On her deathbed, Trevor's mother signed custody of her baby over to her half-sister, Jenna Corrigan. Since then, Jenna has worked hard to build a good life for the boy who's become the center of her world. Conceived by mistake after a one-night stand, Trevor's birth certificate lists his father as "unknown." As far as Jenna's concerned, he can stay that way. But one look at Bryan could lead Jenna to making the biggest mistake of her life. Those distinctive violet eyes, that hair, those come-kiss-me lips... Falling in love could be the biggest mistake of all... When Bryan mistakes Jenna for a hooker and she realizes he's

Trevor's father, the mistakes and misunderstandings begin growing. But something else is also growing between them, too. Sometimes, one wrong turn can be oh so right...

IT GIVES YOU STRENGTH Philip Raymond Brown , 2020-08-17 On a rescue mission to the distant planet Earth in 1926, an alien scientist, Tashan Zho, is transported into the dying body of bootlegger Ryan Costello. Upon his death, Costello's body is reanimated by the alien, and endowed with supernatural powers. Unfortunately, the body is so damaged from years of alcohol abuse that the alien's memory and his vital files are corrupted. All that remains of his mission plan is one phrase: "Find the one called Mike Kelly." Complicating matters, the alien soon discovers that Kelly is the leader of a criminal gang of

World War veterans, who are battling mobster Jack “Legs” Diamond for control of the lucrative Canada/New York rum-running market. Upon recognizing Costello's enhanced abilities and physical strength, Kelly forces the alien into the mob. Since Kelly is his only chance of discovering and completing his mission, the alien agrees. Costello soon learns his crucial task - to free an alien child from the infamous Craig Colony before his home world dispatches its “rescue armada.” A force so massive that its mere entry into the Earth’s atmosphere would devastate the planet. The story, a mashup of historical fiction, science fiction, and fantasy, is set in upstate New York during prohibition. The fictional characters interact with actual historical figures, including mobster Jack “Legs” Diamond, heavyweight champ Jack Dempsey, and World War heroine Edith Cavell.
