web the village of the mermaids 1942 the painting by paul delvaux is a surrealist work that depicts a group of women sitting on a beach in a small village. The painting is a study in light and shadow, with the women's figures emerging from the dark background. The composition is carefully balanced, with the women's heads and shoulders forming a triangular shape. The use of color is subtle, with the women's dresses in shades of blue and green. The overall effect is one of quiet mystery and elegance.
