Remembering Columbia John M. Sherrer III, Historic Columbia, 2015 Columbia, South Carolina, is very much a tale of two cities. Founded as a political compromise, forged by an economy shackled by slavery, and physically vanquished by fire, the Palmetto State's second capital became a proving ground for a new society less than a century after its establishment. During the course of the next 100 years, Columbians--new and old, black and white, rich and poor--would physically transform their city in ways that reflected their needs, aspirations, fears, and wherewithal. Remembering Columbia is a visual road map that merges images with accounts of people, sites, and events pulled from historical newspapers, diaries, and ephemera. Building upon the efforts of previous generations, this account explores South Carolina's capital city from its early years through the mid-20th century in ways previously underdeveloped or altogether unrepresented. The result is an intriguing detective story that will be enriching, surprising, and compelling to life-long residents, newcomers, and visitors alike.

Combination Lock: The Life and Times of C. Wayne Parker C. Wayne Parker, 2017-02-20 COMBINATION LOCK is the autobiography of C. Wayne Parker. His story begins in 1962 with him as a short, skinny, shy, fatherless, high school kid with a pet dog and hope. He grew up in the small, lower-middle-class Burlington community of east Knoxville, Tennessee. He was a simple boy living in a simple time. Throughout his early life he struggled to find the right combination of qualities that would ensure for him a satisfying, meaningful life. He flunked out of engineering college, and the military draft board wanted him for duty in Vietnam, yet he still carried his dream in his heart. He did not give up; he did not quit. Along the way, his path took him on a journey of hurt, happiness, disaster and deliverance. There were times for both tears and smiles-as there are in his book. But as he matured and made some changes, his life was transformed into one of love, contentment and peace. What were the qualities that made up his combination and unlocked for him a path to secure his dream? Walk the path with him.

Historical Dictionary of Contemporary American Theater James Fisher, 2021-07-15 Historical Dictionary of Contemporary American Theater. Second Edition covers theatrical practice and practitioners as well as the dramatic literature of the United States of America from 1930 to the present. The 90 years covered by this volume features the triumph of Broadway as the center of American drama from 1930 to the early 1960s through a Golden Age exemplified by the plays of Eugene O'Neill, Elmer Rice, Thornton Wilder, Lillian Hellman, Tennessee Williams, Arthur Miller, William Inge,

Lorraine Hansberry, and Edward Albee, among others. The impact of the previous modernist era contributed greatly to this period of prodigious creativity on American stages. This volume will continue through an exploration of the decline of Broadway as the center of U.S. theater in the 1960s and the evolution of regional theaters, as well as fringe and university theaters that spawned a second Golden Age at the millennium that produced another – and significantly more diverse – generation of significant dramatists including such figures as Sam Shepard, David Mamet, Maria Irené Fornes, Beth Henley, Terrence McNally, Tony Kushner, Paula Vogel, Lynn Nottage, Suzan-Lori Parks, Sarah Ruhl, and numerous others. The impact of the Great Depression and World War II profoundly influenced the development of the American stage, as did the conformist 1950s and the revolutionary 1960s on in to the complex times in which we currently live. *Historical Dictionary of the Contemporary American Theater, Second Edition* contains a chronology, an introduction, and an extensive bibliography. The dictionary section has more than 1.000 cross-referenced entries on plays, playwrights, directors, designers, actors, critics, producers, theaters, and terminology. This book is an excellent resource for students, researchers, and anyone wanting to know more about American theater.

Writing Home Eli Goldblatt, 2012-04-12 In this engrossing memoir, poet and literacy scholar Eli Goldblatt shares the intimate ways reading and writing influenced the first thirty years of his life—in the classroom but mostly outside it. *Writing Home: A Literacy Autobiography* traces Goldblatt's search for home and his growing recognition that only through his writing life can he fully contextualize the world he inhabits. Goldblatt connects his educational journey as a poet and a teacher to his conception of literacy, and assesses his intellectual, emotional, and political development through undergraduate and postgraduate experiences alongside the social imperatives of the era. He explores his decision to leave medical school after he realized that he could not compartmentalize work and creative life or follow in his surgeon father's footsteps. A brief first marriage rearranged his understanding of gender and sexuality, and a job teaching in an innercity school initiated him into racial politics. Literacy became a dramatic social reality when he witnessed the start of the national literacy campaign in postrevolutionary Nicaragua and spent two months finding his bearings while writing poetry in Mexico City. Goldblatt presents a thoughtful and exquisitely crafted narrative of his life to illustrate that literacy exists at the intersection of individual and social life and is practiced in relationship to others. While the concept of literacy autobiography is a common assignment in undergraduate and graduate writing courses, few books model the exercise. *Writing Home* helps fill that void and, with Goldblatt's emphasis on "out of school" literacy, fosters an understanding of literacy as a social practice.

