Jordan Peterson

Beyond Order Jordan B. Peterson, 2021-03-02 The companion volume to 12 Rules for Life offers further guidance on the perilous path of modern life. In 12 Rules for Life, clinical psychologist and celebrated professor at Harvard and the University of Toronto Dr. Jordan B. Peterson helped millions of readers impose order on the chaos of their lives. Now, in this bold sequel, Peterson delivers twelve more lifesaving principles for resisting the exhausting toll that our desire to order the world inevitably takes. In a time when the human will increasingly imposes itself over every sphere of life—from our social structures to our emotional states—Peterson warns that too much security is dangerous. What's more, he offers strategies for overcoming the cultural, scientific, and psychological forces causing us to tend toward tyranny, and teaches us how to rely instead on our instinct to find meaning and purpose, even—and especially—when we find ourselves powerless. While chaos, in excess, threatens us with instability and anxiety, unchecked order can petrify us into submission. *Beyond Order* provides a call to balance these two fundamental principles of reality itself, and guides us along the straight and narrow path that divides them.

The Ways of God, Updated Edition Richard Blackaby, 2023-04-18 Have you ever been surprised or confused by what God did in your life or someone else's? Did you expect God to act one way and then he did something entirely different? Have you ever prayed and asked God to do one thing but he did something entirely different? Have you ever made great sacrifices for God and then he chose not to bless your efforts? If so, the reason may be that you are unfamiliar with the ways of God. God's ways are vastly different from ours. We will be constantly disappointed if we assume God will act the same way we would. The problem with the Church, at times, is that it tries to do God's work, the world's way. However, with God, how you do something is as important as what you do. If you intend to be a growing, fruitful disciple of Jesus, you must learn the ways of God. Bestselling author Henry Blackaby along with Roy Edgemon originally wrote a book on this crucial subject. Now, Henry's son Richard has produced a fresh, practical, and expansive treatment of these powerful truths. How do mere mortals relate to and understand a God who is spirit and infinitely greater, wiser, and holier than they are? How do we relate to someone who has existed for eternity and who knows what lies ahead for all eternity to come? Blackaby identifies God's ways and examines how they differ from ours. He also provides practical guidance so God's ways can become ours. Do you want God to bless your efforts and to receive glory from your life? Learn to live your life according to the ways of God. If you do, you may well be swept up into the eternal purposes of almighty God.

Lost and Found Mark D'Souza, MD, 2024-09-03 In the midst of unprecedented material wealth and technological advancement, a paradoxical crisis looms large - the crisis of meaning. *Lost and Found*, by Dr. Mark D'Souza, ventures deep into this quandary, addressing the poignant disconnects of our modern era. As workplaces remain trapped in a cacophony of disagreements, the world witnesses an opioid crisis showing no signs of remission. Drawing upon his extensive experience in medical practice and rich insights from philosophy, psychology, and literature, Dr. D'Souza traces this descent into chaos, marking Nietzsche's assertion of the "death of God" as a pivotal moment in the annals of philosophical and societal thought. As the world grapples with the void left behind, emergent replacement religions—from climate alarmism to victimhood—attempt to fill the chasm, often adding to the turmoil. However, *Lost and Found* is not merely an analysis of our past mistakes and present predicaments. It is a guiding light, illuminating a path forward. With compelling arguments for the embrace of free speech, a return to the grounding principles of traditional religions, and an appeal for personal

responsibility, Dr. D'Souza provides actionable solutions for the individual and society at large. For those weary of today's cultural malaise and eager to mend our world, this book is an essential compass, guiding its readers toward a more cohesive and meaningful tomorrow.
