The Untold Story of Scott Hoying, Pentatonix Star Connie Hoying, 2025-05-06 This book depicts the life and career of Scott Hoying, Grammy Award-winning cofounder of Pentatonix, as seen by his mother Connie. More than just a book about her son's life, Connie tells a heartfelt story of perseverance, dedication to music, LGBTQ+ acceptance, and supportive parenting. Connie mixes personal experiences about raising Scott and his two siblings with an account of his life-from Scott's childhood in Texas and coming out in high school to meteoric rise to fame with Pentatonix and, finally, married life. As a child, Scott was a musical prodigy. Connie shares what influenced him as a kid, his early musical successes and failures, and the ways she fostered a creative environment along with hard-won lessons as a mother of three. She candidly recounts Scott's coming out process in high school, including her initial mistakes and concerns along the way but also her journey to understanding and allyship. She details the unlikely formation and explosion of Pentatonix-from their start on The Sing-Off and initial setbacks to incredible success-as well as Scott's solo work and the duo act Superfruit with Mitch Grassi. Connie concludes with a reflection on the wonderful, authentic life Scott and his husband Mark Manio have created for themselves

and the support & choices that led up to that moment. Along with a foreword by Scott, the book also includes a QR code to an original, previously unreleased song “Pray” which covers themes related to Scott's coming out story.

Getting My Bounce Back Carolee Belkin Walker, 2018-02-13 A middle-aged author shares her fitness journey, showing readers how to make time to exercise, get inspired to get fit, and be more confident and happier. You don't have to run a marathon to be fit and healthy, or suffer through a triathlon that includes a half-mile swim in the ocean. But you do need an exercise habit. Especially as we age, exercise is not optional. Yet unless we had been athletes as kids or young adults, and few of us were, we do not know how to find our edge. Learning how to carve out time to meet our fitness needs or to push ourselves physically and mentally is one of the greatest challenges to aging well. Inspired by her popular blog “Be the Dog,” Carolee Belkin Walker shares her story of what it's like to be a successful professional woman encountering all things fitness for the first time. Even if readers have never put on a pair of running shoes or repeatedly tried to develop a fitness habit, they'll relate to the highs and lows of Carolee's journey from the back of the pack to stumbling on a path to resilience and well-being. You could fit two Carolees inside what her body looked like in February 2014. But it is the powerful sense of confidence and resilience that's had the greatest impact on her and inspires others. This book is about her digging in, discovering who she is, and seeing how far she can push herself to be strong, fit, healthy, and most important, resilient. Carolee's writing is full of humorous situations as she decides to be an active participant in life and not take the setbacks, or herself, too seriously. Praise for *Getting My Bounce Back* “An autobiographical account of achieving physical fitness in middle age An upbeat, accessible account of one woman's decision to make her body stronger and her life healthier.” —Kirkus Reviews “Most books and publications just show the end result, as if we magically appear at the peak of fitness and ideal look, but Carolee allows us to peek into her inner mind, showing us that there is a journey behind those photos For anyone who has ever wondered why everyone else made it seem so easy, this book is for you.” —Tina Muir, elite runner and host of the Running for Real podcast

Gays of Our Lives Kris Ripper,2018-12-19 Emerson Robinette only leaves his apartment to get laid and go to work. Having MS—and trying to pretend he doesn't—makes everything more complicated, especially his fantasies of coming on strong and holding a guy down. Finding a partner who'll explore that with him isn't Emerson's idea of a realistic goal. Until a chance meeting with a hipster on a bus makes him reconsider. Obie is happy, open-hearted, and warm; what's more, he gets his kicks being physically dominated, spanked, and teased until he's begging. It would be perfect, except for one thing: Emerson isn't made for happiness, and he doesn't see how a guy like Obie would settle for a cynic like him. But as far as Obie's concerned, the only thing keeping them apart is Emerson. Can Emerson handle a boyfriend who's more invested in his future than he is? Emerson's barely convinced he has a future. But when Obie's smiling at him, anything seems possible.
