Rebels: City of Indra Kendall Jenner,Kylie Jenner,2014-06-03 Kendall and Kylie Jenner, stars on the hit reality show Keeping Up with the Kardashians, present their debut novel—a thrilling dystopian story about two super-powered girls who embark on a journey together. In a world of the far future, the great City of Indra has two faces: a beautiful paradise floating high in the sky, and a nightmare world of poverty carved beneath the surface of the Earth. Lex grew up in an orphanage deep in the dark. But even as a child, she instinctively rebelled against her fate—the time when she would be judged either useful to Society or forced to live among the mutations in Rock Bottom, the lowest level. When she is chosen to become an elite cadet of the Population Control Forces, only her fellow cadet Kane truly understands her longing for freedom. Unknown to her, one girl secretly shares her defiance. Livia Cosmo, the Orphan Airess, may live on a sky island surrounded by wealth and privilege, but she is just as restricted as Lex. Rigid discipline governs her every movement, as she learns the art of becoming a Proper Young Woman, the belle of the Emergence Ball, ready to be picked for “cohabitation” by the finest of the Proper Young Men. Her future is assured, until an intriguing encounter with a young man named Kane changes everything. For that is when Lex’s and Livia’s destinies collide.... Approached by an old enemy to help save Kane from mortal danger, Lex sacrifices her Special Ops career to find him in the Islands among the clouds. Her search, high above in the beautiful spires of the City of Indra, brings her instead to the airgirl Livia. Lex and Livia should have nothing in common, and yet they share a kindred yearning for escape from the strict rules that bind them...and a mystifying identical mark. Brought together by danger, they set out to find Kane, but what they discover is even stranger than either dreams.

Rebels: City of Indra Kendall Jenner,Kylie Jenner,Elizabeth Killmond-Roman,Maya Sloan,2016-11-15 Lex grew up in the orphanage, alone, and now is training to be a Special Op so she can finally destroy the rebels with her own hands. She needs no one. Livia lives miles above everything on a floating island in the city of Indra. She is training too, but for a life that she doesn't want. She wants to be free, to finally leave her floating island, and to run with her beloved horse until she can't run any longer. And then there's Kane--Lex's only friend. When she finds that Kane is in danger, she doesn't hesitate to leave her post and blast her way to the top of Indra to save him. She just needs to get one stubborn, unexpectedly clever airgirl to tell her where he is first.

Time of the Twins Kendall Jenner,Kylie Jenner,Elizabeth Killmond-Roman,Katherine Killmond,2016-11-15 A follow-up to

Rebels: City of Indra follows the story of twin sisters Lex and Livia as they make a grueling journey in search of the mother they thought was dead and face a prophecy about how they might be the foreordained saviors of Indra.

Kardashians Meredith Jones,Dallas John Baker,Kath Burton,Donna Lee Brien,2024-07-24 This interdisciplinary volume introduces the field of Kardashian Studies through collections of essays based in sociology, media studies, cultural studies, critical race theory and fashion theory. The Kardashian empire and dynasty is intertwined with some of the most important movements of the early twenty-first century. Celebrity, cultural appropriation, new forms of feminism, social media, ideal bodies, evolving notions of physical beauty and the global fashion system have all been affected by the quintessential influencers in this family of matriarchs. The anthology is structured around core thematic parts. From Storytelling and Race, through Fashion and Celebrity, to Time and Embodiment, each part contains an accessible introduction followed by chapters that together take a unique approach to exploring the Kardashians from multiple viewpoints. The inclusion of discussion points suitable for classroom use enhances the utility of the anthology for both study and teaching purposes. The first of its kind, Kardashians: A Critical Anthology positions Kardashian Studies at the forefront of critical inquiry around notions of authenticity, contemporary feminisms, visuality and social media. It will be of interest to both scholars and students interested in popular culture, television, notions of authenticity, contemporary feminisms, visuality, race and social media.

Publishing and Culture Dallas John Baker,Donna Lee Brien,2019-04-10 Publishing is currently going through dramatic changes, from globalisation to the digital revolution. A whole culture of events, practices and processes has emerged centred around books and writing, which means that scholars of publishing need to understand it as a social and cultural practice as much as it is a business. It discusses topics as diverse as emerging publishing models, book making, writers' festivals, fan communities, celebrity authors, new publishing technologies, self-publishing, book design and the role of class, race, gender and sexuality in publishing or book culture. This volume will be of interest to those in the disciplines of publishing studies, creative writing, English literature, cultural studies and cultural industries.

The Art of Being Free James Poulos,2017-01-17 Most folks probably don't learn about Alexis de Tocqueville in school anymore, but his seminal work, Democracy in America, is still surprisingly resonant. When he came to America in 1831 to study our great political experiment, he reported that the main issues were: religion, money, sex, death, love, gender inequality, work and politics. Clearly, we haven't come as far as one might hope. But it wasn't all doom and gloom. De Tocqueville not only cataloged our problems; he also provided a manual on how to solve them. In *The Art of Being Free*, journalist and scholar James Poulos parses de Tocqueville's advice for a modern audience, showing us how to live a sane, healthy, and happy life, regardless of the hectic world around us. Poulos dives into the original, beloved text to see what

Tocqueville would say about our relationship to technology; our methods for coping with stress; our obsession with appearances; our workaholism; and our physical indolence. He explores how our uniquely American malaise might be alleviated, not by the next wellness or self-help craze, but by the kind of inner inventory-taking that has fallen out of fashion. Like Sarah Bakewell's *How to Live* or Alain de Botton's *How Proust Can Change Your Life*, *The Art of Being Free* offers a vital new twist on a collection of timeless wisdom--for Americans of all ages.--
