The Ladder of Divine Ascent John O. F. The LADDER,2019-07-26 St. John Climacus is honored by the Church as a great ascetic and as the author of a remarkable work entitled, The Ladder of Divine Ascent, and therefore he has been named Climacus, or of the Ladder. In THE LADDER Saint John describes the ascent toward spiritual perfection, which is essential for anyone who wishes to save his soul. It is a written account of his thoughts, based on the collected wisdom of many wise ascetics, and on his own spiritual experience. The book is a great help on the path to truth and virtue. The steps of THE LADDER proceed gradually from strength to strength on the path of perfection. The summit is not reached suddenly, but gradually, as the Savior says: The Kingdom of Heaven suffers violence, and the violent take it by force (Mt.11:12).

The Ladder of Divine Ascent John Climacus,2017-03-23 The Ladder of Divine Ascent, is an ascetic work written for monastics by John Climacus around 600 AD for John, the Abbot of Raithu, a monastery located on the shores of the Red Sea. The work proved to be popular in the Eastern Orthodox church and is still widely read today, often during the period of Lent, before Easter. The book examines the means of ascending to the highest degree of religious perfection by a series of thirty steps, which recall the thirty years of the life of Christ, the most holy example of religious perfection.

The Role of Death in the Ladder of Divine Ascent and the Greek Ascetic Tradition Jonathan L. Zecher, 2015 *The Ladder of Divine Ascent*, the work of an otherwise shadowy figure, John Climacus (meaning of the Ladder), abbot of St. Catherine's, Sinai (ca. 579-649 CE), is one of the most popular and enduring classics of Greek ascetic spiritual direction. Hailed as the great synthesis of early ascetic writings, the Ladder presents a spirituality self-consciously rooted in the literary and theological tradition of the Desert Fathers and the Great Old Men of Gaza. Despite its incredible popularity among monastic and lay readers, the Ladder is virtually unknown in scholarship. In this work, Jonathan L. Zecher offers a sustained study of the Ladder's spiritual vision, which is contextualized within an equally sustained genealogical survey of Climacus' own tradition. The Ladder is built up through the 'memory of death', a term referring to admonitions of early authors to remember one's inevitable but unknowable death and to contemplate the divine judgment which would follow to cultivate particular ascetic, Christian, lifestyles in their readers. In the literature that formed Climacus, every aspect of the 'memory of death' varied considerably, but Climacus draws these together in the Ladder so that death and the judgment which follows defines a symbolic framework within which monks reflect on their past and approach the future. Climacus also took up metaphorical practices of dying to oneself and others to craft an idea of spiritual progress in the imitation of Christ taking into account failure and frailty. At the heart of this study is the abiding question of how tradition forms, and in the Ladder is an outstanding example of how unflinching fidelity to tradition results in a creative, synthetic achievement.

The Ladder of Divine Ascent Saint John (Climacus), 1997

Ascending the Heights John Mack, 1999 In the sixth century, a monk named John wrote a book outlining the stages of the spiritual life. He based his entire work on the image of the ladder of thirty rungs, stretching from earth to heaven. Each rung described a step in the pursuit of virtue and the spiritual life. Since it was first written, *The Ladder of Divine Ascent* has been

an essential formation of Orthodox monasticism, and a mainstay of Orthodox ascetic spirituality. But it is not just for monks and nuns. This book is written to help those in a non-monastic setting, with ordinary lives to understand how to apply the Ladder. Each chapter contains many direct quotes from St. John's writings, in addition to commentary on St. John's words. This book, therefore, should be used as a primer to the Ladder as a helpful tool for ascending the spiritual heights.

Zeicher, 2015 This study of the 'Ladder of Divine Ascent', which was written by the Palestinian ascetic, John Climacus (c.570-c.649), examines the role of death in the development of Christian identity, both within the text and in other Greek literature in the centuries preceding its composition.
