Landor's Cottage, Edgar Allan Poe Stephanie Cardon, Edgar Allan Poe, 2010 Analysis of Edgar Allan Poe's Landor's Cottage in 103 footnotes exploring the philosophy of landscape design, nineteenth century painting, Poe's life and loves.

The Fall of the House of Usher Edgar Allan Poe, 2015-12-27 The story begins with the unnamed narrator arriving at the house of his friend, Roderick Usher, having received a letter from him in a distant part of the country complaining of an illness and asking for his help. Although Poe wrote this short story before the invention of modern psychological science, Roderick's condition can be described according to its terminology. It includes a form of sensory overload known as hyperesthesia (hypersensitivity to light, sounds, smells, and tastes), hypochondria (an excessive preoccupation or worry about having a serious illness), and acute anxiety. It is revealed that Roderick's twin sister, Madeline, is also ill and falls into cataleptic, deathlike trances. The narrator is impressed with Roderick's paintings, and attempts to cheer him by reading with him and listening to his improvised musical compositions on the guitar. Roderick tells the narrator that he believes the house he lives in to be alive, and that this sentience arises from the arrangement of the masonry and vegetation surrounding it... Critical Companion to Edgar Allan Poe Dawn B. Sova, 2007 Examines the life and career of Edgar Allan Poe including synopses of many of his works, biographies of family and friends, a discussion of Poe's influence on other writers, and places that influenced his writing.

Satō Haruo and Modern Japanese Literature Charles Exley, 2016-01-19 In Satō Haruo and Modern Japanese Literature, Charles Exley offers the first comprehensive examination of Satō's literary oeuvre from the 1910s through the 1930s. The study examines the ways in which selected novels and short stories interact with cultural discourses of the time, including the fantastic, the discourse on melancholy and mental illness, detective fiction and early film, colonial encounter and critique of civilization, and hysteria and psychoanalysis. Exley's alignment of Satō's fictional work with its cultural and historical context illustrates the complex ways in which Satō's aesthetic projections derived from and comment on Japan's experience with modernization during the twentieth century.

Edgar Allan Poe Arthur Hobson Quinn, 1997-12-26 Now in paperback—the classic, monumental biography of Poe by Arthur Hobson Quinn. Renowned as the creator of the detective story and a master of horror, the author of *The Red Mask of Death*, *The Black Cat*, and *The Murders of the Rue Morgue*, Edgar Allan Poe seems to have derived his success from suffering and to have suffered from his success. *The Raven* and *The Tell-Tale Heart* have been read as signs of his personal obsessions, and *The Fall of the House of Usher* and *The Descent into the Maelstrom* as symptoms of his own mental collapse. Biographers have seldom resisted the opportunities to confuse the pathologies in the stories with the events in Poe's life. Against this tide of fancy, guesses, and amateur psychologizing, Arthur Hobson Quinn's biography devotes itself meticulously to facts. Based on exhaustive research in the Poe family archive, Quinn extracts the life from the legend, and describes how they both were distorted by prior biographies.

Understanding Edgar Allan Poe Ermanno Bencivenga, 2023-10-02 Many of Edgar Allan Poe's characters go through extreme, exhilarating, horrific experiences, and report on them. But how can we trust such reports, as under those circumstances they must have gone out of their minds? Through an all-encompassing, minute analysis of the entirety of Poe's work, both his fiction and his nonfiction, this book argues that descending into a gigantic whirlpool, or being tormented by the Inquisition or by bloodthirsty natives, are only indications of what it takes to encounter others in everyday life. To understand them, we must in all cases go out of our minds, enter theirs, and sense the horror of what it would be to be lost there. And then, for as long as we are able, stay on the threshold between our world and theirs, suspended, receiving a presage, a summons, from a mysterious destiny that will have no resolution.

