Zoë Skoulding

Poetry & Listening Zoë Skoulding, 2020-11-04 Listening has always mattered in poetry, but how does poetry change when listening has been transformed? In *Poetry & Listening: The Noise of Lyric*, the field of sound studies, which has revolutionised research in contemporary music, is brought into dialogue with new lyric criticism. Examining poetry as mediated by performance, technology and translation, this book discovers how contemporary poetry has been re-energised by the influence of recorded sound and influenced by the creative methods that emerged with it. It offers an exploration of contemporary poetry's acoustic contexts, moving beyond traditional analysis of poetic form to consider the social, political and ecological dimensions of a poem's sounds and silences. Through lucid engagement with a range of richly innovative English-language poetry from the UK and USA, it argues for the centrality of listening to a form of composition in which language not only represents sonic experience but is part of it. With reference to Jean-Luc Nancy's distinction between hearing and listening, alongside other key theorists of sound and noise, it shows how poetry offers insights into sensory perception, and how it charts acoustic relationships between language and the environment.

A wide-spread mechanism of a reception strongly influenced by structuralism and post-modernism has led to the amplification and acceleration of cultural production between these two poles. Relying on a decidedly theoretical approach, this volume offers a broad perspective transgressing linguistic, cultural, temporal, and media borders. Reflections and perspectives on the relationship between 'high' and 'popular' culture are the subject of the thirteen articles collected here. Side by side with theoretical approaches, case studies covering classical and Heavy Metal music, TV series and pornographic films, zombies and 'Creature Features', philosophically infused comics and popular lexicography, professional wrestling and hypertext literature pave the way to a contemporary aesthetics.
