I Married an Atheist ...Thank God! Michele Ketzmerick,2012-07-12 Michele Ketzmerick grew up feeling relieved she was a Catholic who belonged to the best religionthe one true faith that purportedly offered the only real way to heaven. As a sometimes rebellious teenager, Michele never strayed far from the dark confessional, knowing she would always be forgiven, no matter how grave the transgression. Yet, after four decades of proud Catholicism, a crisis prompted Michele to embark on an enlightening quest into her faith and beliefs in which she soon discovered more about herself than she ever imagined. When Michele found herself facing the possibility of a life-threatening medical diagnosis, she suddenly realized that, for someone with a supposedly sturdy faith, she was terrified of death, of heaven, and of an uncertain afterlife. As she reveals how she began to question her faith and the tenets of her religion, Michele details how she unexpectedly learned more about peace, compassion, and morality from nonbelievers than she had during her entire life as a theistand subsequently experienced the consequences of maneuvering in territory once forbidden for people of faith. I Married an Atheistthank God shares the compelling story of one womans transition from long-held Catholicism to the courageous realization that it is okay to live a cherished, respectful, and loving life without religion.

Samsara - The Wheel of Birth, Death and Rebirth: A journey through spirituality, religion, Nepal, Bali, Cambodia and India Rebecca Harrison,2019-10-26 Travel with the author on a fascinating journey into samsara, the cycle of birth, death and rebirth, the religions of Buddhism and Hinduism that hold it as central and the rich cultures of Nepal, Bali, Cambodia and India. Does spirituality offer anything of value to a twenty-first century world and can spirituality exist apart from religion? Do quantum physics, mysticism or psychedelics offer any clues about what happens after death, consciousness, reality and ourselves? This book will get you thinking about your own life and death, and where they might fit in to the bigger picture.

Samsara - The Wheel of Birth, Death and Rebirth Rebecca Harrison, 2019-10-30 Along comes a global pandemic coronavirus, COVID-19, and our world is turned upside down. Can the idea of samsara shed any light on all this terrible suffering, turmoil and change? Are we all travelling around the ever-turning cycle of samsara, being born, dying, then reborn - again, and again, and again? Does our life, the things that happen to us, and our death, have any meaning? What do Hinduism, Buddhism, and samsara tell us about suffering, life and death? Could spiritual dimensions exist or do we live in a purely material universe? What is consciousness and does it die when our bodies die? Are rebirth or reincarnation even possible? Can we have spirituality without religion? What, if anything, might spirituality or religion mean in a turbulent and unpredictable twenty-first century? Do mysticism, psychedelics, science and quantum physics offer clues to any of these questions? Take a journey with the author through the fascinating cultures of Nepal, India, Bali and Cambodia and explore their rich traditions of Hinduism, Buddhism and samsara. Part exploration of spirituality and religion, part travel adventure to places of astonishing diversity, this book will get you thinking about your own beliefs, life and death, and where those might fit in to a bigger picture.

Moments in Time Neil Anthes, 2014-05 We live in two planes of existence simultaneously: the world of our physical senses and the domain of our inner spiritual awareness. *Moments in Time* explores this inner realm. It describes the author's first hand experience with divine consciousness and conveys insight into personal spirituality. This guide also probes into the invisible bonds between ourselves and universal intelligence....

The Womanist Idea Layli Maparyan, 2012-03-22 Following on the heels of *The Womanist Reader*, *The Womanist Idea* offers a comprehensive, systematic analysis of womanism, including a detailed discussion of the womanist worldview (cosmology, ontology, epistemology, logic, axiology, and methodology) and its implications for activism. From a womanist perspective, social and ecological change is necessarily undergirded by spirituality - as distinct from religion per se - which invokes a metaphysically informed approach to activism.

Life After Life - Lifting the Veil on Death Rajendra Kher, 2019-04-20 Two great truths govern human existence: impermanence is the law of the Universe and therefore it is inevitable, but the jeewatma (soul) is permanent and lives forever. When one views human existence from the perspective of this knowledge, then the only certitude is that there is no death. With the materialization of the Universe the wheel of time was set in motion, imprinting preordained impermanence. Yet, despite the world's impermanence, Man is offered the opportunity of acquiring knowledge and achieving spiritual growth within his lifespan. The cosmic soul momentarily adopts a human body to experience advancement in human form. But when the jeewatma departs the physical body from one of the five koshas (sheaths), it is released from this confinement and bondage into the joyful revelation of its true nature. The soul experiences divine love and achieves a state of timelessness. The demise of the human body thus becomes the moment for joyful fulfillment - when the jeewatma achieves ultimate growth and eternal beauty. Though the human form and external body decays, the jeewatma or the subtle body/soul, remains intact in its true and original form. Litterateur Rajendra Kher has spent long years studying the subject of death. He has researched both ancient and modern references, as well as the Vedas, Upanishads, Bhagavad-Gita, Srimad Bhagvatam and various mythological literature in his attempt to unravel and comprehend death and 'life after life'. He has also analyzed the personal experiences of rishis, scholars, masters and yogis; adding his findings to the book to make it comprehensive. The gift contained in these pages is the lifting of the veil on death. In so doing, it frees each of us from unknown fears and dread about death and dying, enabling us to experience instead, true happiness and the grace of living.