From John F. Kennedy's training as a PT boat commander at Melville to George H.W. Bush's training as a pilot at

Charlestown, the smallest state played an oversized role preparing navy officers and sailors. Important innovations are credited here too. Radar used on night-flying aircraft was developed at Jamestown's Spraycliff Observatory and tested at Charlestown, and at Davisville, Seabees developed a pontoon aircraft landing field tested on Narragansett Bay. Scituate was home to the nation's most successful spy listening station. After these and more captivating stories are revealed, the final chapter details existing World War II sites across the state readers can visit.

World War II Nebraska Melissa Amateis, 2020-10-19 The fight against the Axis required sacrifice and dedication, and Nebraskans proudly answered the call. Three ordnance plants and two naval munitions depots brought employment and economic opportunities but also housing shortages and racial disturbances. The U.S. Army Air Corps established eleven air bases here, leading to community engagement through USOs and war bond drives. In central Nebraska, the North Platte Canteen welcomed thousands of service members en route to war on troop trains. Henry Doorly's successful scrap campaign became a model for a nationwide operation. Local farmers fed the nation, K-9 war dogs trained at Fort Robinson and native sons Ben Kuroki and Andrew Higgins affected the war in very different ways. Through detailed archival research, author Melissa Amateis tells the remarkable story of the Cornhusker State's homefront.

Marienbad My Love With Mango Extracts Mark Leach (writer.), 2011 Exiled on a deserted island, a Christ-haunted journalist-turned-filmmaker attempts to persuade a married woman from his past to help him produce a skin care-themed pastiche to the 1960s French New Wave classic, *Last Year at Marienbad*. Through this act of artistic creation, he expects to carry out the will of God by prophesizing the death of time and the birth of a new religion. If only he can make the woman remember him... *Marienbad My Love With Mango Extracts* is a 285,000-word reboot of *Marienbad My Love*, the world's longest novel at 17 million words.

Nazilager J.R. Rogers, 2017-04-27 1943— Obersturmbannführer Lt. Colonel Carl von Glasow and his fellow battle-weary officers of Rommel's 15th Panzer Division, Afrika Corps, have endured the humiliation of surrendering to the Allies in Tunisia. Resigned to riding out the war in a North African prisoner of war camp they are surprised to learn they are being shipped instead to a U.S. Army POW camp in America. Nothing prepares them for the vivid contrast between the burning sands of the Tunisian desert and the murderous tank wars they waged there and the small, peaceful and idyllic Georgia coastal island town of Sorrel Island. During the summer the population swells as mainlanders from nearby Savannah alight from the daily Central of Georgia trains or drive over the causeway in their Ford Deluxe Fordors and Chrysler 66s. Vacationers flock to the pristine beaches, revel in the cool saltwater breezes, and enjoy the amusement pier with its Ferris wheel and the music pavilion that host traveling big band tours. Referred to as the "Nazi camp" by the locals, and *Nazilager* by the inmates who still proudly wear their sand-colored desert fighting uniforms their presence incites disturbing emotions. The coastal islanders are nervous about sharing their idyllic community with prisoners of war. Though they couldn't feel

further away from the ravages of the far away war they are not immune from it. The persistent chatter on the beaches and in the hotels and rooming houses is now the likelihood of a prisoner escape. When on the first day a German escapee is shot in broad daylight a groundswell of opposition and fear from vacationers and year-around residents erupts. Young first-term town council president and mayor Connie Hopkins does her best to assuage their fears all the while confronting her own feelings when Major Bill Ferguson, the camp's assistant commandant, launches a campaign to seduce her. Meanwhile behind the fences and guard towers, and inside their wooden barracks and mess halls, several renegade Nazi officers embark on a plan to escape to neutral Argentina. And when Lt. Colonel von Glasow learns of the plan his mettle is tested as he makes the most fateful decision of his life.

Escape from Sarir Derek Thayne, 2009-03-21 In 1979, The Libyan government contracted an American agricultural company to establish a potato and onion farm, four hundred miles south of Benghazi, in the Sahara. The political and economic tensions in the region were at an explosive level. Iran, a close neighbor and ally, had just overrun the United States Embassy in Tehran and taken fifty-two U.S. diplomats hostage. The Arab world saw Iran's show of strength as an ensign for the end of foreign tyranny, a symbol of hope for the new power in the Middle East. The distain and resentment for all things American escalated rapidly. It was at this time that Derek Thayne, an eighteen-year-old farm boy from a very small town in Oregon, accepted a contract work assignment in Libya. He had no previous international or even big city experience. He naively boarded a TWA jumbo jet for the Middle East and promptly found himself in the adventure of a lifetime. The story portrayed in this book is based on a series of actual events during this turbulent time.

