Golf is Not a Game of Perfect Bob Rotella,2007-09-17 Filled with insightful stories about golf, Dr. Bob Rotella's delightful book will improve the game of even the most casual weekend player. Dr. Bob Rotella is one of the hottest performance consultants in America today. Among his many professional clients are Nick Price (last year's Player of the Year), Tom Kite, Davis Love III, Pat Bradley, Brad Faxon, John Daly, and many others. Rotella, or "Doc," as most players refer to him, goes beyond just the usual mental aspects of the game and the reliance on specific techniques. What Rotella does here in this extraordinary book, and with his clients, is to create an attitude and a mindset about all aspects of a golfer's game, from mental preparation to competition. The most wonderful aspect of it all is that it is done in a conversational fashion, in a dynamic blend of anecdote and lesson. And, as some of the world's greatest golfers will attest, the results are spectacular. Golfers will improve their golf game and have more fun playing. Some of Rotella's maxims include: -On the first tee, a golfer must expect only two things of himself: to have fun, and to focus his mind properly on every shot. -Golfers must learn to love 'the challenge when they hit a ball into the rough, trees, or sand. The alternatives—anger, fear, whining, and cheating—do no good. -Confidence is crucial to good golf. Confidence is simply the aggregate of the thoughts you have about yourself. -It is more important to be decisive than to be correct when preparing to play any golf shot or putt. Filled with delightful and insightful stories about golf and the golfers Rotella works with, *Golf Is Not a Game of Perfect* will improve the game of even the most casual weekend player.

Summary of Bob Rotella's Golf is Not a Game of Perfect Everest Media,2022-04-17T22:59:00Z Please note: This is a companion version & not the original book. Sample Book Insights: #1 The dreams I want to hear about are the emotional fuel that helps people take control of their lives and be what they want to be. They are the goals and aspirations of golfers who

are passionate about the game. #2 I heard something similar from Byron Nelson recently. He had always dreamed of owning a ranch, and golf was the only way he was going to get it. He was all but done as a competitive player when he got that ranch paid for. #3 Golfing potential depends on a player's attitude. It is the well-being of a player with the wedges and the putter, and how well he thinks. It is not dependent on a player's physical characteristics. #4 The champions I've worked with have a strong will, and they all have dreams. They make a long-term commitment to pursue those dreams. It can be difficult for a person with potential to become great if everyone around them expects them to win all the time.

Life is Not a Game of Perfect Bob Rotella, 1999-04-02 Most people think talent is genetically determined. Either you can sing or you can't. You get calculus or it's beyond you. You have what it takes to succeed -- or you don't. The truth about human performance is far more encouraging, says Dr. Bob Rotella in *Life Is Not a Game of Perfect*. Dr. Rotella, the bestselling author of *Golf Is Not a Game of Perfect* and *Golf Is a Game of Confidence*, believes that talent, as conventionally defined and measured, plays a secondary role in determining one's fate. Far more important is real talent, a combination of character, attitude, and devotion, which makes greatness possible. And the good news is that anyone can develop real talent. As always, Dr. Bob Rotella speaks from experience. He has made a career of helping people chase and catch their dreams. His authority as a sports psychologist is well known. Golfers from Tom Kite to David Duval to Pat Bradley have relied on him to help them break through to triumphs on the PGA Tour. But Bob Rotella's practice extends beyond the sports world. He is a consultant on performance enhancement to leading businesses such as Merrill Lynch, General Electric, and PepsiCo. He has worked with successful people in businesses ranging from law to entertainment. From hundreds of clients and countless students, Dr. Bob Rotella has learned what works. In *Life Is Not a Game of Perfect*, he shares what he has learned and what he teaches his clients. Real talent, he explains, is brilliance of a different sort. It is the nerve to choose a career doing something you love or the ability to learn to love what you do. It is courage, persistence, and determination. It is the ability to handle failure and honor commitments. Whether you think so or not, real talent is within your grasp. In *Life Is Not a Game of Perfect*, Dr. Bob Rotella will help you make it a decisive element in your life. He can show you how to identify and cultivate the qualities that lead to success, prosperity, and happiness.

In addition to preparing players mentally, Rotella will also explain the science of memory, and how knowledge of the brain's workings-in particular how it masters physical tasks-can improve a golf game, particularly the short game. The path to greatness isn't an easy one, and a player needs inspiration, which will come from great stories about the golfers and other sports professionals that Rotella has worked with. Be the Pine, Be the Ball Paul J. Zingg, 2018-04-27 Focusing on the landscapes and memory of golf and examining the games nature and appeal, this collection of seventy-two haiku poems and essays aims to lead readers to a fuller appreciation of the culture and history of golf and a deeper awareness of a players place in the game. *Be the Pine, Be the Ball* also reveals the compelling beauty and power of haiku, the most popular poetic form in the world. Through the brevity of its style, precise language, and ability to reveal how ordinary moments and elements of our lives are pathways to a better understanding of ourselves and the world around us, haiku can have both a meditative and consequential effect on the reader. A key to the connection between haiku and golf is that both foster powers of concentration and detailed observation with a related reduction of distractions. Both seek to cultivate a more tranquil and disciplined mind and to translate that condition into how a life is lived and a game is played.

The Best Advice Ever for Golfers Robert McCord, 2001 A book of helpful historical facts and practical tips and instructions from the experts.

Sitting in the Flames Dr. John Edwin DeVore, 2014-11-12 As reviewed by New York Times best-selling author Ellen Tanner Marsh, In clear, heartfelt prose, DeVore describes a brave and unflinching confrontation with his past, made necessary in order for him to have a more meaningful future. War, he realized, isn't just one man's experience; it's the sum total experience of an entire country. To stop wars, he argues, we must understand them and why we seem to need them. The gut-wrenching brutality experienced by American soldiers in Vietnam was for many the beginning of a lifelong personal struggle. Unlike many veterans, who were unable to cope after returning to civilian life, John DeVore moved with facility from success as an Army officer to success in corporate America. Nevertheless, like many other veterans, the war haunted DeVore and finally in a process he narrates in this book compelled him to make a commitment to free himself and our country from the addiction to war. Joel Andreas, author of *Addicted to War: Why the U.S. Can't Kick Militarism* John DeVore's important book chronicles the remarkable transformation of a professional soldier to a spiritual warrior of peace. A must-read for those interested in exploring the possibilities of a less violent global future. Manfred B. Steger, professor of politics and government, Illinois State University; research fellow, Globalization Research Center, University of Hawaii at Manoa DeVore offers a simple explanation of the interconnectedness of his Western cultural conditioning, globalization, the reality of war, his civilian and military careers, and his search for spiritual roots. He certainly is a living example of the fearlessness and desire to help others that can begin to emerge through willingness to work with personal emotional turbulence, fear, anger, pride, envy, selfishness, ignorance, etc., on a daily basis. His story really helps us experience that it is possible to turn bad things to good things. Ringu Tulku, internationally recognized teacher and author of *Daring Steps Toward Fearlessness*, *Path to Buddhahood*, *Lazy Lama Series*, *Comment on Gampopa's Jewell Ornament of Liberation*, *Mind Training*, *The Boy Who Had a Dream*, and *A Perspective on Living and Dying*. Ringu Tulku was born in Eastern Tibet in 1952 and was a professor of Tibetan studies for seventeen years. He travels extensively, teaches at Naropa University in Boulder, Colorado, and is director of seven meditation centers in Europe, the United States, and India.
