## E Durkheim

The Gifted Generation David Goldfield,2017-11-14 A sweeping and path-breaking history of the post-World War II decades, during which an activist federal government guided the country toward the first real flowering of the American Dream. In *The Gifted Generation*, historian David Goldfield examines the generation immediately after World War II and argues that the federal government was instrumental in the great economic, social, and environmental progress of the era. Following the sacrifices of the Greatest Generation, the returning vets and their children took the unprecedented economic growth and federal activism to new heights. This generation was led by presidents who believed in the commonwealth ideal: the belief that federal legislation, by encouraging individual opportunity, would result in the betterment of the entire nation. In the years after the war, these presidents created an outpouring of federal legislation that changed how and where people lived, their access to higher education, and their stewardship of the environment. They also spearheaded historic efforts to level the playing field for minorities, women and immigrants. But this dynamic did not last, and Goldfield shows how the shrinking of the federal government shut subsequent generations off from those gifts. David Goldfield brings this unprecedented surge in American legislative and cultural history to life as he explores the presidencies of Harry S. Truman, Dwight D. Eisenhower, and Lyndon Baines Johnson. He brilliantly shows how the nation's leaders persevered to create the conditions for the most gifted generation in U.S. history.

**Inspirational Quotes For All Occasions** Bangambiki Habyarimana,2013-08-19 Welcome to this collection of motivational and inspirational quotes. Collected from various books and different authors, these quotes are full of wisdom you need to shape your character and ensure you succeed in your private, social and professional life. Enjoy

Rethinking Language, Text and Context Ruth Page,Beatrix Busse,Nina Nørgaard,2018-08-14 This collection of original research highlights the legacy of Michael Toolan's pioneering contributions to the field of stylistics and in so doing provides a critical overview of the ways in which language, text, and context are analyzed in the field and its related disciplines. Featuring work from an international range of contributors, the book illustrates how the field of stylistics has evolved in the 25 years since the publication of Toolan's seminal *Language, Text and Context*, which laid the foundation for the analysis of the language and style in literary texts. The volume demonstrates how technological innovations and the development of new interdisciplinary methodologies, including those from corpus, cognitive, and multimodal stylistics, point to the greater degree

of interplay between language, text, and context exemplified in current research and how this dynamic relationship can be understood by featuring examples from a variety of texts and media. Underscoring the significance of Michael Toolan's extensive work in the field in the evolution of literary linguistic research, this volume is key reading for students and researchers in stylistics, discourse studies, corpus linguistics, and interdisciplinary literary studies.

**With Amusement for All** LeRoy Ashby, 2006-05-12 Popular culture is a central part of everyday life to many Americans. Personalities such as Elvis Presley, Oprah Winfrey, and Michael Jordan are more recognizable to many people than are most elected officials. *With Amusement for All* is the first comprehensive history of two centuries of mass entertainment in the United States, covering everything from the penny press to Playboy, the NBA to NASCAR, big band to hip hop, and other topics including film, comics, television, sports, dance, and music. Paying careful attention to matters of race, gender, class, technology, economics, and politics, LeRoy Ashby emphasizes the complex ways in which popular culture simultaneously reflects and transforms American culture, revealing that the world of entertainment constantly evolves as it tries to meet the demands of a diverse audience. Trends in popular entertainment often reveal the tensions between competing ideologies, appetites, and values in American society. For example, in the late nineteenth century, Americans embraced self-made men such as John D. Rockefeller and Andrew Carnegie: the celebrities of the day were circus tycoons P.T. Barnum and James A. Bailey, Wild West star Buffalo Bill Cody, professional baseball organizer Albert Spalding, and prizefighter John L. Sullivan. At the same time, however, several female performers challenged traditional notions of weak, frail Victorian women. Adah Isaacs Menken astonished crowds by wearing tights that made her appear nude while performing dangerous stunts on horseback, and the shows of the voluptuous burlesque group British Blondes often centered on provocative images of female sexual power and dominance. Ashby describes how history and politics frequently influence mainstream entertainment. When Native Americans, blacks, and other non-whites appeared in the nineteenth-century circuses and Wild West shows, it was often to perpetuate demeaning racial stereotypes—crowds jeered Sitting Bull at Cody's shows. By the early twentieth century, however, black minstrel acts reveled in racial tensions, reinforcing stereotypes while at the same time satirizing them and mocking racist attitudes before a predominantly white audience. Decades later, Red Foxx and Richard Pryor's profane comedy routines changed American entertainment. The raw ethnic material of Pryor's short-lived television show led to a series of African-American sitcoms in the 1980s that presented common American experiences—from family life to college life—with black casts. Mainstream entertainment has often co-opted and sanitized fringe amusements in an ongoing process of redefining the cultural center and its boundaries. Social control and respectability vied with the bold, erotic, sensational, and surprising, as entrepreneurs sought to manipulate the vagaries of the market, control shifting public appetites, and capitalize on campaigns to protect public morals. Rock 'n Roll was one such fringe culture; in the 1950s, Elvis blurred gender norms with his androgynous style and challenged conventions of public decency with his sexually-charged