Edgar Allan Poe David Halliburton, 2015-03-08 By attempting to suspend moral, ideological, or psychological assumptions, a phenomenological interpretation of literature hopes to reach the things themselves, the essential phenomena of being, space, and time, as they are constituted, by consciousness, in words. Although there has been a tradition of phenomenological criticism in Europe for the last twenty years, David Halliburton is the first to write a general study of an

American author from this particular point of view. The book begins with a methodological chapter that sets out the assumptions and procedures of the approach. This is followed by analyses of Poe's major works, exploring such special problems as Poe's treatment of the material world, including technology; the interrelation of body and consciousness; poetic voice; attitudes toward women; and the will to affirmation, plenitude, and unity. The center of interest is neither Poe's biography nor environment but always the meaning of Poe's words. Because these works are shaped by a single imagination and because they are experienced in time, as a process, each work has its own way of going. The aim of the interpretation is to find this way and go along with it; to live each work dynamically, as it happens, while tracing its interaction with other works. Originally published in 1973. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

Tales of Mystery Edgar Allan Poe, 1903

Landor's Cottage Edgar Allan Poe, 2014-07-11 *Landor's Cottage* is a short story by Edgar Allan Poe. Edgar Allan Poe (born Edgar Poe; January 19, 1809 - October 7, 1849) was an American author, poet, editor, and literary critic, considered part of the American Romantic Movement. Best known for his tales of mystery and the macabre, Poe was one of the earliest American practitioners of the short story, and is generally considered the inventor of the detective fiction genre. He is further credited with contributing to the emerging genre of science fiction. He was the first well-known American writer to try to earn a living through writing alone, resulting in a financially difficult life and career. Born in Boston, he was the second child of two actors. His father abandoned the family in 1810, and his mother died the following year. Thus orphaned, the child was taken in by John and Frances Allan, of Richmond, Virginia. Although they never formally adopted him, Poe was with them well into young adulthood. Tension developed later as John Allan and Edgar repeatedly clashed over debts, including those incurred by gambling, and the cost of secondary education for the young man. Poe attended the University of Virginia for one semester but left due to lack of money. Poe quarreled with Allan over the funds for his education and enlisted in the Army in 1827 under an assumed name. It was at this time his publishing career began, albeit humbly, with an anonymous collection of poems, *Tamerlane and Other Poems* (1827), credited only to a Bostonian. With the death of Frances Allan in 1829, Poe and Allan reached a temporary rapprochement. Later failing as an officer's cadet at West Point and declaring a firm wish to be a poet and writer, Poe parted ways with John Allan. Poe switched his focus to prose and spent the next several years working for literary journals and periodicals, becoming known for his own style of literary criticism. His work forced him to move among several cities, including Baltimore, Philadelphia, and New York City. In Baltimore in 1835, he married Virginia

Clemm, his 13-year-old cousin. In January 1845 Poe published his poem, The Raven, to instant success. His wife died of tuberculosis two years after its publication. For years, he had been planning to produce his own journal, The Penn (later renamed The Stylus), though he died before it could be produced. On October 7, 1849, at age 40, Poe died in Baltimore; the cause of his death is unknown and has been variously attributed to alcohol, brain congestion, cholera, drugs, heart disease, rabies, suicide, tuberculosis, and other agents. Poe and his works influenced literature in the United States and around the world, as well as in specialized fields, such as cosmology and cryptography. Poe and his work appear throughout popular culture in literature, music, films, and television. A number of his homes are dedicated museums today. The Mystery Writers of America present an annual award known as the Edgar Award for distinguished work in the mystery genre. After his brother's death, Poe began more earnest attempts to start his career as a writer. He chose a difficult time in American publishing to do so. He was the first well-known American to try to live by writing alone and was hampered by the lack of an international copyright law. Publishers often pirated copies of British works rather than paying for new work by Americans. The industry was also particularly hurt by the Panic of 1837. Despite a booming growth in American periodicals around this time period, fueled in part by new technology, many did not last beyond a few issues and publishers often refused to pay their writers or paid them much later than they promised. Poe, throughout his attempts to live as a writer, repeatedly had to resort to humiliating pleas for money and other assistance.
