Self-Studies in Urban Teacher Education Adrian D. Martin, 2022-09-12 This book critically explores pedagogical activities, policies, and coursework that teacher education programs can provide to more fully prepare teacher candidates and in-service educators for professional practice in urban schools. It illustrates how teacher educators from across the United States are supporting teacher candidates and in-service teachers to possess the knowledge, skills, and dispositions for equity-oriented instructional practices and advocacy for professional engagement in the urban context. Chapters share insider perspectives of urban teacher education on preparing teachers to teach in culturally, linguistically, and socio-economically diverse classrooms. They discuss teacher educators' learning about their own practice in the preparation of teachers for city schools, preparing teacher candidates from rural and suburban contexts to teach in urban settings, and supervising practicing teachers in city classrooms. The volume also focuses on the interplay of cultural and linguistic parity between teacher educators and their preservice/in-service teacher students, implementing learning activities or coursework about teaching in urban schools, and enacting critical pedagogical practices. This book will be beneficial to teacher educators focused on teacher preparation for city classrooms and urban school districts, and researchers seeking to adopt self-study methodology in their own research endeavors.

**Women of Tarot** Cat Willett, 2024-06-18 Discover the hidden stories of tarot and divination—traced through the lives and contributions of Lady Frieda Harris, Marie Anne Lenormand, Pamela Colman Smith, and Rachel Pollack—in this vividly illustrated popular history of the cards. Tarot's storied history takes us from the highest circles of Italian Renaissance society through to present day card creators. And throughout that time, women have been the primary drivers of both artistic and magical innovation in the form, though they haven't always been given adequate credit for doing so. Now, for the first time, readers can explore the lives and work of some of the women who have brought us the world's most popular divinatory art. In *Women of Tarot* celebrated artist and author Cat Willett traces the lives of four women who have pioneered work in tarot and divination. There is Lady Frieda Harris, the nineteenth century British artist and mystic who created the Thoth Tarot with the occultist Aleister Crowley, and Marie Anne Lenormand, the most celebrated fortune teller of eighteenth century France, who brought card reading to the masses. Then readers will meet Pamela Colman Smith, the iconic cross-continental artist whose illustrations adorn the world's most popular tarot deck—the Rider-Waite-Smith Deck—and finally Rachel Pollack, the trans woman responsible for creating scores of decks in her lifetime, as she strove to make tarot an art that was inclusive of all practitioners, especially the LGBTQIA+ community. Woven throughout is a timeline of the development of tarot, as well as miniature profiles of women from cultures around the world whose work has impacted divination and fortune telling, including Nefertiti, Voodoo Queen of New Orleans Marie Laveau, author Zora Neale Hurston, and contemporary artist Nanase Kawashima.

Tarot: a New Approach for Beginners Edouard Ponist, 2022-04-13 Aleister Crowley designed “The Tarot-General Attributions” Page 268 in his book *The Book of Thoth* for his Thoth Tarot. “The Tree” itself can be used as well for the Rider-Waite deck successfully, enriching the reading and giving the client a snapshot of the Celtic Cross spread regarding the main concern, Card #1 in the here and now. Emphasis is placed in developing a relationship with the cards versus relying on “book descriptions”. Difficult cards are explained as well as Court Cards and how to apply them. “The Tree”, however, in Part 2 is the heart of this book applying a Celtic Cross spread which “lights up” hubs and pathways of The Tree. A reading example ties together a Celtic Cross spread with The Tree demonstrating how The Tree enriches the Celtic Cross reading. Tarot itself is explained as a serious practice which deserves respect as a divination tool.

**New Moon Magic** Risa Dickens, Amy Torok, 2023-09-12 Harness the power of lunar magic with 13 essential practices for the modern witch—one for each New Moon of the year Fresh, fierce, and unapologetically feminist, this is both guidebook and rallying cry: an intersectional and inclusive magical praxis that resists, disrupts, and opens the door to nourishment, abundance, and transformation—for readers of *Psychic Witch* and *The Spell Book for New Witches* In *New Moon Magic*, Missing Witches authors Risa Dickens and Amy Torok offer Witchy practices to change your life and reshape the world, without falling prey to the commercialization that belies the true heart—and power—of magic. Witchcraft is praxis: how we do what we believe, and how we make those beliefs manifest. *New Moon Magic* is an offering to all witches, honoring the Craft’s roots in centuries of empowerment, survival, and resistance—despite capitalism’s attempts to co-opt and dilute its practice. Here, Dickens and Torok reclaim tools of witchcraft as the ways and means of enchantment, imbued with magic that resists commodification and capitalism. The authors introduce 13 New Moon practices, each paired with a Witch who embodies the Craft: Potions with Cerridwen and St. Hildegard von Bingen Divination with Lozen and Harriet Tubman The Garden with Mayumi Oda Ritual & Ceremony with Genesis P-Orridge The Circle with Audre Lorde Through historical research, interviews, and the authors’ own raw personal stories, *New Moon Magic* offers wisdom and guidance from real Witches past and present. It shows you how to take up tools and practices, discover (or rediscover) your own magic, and nurture a Witchcraft that creates instead of consumes.

The Cards of Life and Death: Spooky Romantic Suspense Colleen Gleason,2011-07-07 This book isn't as scary as it looks! It's funny, sexy, suspenseful and a little spooky. Think Nancy Drew all grown up, meeting a super-hot guy and encountering a ghost! Diana Iverson is a sharp, up and coming attorney with a logical, scientific mind and a handsome fiancé—until the rug is pulled out from under her feet and her life is upended. When her crazy Aunt Belinda dies, leaving her a big old house in Maine along with a box of Tarot cards, Diana takes the opportunity for a summer get-away far from the rat-race of Boston and the painful memories there. She doesn't expect to meet up with Ethan Tannock, the handsome neighbor next door who seems to be some sort of eccentric ghost-buster—along with his big, black Labrador Retriever. But when the old house becomes the scene of vandalism and a number of break-ins, and it begins to appear as if Aunt Belinda's death was not as it seemed, Diana finds that life isn't always black and white and filled with logic. And then there are Aunt Belinda's Tarot cards...which seem to be trying to tell her something from beyond the grave. In the tradition of Barbara Michaels and Mary Stewart comes a new take on a modern gothic by bestselling author Colleen Gleason.

Dublin Voices Kevin C. Kearns,2001-09-06 For nearly thirty years, Kevin C. Kearns collected the memories and recollections of Dubliners on tape. These interviews have formed the basis of an extraordinary body of work, one whose subjects have included the life of the Dublin pub and the tenement house. In this ambitious book, he considers their contributions in aggregate, drawing on the voices of ordinary Dubliners to build an oral folk history of the city in the twentieth century. Firemen, engine drivers, bell ringers, gatekeepers, cinema ushers, gravediggers, dockers, factory workers, butchers, hatters, booksellers and many more: all contribute their own words to this epic portrait of Dublin city life in the turbulent decades separating the Victorian and modern eras. In *Dublin Voices*, the words of ordinary Dubliners can be heard as they recall their lives and times. Lucid, witty and compelling, these oral narratives bring the city to life in a manner

that conventional histories simply cannot match.
