Recovering the Black Female Body Michael Bennett,Vanessa D. Dickerson,2001 Recovering the Black Female Body recognizes the pressing need to highlight through scholarship the vibrant energy of African American women's attempts to wrest control of the physical and symbolic construction of their bodies away from the distortions of others.

Diversity and Detective Fiction Kathleen Gregory Klein,1999 The distinguishing characteristic of the book is its mix of essays focusing on teaching cultural diversity in the classroom and illustrating diversity through fiction to the general readers.--BOOK JACKET.

Sleuthing Ethnicity Dorothea Fischer-Hornung,Monika Mueller,2003 Table of contents

The Visual Culture Reader Nicholas Mirzoeff,2002 The diverse essays collected here constitute an exploration of the emerging interdisciplinary field of visual culture, and examine why modern and postmodern culture place such a premium on rendering experience in visual form.

Traces, Codes, and Clues Maureen T. Reddy,2003 This text explores the ways in which crime fiction manipulates cultural constructions such as race and gender to inscribe dominant cultural discourses. It notes that even those writers who set out to revise conventions repeatedly produce some of the genre's most conservative elements.

Evidence of Things Not Seen Rhonda D. Frederick,2022-07-15 Evidence of Things Not Seen is an interdisciplinary study of blackness in genre literature of the Americas. When mystery, romance, fantasy, mixed-genre, and science fiction writers center fantastical blackness, they make this expressive quality available to a broad audience that uses pop fictions' imaginable vocabularies to reshape extra-literary realities. Ultimately, popular genres' imaginable possibilities help us strategize ways that the made up can be made real.

Writing African American Women Elizabeth A. Beaulieu,2006-04-30 Women have had a complex experience in African

American culture. The first work of its kind, this encyclopedia approaches African American literature from a Women's Studies perspective. While Yolanda Williams Page's Encyclopedia of African American Women Writers provides biographical entries on more than 150 literary figures, this book is much broader in scope. Included are several hundred alphabetically arranged entries on African American women writers, as well as on male writers who have treated women in their works. Entries on genres, periods, themes, characters, historical events, texts, places, and other topics are included as well. Each entry is written by an expert contributor and relates its subject to the overall experience of women in African American literature. Entries cite works for further reading, and the encyclopedia closes with a selected, general bibliography. African American culture is enormously diverse, and the experience of women in African American society is especially complex. Women were among the first African American writers, and works by black women writers are popular among students and general readers alike. At the same time, African American women have been oppressed, and texts by black male authors represent women in a variety of ways. The first of its kind, this encyclopedia approaches African American literature from a Women's Studies perspective, and thus significantly illuminates the African American cultural experience through literary works. Included are several hundred alphabetically arranged entries, written by numerous expert contributors. In addition to covering male and female African American authors, the encyclopedia also discusses themes, major works and characters, genres, periods, historical events, places, and other topics. Included are entries on such authors as: ; Maya Angelou ; James Baldwin ; Frederick Douglass ; Nikki Giovanni ; June Jordan ; Claude McKay ; Ishmael Reed ; Sojourner Truth ; Phillis Wheatley ; And many others. In addition, the many works discussed include: ; Beloved ; Blanche on the Lam ; Iknow Why the Caged Bird Sings ; The Men of Brewster Place ; Quicksand ; The Street ; Waiting to Exhale ; And many more. The many topical entries cover: ; Black Feminism ; Black Nationalism ; Conjuring ; Children's and Young Adult Literature ; Detective Fiction ; Epistolary Novel ; Motherhood ; Sexuality ; Spirituality ; Stereotypes ; And many others. Entries relate their topics to the experience of African American women and cite works for further reading. Features and Benefits: ; Includes hundreds of alphabetically arranged entries. ; Draws on the work of numerous expert contributors. ; Includes a selected, general bibliography. ; Offers a range of finding aids, such as a list of entries, a guide to related topics, and an extensive index. ; Supports the literature curriculum by helping students analyze major writers and works. ; Supports the social studies curriculum by helping students use literature to understand the experience of African American women. ; Covers the full chronological range of African American literature. ; Fosters a respect for cultural diversity. ; Develops research skills by directing students to additional sources of information. ; Builds bridges between African American history, literature, and Women's Studies.