performances. By the end of the 1960s, Bob Dylan introduced the social consciousness of folk music into the rock scene, and The Beatles embraced hippie counter-culture. Don McLean's 1971 anthem American Pie served as an epitaph for rock's political core, which had been replaced by the spectacle of hard rock acts such as Kiss and Alice Cooper. While Rock 'n Roll did not lose its ability to shock, in less than three decades it became part of the established order that it had originally sought to challenge. With Amusement for All provides the context to what Americans have done for fun since 1830, showing the reciprocal nature of the relationships between social, political, economic, and cultural forces and the way in which the entertainment world has reflected, refracted, or reinforced the values those forces represent in America.

**Study and Revise for GCSE: Great Expectations** Peter Morrisson, 2016-03-28 Exam Board: AQA, OCR, Edexcel Level: GCSE (9-1) Subject: English Literature First teaching: September 2015 First exams: Summer 2017 Enable students to achieve their best grade in GCSE English Literature with this year-round course companion; designed to instil in-depth textual understanding as students read, analyse and revise Great Expectations throughout the course. **The Oxford Handbook of the Victorian Novel** Lisa Rodensky, 2013-07-11 The Oxford Handbook of the Victorian Novel contributes substantially to a thriving scholarly field by offering new approaches to familiar topics as well as essays on topics often overlooked.

*Be Our Guest* Theodore Kinni, 2011-12-16 Exceeding expectations rather than simply satisfying them is the cornerstone of the Disney approach to customer service. Be Our Guest specializes in helping professionals see new possibilities through concepts not found in the typical workplace, revealing even more of the business behind the magic of quality service.

**The Silence Of God** Dr. Gene Russell, 2018-05-30 Is it ever easy to be a Christian? God is so silent. His silence leads to suffering by the Christian and the world. Why, Lord, are you silent? But learning to pray Lord, sock it to me may lead to three marks on steel. The permanence of these thoughts changed the author's attitude and action.

*Charles Dickens and the Form of the Novel* Graham Daldry, 2016-08-05 First published in 1987. While there have been

commentaries on his humour, his seriousness, his social concerns, and other specific aspects of his work such accounts have only tended to divide our understanding of the novels, to lead us to see them as failures of artistic unity. In this book the author seeks to address this question of unity and find a terminology that can treat language, plot and representation of reality as a coherent imaginative effort. This thesis is worked out in detail with reference to several of the novels, and represents a challenging re-evaluation Dickens' achievement as a novelist. This book will be of interest to students of literature.

**Farewell to Prosperity** Lisle A. Rose, 2014-07-30 *Farewell to Prosperity* is a provocative, in-depth study of the Liberal and Conservative forces that fought each other to shape American political culture and character during the nation's most prosperous years. The tome's central theme is the bitter struggle to fashion post-World War II society between a historic Protestant Ethic that equated free-market economics and money-making with Godliness and a new, secular Liberal temperament that emerged from the twin ordeals of depression and world war to stress social justice and security. Liberal policies and programs after 1945 proved key to the creation of mass affluence while encouraging disadvantaged racial, ethnic, and social groups to seek equal access to power. But liberalism proved a zero-sum game to millions of others who felt their sense of place and self progressively unhinged. Where it did not overturn traditional social relationships and assumptions, liberalism threatened and, in the late sixties and early seventies, fostered new forces of expression at radical odds with the mindset and customs that had previously defined the nation without much question. When the forces of liberalism overreached, the Protestant Ethic and its millions of estranged religious and economic proponents staged a massive comeback under the aegis of Ronald Reagan and a revived Republican Party. The financial hubris, miscalculations, and follies that followed ultimately created a conservative overreach from which the nation is still recovering. Post-World War II America was thus marked by what writer Salman Rushdie labeled in another context "thin-skinned years of rage-defined identity politics." This "politics" and its meaning form the core of the narrative. *Farewell to Prosperity* is no partisan screed enlisting recent history to support one side or another. Although absurdity abounds, it knows no home, affecting Conservative and Liberal actors and thinkers alike.

