Pursuing the American Dream Calvin C. Jillson,2004 Marked by continuity, renewal, and expansion, the image of the Dream, Jillson contends, has been remarkably constant since well before the American Revolution - an image of a nation offering a better chance for prosperity than any other. His book reveals how that Dream has motivated our nation s leaders

and common citizens to move, sometimes grudgingly, toward a more open, diverse, and genuinely competitive society.

The Margaret Thatcher Book of Quotations Iain Dale, 2012-09-03 Margaret Thatcher enthralled whenever she speaks. Her political career has spanned five decades and her influence on world politics is undeniable. From followers she inspires devotion; from detractors she induces unprecedented venom - but they listen all the same. Margaret Thatcher is the most quoted British political leader since Winston Churchill and in this unique collection Iain Dale and Grant Tucker have picked out her most memorable remarks. Never far from emitting a scathing rebuke she possesses a facility for the spoken word rivalled by few others. Some quotes are funny, many are inspirational, most are thoughtful - but they are all unforgettable. Alongside Margaret Thatcher's own words, the book contains many quotes from her political allies and opponents, as well as from foreign leaders who were often on the end of a good handbagging. On her resignation some said we would never see her like again. So far they have been proved right. With a talent for the perfect response, Maggie's whiplash tongue has ensured that her magnetism endures.

No natural boundary seems to be set to the efforts of man; and in his eyes what is not yet done is only what he has not yet attempted to do"—Alexis de Tocqueville, *Democracy in America* (1835). "Americans will pay a big price for an invention that will help them save time they don't know what to do with"—Anonymous. This collection of quotations—both serious and humorous—about America is divided into 19 main topics: The Nation, The American People, Places, Nature, Mind, The Individual, Human Relations, Social Life, Culture and Media, Literature and Language, Religion and Belief, Past and Future, History, War and the Military, International Relations, Politics and Government, Law and Order, Business and Economy, and Food. Each main topic is divided into subtopics; for example, "Culture and Media" has these: Architecture, Art, Charlie Chaplin, Dance, Fashion, Intellectuals, Marilyn Monroe, Movies, Music, Elvis Presley, and Television. Babe Ruth - Quotes Collection - Biography, Achievements And Life Lessons Quotes Metaverse,2024-03-06 **BABE RUTH - QUOTES COLLECTION BIOGRAPHY, ACHIEVEMENTS AND LIFE LESSONS ABOUT BABE RUTH** Babe Ruth, born George Herman Ruth Jr. on February 6, 1895, in Baltimore, Maryland, was an American professional baseball player who went on to become one of the most iconic and legendary figures in the history of the sport. His impact on the game transcended generations, and his larger-than-life personality made him a cultural phenomenon beyond the confines of the baseball diamond. QUOTES SAMPLES: You just can't beat the person who never gives up. The way a team plays as a whole determines its success. You may have the greatest bunch of individual stars in the world, but if they don't play together, the club won't be worth a dime. Yesterday's home runs don't win today's games. Baseball was, is and always will be to me the best game in the world. I had only one superstition. I made sure to touch all the bases when I hit a home run. All I can tell them is pick a good one and sock it. I get back to the dugout and they ask me what it was I hit and I tell them I don't know

except it looked good.

