Corporate Manslaughter and Corporate Homicide Shivam Goel, 2015-06-26 A corporation is an artificial legal person, existing only in the contemplation of law, having perpetual succession and common seal. Can a corporation commit crime, for its inability to form mens rea? If yes, then can it be accused of crimes as grave as homicide? Even post the Bhopal Gas Tragedy and the Uphar Cinema Tragedy, absence of legislation such as the Corporate Manslaughter and Corporate Homicide Act, 2007 (UK) is no less a pity. Absolute liability theory (coupled with deep-pocket theory), though is an improvisation over the strict liability theory but has failed to ensure corporate criminal deterrence. This book is an attempt to ponder over issues relating to corporate criminal behaviour, in particular 'corporate homicide' and 'corporate manslaughter'.

This is achieved by using varied financial instruments that give holders different claims on the firm's assets. Recent scholarship in this area explores precisely how legal mechanisms affect corporate finance and the development of financial markets. The legal environment is crucially important in explaining the choices that companies make about their capital structure. This book combines company law, capital market regulation and commercial law to give readers a detailed understanding of the legal and regulatory issues relating to corporate financial transactions. Informed by insights from the theoretical and empirical work of financial economists, the book examines, from a legal perspective, key elements of corporate financing structures and capital markets in the UK. The authors' practical experience of transactions and regulatory issues ensures that thorough scholarly inquiry and critical reflection are complemented by an assured understanding of the interface between legal principles and rules as they are documented and in their actual operation.

Concise Corporations Law Julie Cassidy, 2006 The purpose of this text is to provide a comprehensive, yet succinct, examination of the most significant areas of corporations law. Through the identification of the key elements underlying the pertinent statutory provisions, the use of a plain English writing style and simple format, the text seeks to make corporations law more accessible to those who seek to study or practise in the area of corporations law. Since the publication of the fourth edition there have been significant changes in corporations law. From a legislative perspective, important changes have also been effected through the passage of, inter alia, CLERP 9. This has impacted significantly on the law pertaining to executive officers and directors (in particular their remuneration and financial reporting) and disclosure documents. Judicially, this period has been marked by a considerable number of important cases pertaining to directors' liability arising out of, inter alia, high profile corporate collapses, including HIH and One.Tel. These cases have provided guidance as to the applicability of both statutory and equitable directors' duties, but also clarified the procedural and substantive law aspects of the penalties flowing from breaches of such duties.

Comparative Company Law Carsten Gerner-Beuerle, Michael Schillig, 2019 Comparative Company Law provides a systematic and coherent exposition of company law across jurisdictions, augmented by extracts taken from key judgments, legislation, and scholarly works. The comparative analysis of legal frameworks is firmly grounded in legal history and legal and economic theory and bolstered by numerous extracts (including extracts in translation) that offer the reader an invaluable insight into how the law operates in context. The book is an essential guide to how company law cuts across borders, and how different jurisdictions shape the corporate lifespan from its formation by way of incorporation to its demise (corporate insolvency) and eventual dissolution. In addition, it offers an introduction to the nature of the corporation, the framework of EU company law, incorporation and corporate representation, agency problems in the firm, rights of stakeholders and shareholders, neutrality and defensive measures in corporate control transactions, legal capital, piercing the corporate veil, and corporate insolvency and restructuring law.
