Words Matter Sally McConnell-Ginet, 2020-08-27 History and current affairs show that words matter - and change - because they are woven into our social and political lives. Words are weapons wielded by the powerful; they are also powerful tools for social resistance and for reimagining and reconfiguring social relations. Illustrated with topical examples, from racial slurs and sexual insults to preferred gender pronouns, from ethnic/racial group labels to presidential tweets, this book examines the social contexts which imbue words with potency. Exploring the role of language in three broad categories - establishing social identities, navigating social landscapes, and debating social and linguistic change - Sally McConnell-Ginet invites readers to examine critically their own ideas about language and its complicated connections to social conflict and transformation. Concrete and timely examples vividly illustrate the feedback loop between words and the world, shedding light on how and why words can matter.

Inside the Hollywood Closet--A Book of Quotes Boze Hadleigh, 2020-02-17 Join legendary Hollywood scribe Boze Hadleigh in this journey back in time as he examines what it was like to be gay in Hollywood during Tinseltown's heyday, as well as how things have changed and what the future of gay Hollywood looks like. Today. Hadleigh examines both the obvious and hidden costs of being queer in Hollywood from both the inside looking out, and the outside looking in. Hadleigh brings us quotes and statements from such stars as Rock Hudson, Truman Capote, Cary Grant, Neil Patrick Harris, kd Lang, Ellen DeGeneres, Jodie Foster, Queen Latifah, Little Naz, Oscar Wilde, Sammy Davis Jr., Ellen Page, Rosie O'Donnell, Ian McKellan, Bea Arthur, Butterfly McQueen, Chaz Bono, Elton John, Remi Malek, Wanda Sykes, among others.

Hiding Man Tracy Daugherty, 2025-06-25 In the 1960s Donald Barthelme came to prominence as the leader of the Postmodern movement. He was a fixture at the New Yorker, publishing more than 100 short stories, including such masterpieces as *Me and Miss Mandible*, the tale of a thirty-five-year-old sent to elementary school by clerical error, and *A Shower of Gold*, in which a sculptor agrees to appear on the existentialist game show *Who Am I?* He had a dynamic relationship with his father that influenced much of his fiction. He worked as an editor, a designer, a curator, a news reporter, and a teacher. He was at the forefront of literary Greenwich Village which saw him develop lasting friendships with Thomas Pynchon, Kurt Vonnegut, Tom Wolfe, Grace Paley, and Norman Mailer. Married four times, he had a volatile private life. He died of cancer in 1989. The recipient of many prestigious literary awards, he is best remembered for the classic

novels *Snow White*, *The Dead Father*, and many short stories, all of which remain in print today. *Hiding Man* is the first biography of Donald Barthelme, and it is nothing short of a masterpiece.

The Journey To An Undefeated Mind Yolanda Lear, 2020-11-29 “The Journey To An Undefeated Mind” is a book inspired by myself, the author's personal battle against mental health. It is about all the lessons and blessings I learnt along my journey. I wanted to share this with other's so that they can get through their own journey. My book *The Journey To An Undefeated Mind* is all about the reader, it is a direct conversation or speech from the author to the reader. Guiding them through this journey, advising them, encouraging them, speaking life into them when they feel low. Something I didn't have around me, as often as I would have liked it when I was going through my journey, my battles against mental health. I believe my book, could be a big help to many people facing mental health, whether you are facing it alone or not. It's like having a pocket size friend travel along with you. Ok maybe slightly bigger than pocket size. But you get what I mean. How often have you had to face something, and you wished you had that extra bit of help guiding you through. Enough support to help you on the right path. But not too much, so you can learn to do it yourself. This is what my book is there for. That extra bit of support. That motivator, friend that shows you your worth. Shows you that you can, and always could do it. You just had to start believing in yourself. This is what “The Journey To An Undefeated Mind” is there for. To get you to start believing in yourself again. To get you to understand, that in life, you are bound to fall, bound to fail a couple times. But you will only be defeated, if you choose to stay down, if you choose to stay defeated. Having an “Undefeated Mind” means yes in life, we may fail, we may take some L's, but we won't be defeated in life.