Into the Quagmire Brian VanDeMark, 1995-05-18 In November of 1964, as Lyndon Johnson celebrated his landslide victory over Barry Goldwater, the government of South Vietnam lay in a shambles. Ambassador Maxwell Taylor described it as a country beset by chronic factionalism, civilian-military suspicion and distrust, absence of national spirit and motivation, lack of cohesion in the social structure, lack of experience in the conduct of government. Virtually no one in the Johnson Administration believed that Saigon could defeat the communist insurgency--and yet by July of 1965, a mere nine months later, they would lock the United States on a path toward massive military intervention which would ultimately destroy Johnson's presidency and polarize the American people. *Into the Quagmire* presents a closely rendered, almost day-by-day account of America's deepening involvement in Vietnam during those crucial nine months. Mining a wealth of recently opened material at the Lyndon Baines Johnson Library and elsewhere, Brian VanDeMark vividly depicts the painful unfolding of a national tragedy. We meet an LBJ forever fearful of a conservative backlash, which he felt would doom his Great Society, an unsure and troubled leader grappling with the unwanted burden of Vietnam; George Ball, a maverick on Vietnam, whose carefully reasoned (and, in retrospect, strikingly prescient) stand against escalation was discounted by Rusk, McNamara, and Bundy; and Clark Clifford, whose last-minute effort at a pivotal meeting at Camp David failed to dissuade Johnson from doubling the number of ground troops in Vietnam. What comes across strongly throughout the book is the deep pessimism of all the major participants as things grew worse--neither LBJ, nor Bundy, nor McNamara, nor Rusk felt confident that things would improve in South Vietnam, that there was any reasonable chance for victory, or that the South had the will or the ability to prevail against the North. And yet deeper into the quagmire they went. Whether describing a tense confrontation between George Ball and Dean Acheson (You goddamned old bastards, Ball said to Acheson, you remind me of nothing so much as a bunch of buzzards sitting on a fence and letting the young men die) or corrupt politicians in Saigon, VanDeMark provides readers with the full flavor of national policy in the making. More important, he sheds greater light on why America became entangled in the morass of Vietnam.

Of the People, by the People, for the People and Other Quotations from Abraham Lincoln Abraham Lincoln, G. S. Boritt, 1996 -- Thomas F. Schwartz, Illinois Historic Preservation Agency, Lincoln Herald

MOTIVATIONAL and INSPIRATIONAL QUOTES and POEMS Brenda Payne White, 2022-02-13 This book is written to be viewed and shared in a humorous manner to make individuals laugh and to think about daily things that they encounter, and they have to question or second-guess not only themselves but situations that they encounter that they can turn into something very positive if they look at it from a different perspective but at the same time learning something from any situation that they are faced with that they may initially view or feel as if it is a deterrent, mountain, or something derogatory that will prevent them from getting through their day. This book is intended to show the person that they have the power to

turn any negative situation around and turn it into something positive to sustain and maintain their quality of life.

The Forty Years that Created America Edward M. Lamont, 2014-10-03 The names “Jamestown” and “Plymouth” have become synonymous for most students of American history with “founding,” and “birth”—both, of the American nation, and of freedom and democracy themselves. In this book, author Ted Lamont asks us to reconsider our country’s formative years, and explore the stories, lives, achievements, and failures of America’s earliest founding fathers: those who paved the way for the Colonial Era, and the American Revolution. They were explorers, investors, passionate religious leaders, and determined developers who struggled for generations to successfully plant the English flag in this strange new soil. Lamont deftly details the ways in which the stories and struggles of figures like Sir Walter Raleigh, Bartholomew Gosnold, Richard Hakluyt, Sir Ferdinando Gorges, and Captain John Smith were not just related, but connected in ways that help us better understand the colonies and culture born of their efforts. The infancy of America— from Roanoke’s founding in 1585 through the firm establishment of Jamestown and Plymouth in 1625—is where we first see planted the seeds of the rest of America’s colonial, economic, political, and cultural history, that was the immensely difficult, and often overlooked, first step toward the New World we are still working to perfect.

Presidential Machismo Alexander DeConde, 2000 A look at the expansion of executive authority in America and the influence of scholars, journalists and presidents themselves.

Andrew Carnegie - Quotes Collection - Biography, Achievements And Life Lessons Quotes Metaverse, 2024-03-06 ANDREW CARNEGIE - QUOTES COLLECTION BIOGRAPHY, ACHIEVEMENTS AND LIFE LESSONS ABOUT ANDREW CARNEGIE Andrew Carnegie, the iconic industrialist, philanthropist, and one of the wealthiest individuals of his time, left an indelible mark on American history. Born on November 25, 1835, in Dunfermline, Scotland, Carnegie's story is a quintessential rags-to-riches tale, emblematic of the American Dream. QUOTES SAMPLES: The way to become rich is to put all your eggs in one basket and then watch that basket. No man will make a great leader who wants to do it all himself or get all the credit for doing it. There is little success where there is little laughter. People who are unable to motivate themselves must be content with mediocrity, no matter how impressive their other talents. The first man gets the oyster, the second man gets the shell. All honor's wounds are self-inflicted.