**Great Expectations** Josephine M. Green, Vanessa A. Coupland, Jenny Kitzinger, 1998

*Green With Envy* Shira Boss, 2008-12-01 In this myth-shattering book, a leading business journalist exposes the shocking gap between personal finance and public image, and reveals how Americans are caught in the trap of living beyond their means.

*Seasons of My Life* David Heller, 2017-01-12 *Seasons of My Life* is a retrospective compilation of reflections as the psychologist and author approaches sixty. Dr. Heller invites us along on his own journey through the life cycle, as he offers thoughtful views on the various phases and on life in general. Here are a few representative selections: Rummaging through

the attic of my memories, this family value stands out. Love is more important than money and far more enduring. College was probably the first time anyone referred to me as an adult. Though deep down in the heart of my soul, I knew I wasn't. My life continues to remind me of how little I know, yet my saving grace is how hard I try to know. Mark my words. There is no happy ending without being at peace with yourself.

**Essays and Dissertations Made Easy: Flash** Hazel Hutchison, 2011-06-24 The books in this bite-sized new series contain no complicated techniques or tricky materials, making them ideal for the busy, the time-pressured or the merely curious. Essays and Dissertations Made Easy is a short, simple and to-the-point guide to applied psychology. In just 96 pages, the reader will learn all about why we do the things we do. Ideal for the busy, the time-pressured or the merely curious, Essays and Dissertations Made Easy is a quick, no-effort way to break into this fascinating topic.

**British Film Design** Laurie N. Ede, 2010-03-30 British Film Design is about the things that you see when you close your eyes and think of British cinema: Dr. No's Hideaway, the buffet of Brief Encounter, Vera Drake's parlour, Hogwarts School...and a thousand other visions of British films. This book is also about the people who have created those visions. The physical environments of films are made by Production Designers/Art Directors. Their efforts have tended to go unnoticed by cinema audiences. British Film Design offers the first comprehensive historical survey of British art direction. It takes a chronological journey through British film design, starting with the efforts of the film 'primitives' of the silent era and ending with the modern day purveyors of part built/part computer generated 'blended design'. Certain themes recur en route. These include British cinema's obsession with realism; the Production Designer's continual struggle for recognition; influence from European artists and the benefits - and perils - of American finance. The book succeeds in expressing the joy of looking at films from inside out; seeing beyond the stars to recognise sets as silent players in the action.

The Selected Works of Margaret Oliphant, Part I Volume 1 Joanne Shattock, 2024-05-31 Margaret Oliphant (1828-97) had a prolific literary career that spanned almost fifty years. She wrote some 98 novels, fifty or more short stories, twenty-five works of non-fiction, including biographies and historic guides to European cities, and more than three hundred periodical articles. This is the most ambitious critical edition of her work.

*Journal of the British Astronomical Association*, 1912

**The Herald of Asia**, 1917

Addressing Special Educational Needs and Disability in the Curriculum: English Tim Hurst, 2017-08-04 This book provides practical strategies and resources that have been proven effective in teaching English to pupils of all abilities, making English accessible, challenging and exciting. The author outlines important key principles that should underpin teaching and learning so that all pupils, including those with special educational needs, can enjoy the subject and make outstanding progress. The ideas and guidance draw on a wealth of experience, providing classroom activities and free online

resources, which can be combined with different teaching approaches. A range of appendices provides teachers with real-life case studies and examples and templates for supporting pupils with SEND. Offering strategies that are specific to the context of English teaching, this book will enable teachers and their teaching assistants to: develop pupils' understanding by engaging multi-sensory approaches; ensure all pupils are able to participate fully in lessons and achieve success; design and use individual plans for pupils with SEND; assess and adapt content and resources when differentiating materials for pupils with a wide range of learning needs; use formative assessments to measure learning and inform planning. An invaluable tool for whole-school continuing professional development, this fully revised text will be essential for teachers and their teaching assistants seeking guidance specific to teaching English to all pupils, regardless of their individual needs. This book will also be of interest to SENDCOs, learning support units and senior management teams as well as to teacher-training professionals.