Women Take Care Katie Hogan,2018-08-06 Self-sacrificing mothers and forgiving wives, caretaking lesbians, and vigilant maternal surrogates—these good women are all familiar figures in the visual and print culture relating to AIDS. In a

probing critique of that culture, Katie Hogan demonstrates ways in which literary and popular works use the classic image of the nurturing female to render queer AIDS more acceptable, while consigning women to conventional roles and reinforcing the idea that everyone with this disease is somehow suspect. In times of crisis, the figure of the idealized woman who is modest and selfless has repeatedly surfaced in Western culture as a balm and a source of comfort—and as a means of mediating controversial issues. Drawing on examples from journalism, medical discourse, fiction, drama, film, television, and documentaries, Hogan describes how texts on AIDS reproduce this historically entrenched paradigm of sacrifice and care, a paradigm that reinforces biases about race and sexuality. Hogan believes that the growing nostalgia for women's traditional roles has deflected attention away from women's own health needs. Throughout her book, she depicts caretaking as a fundamental human obligation, but one that currently falls primarily to those members of society with the least power. Only by rejecting the stereotype of the good woman, she says, can Americans begin to view caretaking as the responsibility of the entire society.

Black Feminist Thought Patricia Hill Collins, 2000 In spite of the double burden of racial and gender discrimination, African-American women have developed a rich intellectual tradition that is not widely known. In *Black Feminist Thought*, Patricia Hill Collins explores the words and ideas of Black feminist intellectuals as well as those African-American women outside academe. She provides an interpretive framework for the work of such prominent Black feminist thinkers as Angela Davis, bell hooks, Alice Walker, and Audre Lorde. The result is a superbly crafted book that provides the first synthetic overview of Black feminist thought.

Murder 101 Edward J. Rielly, 2014-08-23 This collection of essays examines how college professors teach the genre of detective fiction and provides insight into how the reader may apply such strategies to his or her own courses. Multi-disciplinary in scope, the essays cover teaching in the areas of literature, law, history, sociology, anthropology, architecture, gender studies, cultural studies, and literary theory. Also included are sample syllabi, writing assignments, questions for further discussion, reading lists, and further aids for course instruction.

Contemporary Literature and the Body Alice Hall, 2023-09-21 *Contemporary Literature and the Body: a Critical Introduction* introduces readers to key theorists and shifting critical trends in the field from 1940 to the present and examines these in relation to close readings of texts from a range of different genres. It argues that scholarship on literature

and the body is of fundamental importance to discussions about gender, race, sexuality, class, age, narrative form, and processes of reading and writing. Contemporary Literature and the Body: a Critical Introduction understands 'literature' in a broad sense: as fundamentally connected to changes in technology, culture and the environment. Offering a lively and accessible synthesis, it explores how literary writing of present and recent decades is concerned with the challenges of conveying physical experiences, experimenting with sensory perception, and thinking through the relationship between embodiment, identity and knowledge.

Great Women Mystery Writers Elizabeth A. Blakesley,2006-11-30 Mysteries are among the most popular books today, and women continue to be among the most creative and widely read mystery writers. This book includes alphabetically arranged entries on 90 women mystery writers. Many of the writers discussed were not even writing when the first edition of this book was published in 1994, while others have written numerous works since then. Writers were selected based on their status as award winners, their commercial success, and their critical acclaim. Each entry provides biographical information, a discussion of major works and themes, and primary and secondary bibliographies. The volume closes with appendices and a selected, general bibliography. Public library patrons will value this guide to their favorite authors, while students will turn to it when writing reports.

Blanche Cleans Up Barbara Neely,1999 Trying to figure out the truth behind the death of a young black man, Blanche encounters a love triangle with bent angles, teen pregnancy, phony spirituality, and at least one person who doesn't mean her any good.

African-American Writers Philip Bader,2014-05-14 African-American authors have consistently explored the political dimensions of literature and its ability to affect social change. African-American literature has also provided an essential framework for shaping cultural identity and solidarity. From the early slave narratives to the folklore and dialect verse of the Harlem Renaissance to the modern novels of today

Blanche Passes Go Barbara Neely,2001 Blanche White, the maid-cum-snoop extraordinaire, has had enough of Boston and returns to check things out back home in Farleigh, North Carolina. But the town holds demons for Blanche, including the man who once raped her, now implicated in the murder of a young girl.