A Spiritual Hypothesis Daniel Punzak, 2017-04-06 Traditional Western religion explains that each human has a spiritual aspect called a soul. However, several passages in the Bible allude to humans having a soul and a spirit. Dan has explored this idea and found numerous modern psychological findings that support this notion. Shamanism and some Eastern religious concepts also support this idea. Diverse concepts such as creativity and mental illness can be explained by the idea that two spiritual forms are in each human.

Past Life Healing Judy Sharp, 2022-10-27 Do we live many lives - and could trauma of the past still be affecting our health and wellbeing here and now? The author was completely healed of her own severe claustrophobia in one session and now has decades of professional experience helping others with issues such as fear of flying to stubborn weight gain or lost libido. The jury is out on regression therapy, with sceptics claiming that clients are simple 'making up stories'. It seems hard to believe, though, that the deeply relaxed non-rational mind could invent the level of detail described here, accompanied by powerful emotions and physical reactions. Is the client, rather, accessing an archetype, the collective unconscious or 'Akashic Records'? For the author, the bottom line is, simply, that in all cases the journeys proved effective in their healing. Her mantra is, "Find the root cause. Resolve it at source. Move on with your life."

Dancing Spirits Iris Laine M. Div., 2006-07 Dancing Spirits brings together our spiritual beliefs accepted by faith and

shows how the latest Quantum Physics research unites our faith with fact. It makes subatomic research understandable even to the scientific novice and shows how science now reveals in the laboratory what the religions of the world have asked us to accept by faith since before recorded history. In doing so, Dancing Spirits enhances and reinforces our spiritual faith and guides us in making contact with the everlasting Spirit within us. It encourages and helps our own inner Spirit, which is truly our invisible Soul, to literally dance in hope and joy now and look forward without fear or doubt to the heaven hereafter with those we've loved and lost.

New Age Spirituality Steven J. Sutcliffe, Ingvild Saelid Gilhus, 2014-09-11 New Age and holistic beliefs and practices - sometimes called the new spirituality - are widely distributed across modern global society. The fluid and popular nature of new age makes these movements a very challenging field to understand using traditional models of religious analysis. Rather than treating new age as an exotic specimen on the margins of 'proper' religion, New Age Spirituality examines these movements as a form of everyday or lived religion. The book brings together an international range of scholars to explore the key issues: insight, healing, divination, meditation, gnosis, extraordinary experiences, and interactions with gods, spirits and superhuman powers. Combining discussion of contemporary beliefs and practices with cutting-edge theoretical analysis, the book repositions new age spirituality at the forefront of the contemporary study of religion.

MODERN RELIGIONS: AN EXPERIENTIAL ANALYSIS AND EXPOS Elliot Benjamin, Ph.D., 2013-10-03 This book is an experiential analysis of over twenty modern religious/spiritual groups. The book is divided into two generic segments, inclusive of a tri-perspective experiential analysis using a variety of cult danger rating scales, and a more personal experiential description of the author's involvement in these groups, written in stream of consciousness essay form. The groups explored include controversial religious organizations such as Scientology and The Unification Church, as well as lesser known religious groups such as Conversations with God and Avatar, and also new age retreat centers such as Omega Institute for Holistic Studies and Kripalu Center for Yoga and Health. The author describes both the dangers and benefits of various groups, and based upon his own experiences is able to rate these groups on a cult danger vs. spiritual benefits scale

on a gradient from high cult danger to favorable spiritual group.

The End(s) of Time(s) Hans-Christian Lehner, 2021-05-25 In times of crises, be it about climate change, the pandemic corona virus, or democratic struggles, there is an unwaning interest worldwide in the end of times and related themes such as apocalypticism, messianism, and utopianism. This concerns scholarship and society alike, and is by no means limited to the religious field. The present volume collates essays from specialists in the study of apocalyptic and eschatological subjects. With its interdisciplinary approach, it is designed to overcome the existing Euro-centrism and incorporate a broader perspective to the topic of end time expectations in the Christian Middle Ages as well as in East Asia and Africa. Contributors include: Gaelle Bosseman, Wolfram Brandes, Matthias Gebauer, Jürgen Gebhardt, Vincent Goossaert, Klaus Herbers, Matthias Kaup, Bernardo Bertholin Kerr, Thomas Krümpel, Richard Landes, Zhao Lu, Rolf Scheuermann, and Julia Eva Wannenmacher.