The Round of Your Life Andre Huu, 2018-05-16 As the great Ben Hogan once said, what if your life was like a round of golf? What would that round be like? What might the unfinished scorecard of your life look like? The quest for answers to these hypothetical questions led author Andre Huu to the fundamental concepts behind his book, *The Round of Your Life*. In his memoir, Huu likens his life to a game of golf, offering a scoring method to help him evaluate his experiences, responses, and lessons learned. Throughout this journey from his birth in Vietnam to the present day he shares his stories and the scores he has assigned himself for each hole he's played. He invites you to apply his unique scoring method to come up with a scorecard for your own life. Filled with life stories, insights, advice, and inspirational quotes, *The Round of Your Life* encourages you to worry less about the score of the game and focus more on getting the most enjoyment possible out of the rest of your round.

High School Students' Competing Social Worlds Richard Beach, Amanda Haertling Thein, Daryl L. Parks, 2020-07-24 This book examines how working-class high school students' identity construction is continually mediated by discourses and cultural practices operating in their classroom, school, family, sports, community, and workplace worlds. Specifically, it addresses how responding to cultural differences portrayed in multicultural literature can serve to challenge adolescents' allegiances to status quo discourses and cultural models, and how teachers not only can rouse students to clarify and change their value stances related to race, class, and gender, but also provide support for and validation of students' self-interrogation. Highlighting the influence of sociocultural forces, the book contributes to understanding the role of institutions in shaping adolescents' lives, and identifies needs that must be addressed to improve those institutions. Current theory and research on critical discourse analysis, cultural models theory, and identity construction is meshed with specific applications of that theory and research to case-study profiles and analysis of classroom discussions. The instructional strategies described enable pre-service and in-service teachers to develop their own literature curriculum and instructional methods.

Justice in an Unjust World Karen Lebacqz, 1987-11-06 Have we heard the cry for justice that rises from humanity suffering from varieties of injustice: economic, sexual, political, cultural, verbal? Or, what is more, have Christians on occasion, knowingly or unknowingly, acquiesced in ? or even contributed to ? injustice? By means of powerful and dramatic use of biblical images and models, Dr. Lebacqz sets before us the justice of God and God's call for us to heed the cry of the suffering and to work for justice in an unjust world.

Living on the Back Nine Susan Whisnand, 2008-06-05 Living on the Back Nine is a collection of essays about the challenges, changes, and choices a woman faces after her fiftieth birthday. Each essay is a memoir from the author's personal experiences that are shared to encourage and inspire all women who desire to better understand what it means to live on this

later course of life. Personal lessons learned from life are not individualistic. Life's lessons are common to all women, as they learn together that life after fifty is a time to take good care of themselves, to participate in what is personally meaningful, to be strong in their own womanhood, and to enjoy life along the way.

With a Book in Their Hands Manuel M. Martín-Rodríguez, 2014-06-30 First Place Winner of the 2015 International Latino Book Award for Best Latino Focused Nonfiction Book Literary history is a history of reading. What happens during the act of reading is the subject of the branch of literary scholarship known as reader-response theory. Does the text guide the reader? Does the reader operate independently of the text? Questions like these shape the approach of the essays in this book, edited by a scholar known for his groundbreaking work in using reader-response theory as a window into Chicana and Chicano literature. Manuel M. Martín-Rodríguez has overseen several research projects aimed at documenting Chicana and Chicano reading practices and experiences. Here he gathers diverse and passionate accounts of reading drawn from that research. For many, books served as refuges from the sorrows of a childhood marked by violence or parental abandonment. Several of the contributors here salute the roles of teachers in introducing poetry and stories into their lives.