Those Who Flew, 2002

The Color of War James Campbell, 2012-05-15 From the acclaimed World War II writer and author of *The Ghost Mountain Boys*, an incisive retelling of the key month, July 1944, that won the war in the Pacific and ignited a whole new struggle on the home front. In the pantheon of great World War II conflicts, the battle for Saipan is often forgotten. Yet historian Donald Miller calls it as important to victory over Japan as the Normandy invasion was to victory over Germany. For the Americans, defeating the Japanese came at a high price. In the words of a Time magazine correspondent, Saipan was war at its grimmest. On the night of July 17, 1944, as Admirals Ernest King and Chester Nimitz were celebrating the battle's end, the Port Chicago Naval Ammunition Depot, just thirty-five miles northeast of San Francisco, exploded with a force nearly that of an atomic bomb. The men who died in the blast were predominantly black sailors. They toiled in obscurity loading munitions ships with ordnance essential to the US victory in Saipan. Yet instead of honoring the sacrifice these men made for their country, the Navy blamed them for the accident, and when the men refused to handle ammunition again, launched the largest mutiny trial in US naval history. *The Color of War* is the story of two battles: the one overseas and the one on America's home turf. By weaving together these two narratives for the first time, Campbell paints a more accurate picture of

the cataclysmic events that occurred in July 1944--the month that won the war and changed America.

Timestep Julian M. Olejniczak,2019-11-04 In 1965, a young Special Forces officer, originally from Chicago, and a young woman from North Carolina meet by chance. Her father was wounded at Pearl Harbor aboard the USS Nevada but fought the duration of World War II aboard another battleship. By the time that they meet, Mike has served in South Korea and fought in South Vietnam, where he was wounded and decorated for valor. By that time, however, Gloria already had lost her father while she still was in her early teens. After some initial difficulties, eventually they are married while Mike is an assistant professor at West Point. They go on to have three children; and Mike is stationed in Kansas, South Korea (again), Washington state, and Alaska, where he commands an infantry battalion. Finally, he is assigned to advise a National Guard brigade headquartered in New York City, but the story suddenly unravels. Mike takes ill while in New York and is hospitalized, but his illness appears to have occurred much earlier and during a different assignment there. Their marriage and the other duty assignments that followed apparently were the product of Mike's vivid imagination. Then after a prolonged, frequently comatose hospital stay, he quietly dies in his sleep, leaving a complex mystery to be solved. And the mystery only becomes more complicated in the months that follow, forcing the investigation into his death and a few graves to be reopened.

The Ivory Tower d'Artagnan Rene,2010-09-10 Brian English is the whimsical, stoic center of the mysterious and deceptively named US Department of Statistics, Section 3. Armed with the dubious Ivory Tower (a psychosomatic torture device) and accompanied by his melancholy yet outgoing friend Frank Harper, he sets out to make the world a better place in his own unconventional and, perhaps, unintentionally cruel way.

Saving South Beach M. Barron Stofik,2012-09-23 In Saving South Beach, historic preservation clashes with development as each side vies for control of South Beach. A spectrum of characters are present, from Barbara Baer Capitman, the ailing middle-aged widow who became an evangelist for the Miami Beach Art Deco district, to Abe Resnick, the millionaire Holocaust survivor determined to stop her. From pioneers to volunteers, from Jewish retirees to Cuban exiles, from residents and business owners to developers and city leaders, each adds another piece to the puzzle, another view of the intense conflict that ensued. Although a number of the area's iconic buildings were demolished, the Miami Design Preservation League succeeded in entering almost half of the neighborhood into the National Register of Historic Places, kicking off a revitalization effort that spread throughout South Beach. Preservationist M. Barron Stofik lived in Miami during

this turmoil-ridden period and, through hundreds of interviews and extensive investigation, weaves together dramatic themes of civic heroism, preservation, and cultural change in the passionate human story behind the pastel facades and neon lights.

The Prisoner of Guantanamo Dan Fesperman, 2006-07-11 When the body of an American soldier is discovered in Cuban waters near the U.S. detention facility at Guantánamo, Revere Falk, a former FBI agent, is reassigned from his job interrogating an accused al-Qaeda operative to investigate the soldier's mysterious death. Falk soon finds himself in a deadly game of intrigue that stretches from the charged waters of Guantánamo Bay to the polished halls of Washington. Every move Falk makes could be costly, and to make matters worse, a dark figure from his past reappears, brandishing a secret he thought he had safely buried. *The Prisoner of Guantánamo* is a daring look at life behind the barbed wire of Gitmo and a riveting portrayal of what goes on in the most secret levels of our government.

A Jewish Girl Finds New Roots Stephanie Braun Orfali, 2022-10-28 The poems include touchingly romantic and sad expressions of Steffi's youthful idealism and more recent humorous epistles. *My first Year in Eretz Israel* picks up the story where her previous book *Jewish Girl in the Weimar Republic* ends, with Steffi's arrival in 1934 at what was then Palestine. It is a lively description of the Jewish agricultural settlers who came to Palestine in the early 1930's. *The Sekilaridis House* describes Steffi's marriage to a Roman Catholic Armenian, and their adventures in the multicultural society of Jerusalem in the British Mandate of Palestine during World War II. *The Teeth of Polycrates* is a satirical story about good luck that takes place on the ship traveling from Brazil to the USA. *How I became a Teacher* describes Steffi's life in Zion, Illinois, and her enthusiastic achievement of becoming a school teacher. *The Ones that Got Away* describes Steffi's project of collecting biographies of survivors of the Nazi Holocaust - showing how they overcame suffering, found satisfying new roots, and became successful contributors in countries to which they emigrated.
