**Incandescence** Anvi Tuteja,2021-10-04 The cards are on the table; you're holding and I'm folding. I don't want to play this game, but it doesn't change the fact that I am. THEY know what I am. THEY know what I've done. BUT do they know who I am? Or do they see what everyone else sees? A broken enigmatist with nowhere to run? Well, if I can't run, I'll hide... this is the story of fourteen years and the fourteen months that changed it all Incandescence paints a picture of the teenage psyche - confused, alone and scared. It talks about being brilliant, beautiful and different by simply being yourself. By bringing together an anthology of poems, Incandescence embodies what it truly means to be human; what it means to feel scared; what it means to feel loved. And what it means to feel like you were meant for something more. Because you were. And you are. Relatable to all ages, all Incandescence needs is a cup of coffee, a reliable window seat and the will to imagine.

**Avengers Infinity Saga and Philosophy** Robert Arp,Heather L. Rivera,2020-06-09 In Avengers Infinity Saga and Philosophy, philosophers explore the momentous issues and the fascinating puzzles raised by Marvel's compelling series of movies: ● Is the Thanos snap truly an answer to overpopulation and famine, or is it simply indefensible mass murder on a cosmic scale? ● Are the Avengers who try to stop Thanos dishing out justice or merely fighting a man who is himself just? ● Captain America or Tony Stark—which leader holds the key to a civilized society? ● Dr. Strange claims to see 14,000,605 possible futures, in one of which Thanos is defeated. What does this tell us about the true nature of reality? ● Sometimes your best just isn't enough. How can we cope with inevitability? ● How can the Soul Stone and the Binding of Isaac by Abraham help us understand the Infinity War saga? ● Is Thanos a utilitarian? And if so, is his utilitarian calculus logically sound? ● Would it be possible for a group like the Avengers to amass enormous power to fight for humankind, without themselves becoming a corrupt ruling class? ● Can the past Nebula shooting the future Nebula cause her to cease to exist? Can you change the future by communicating with yourself or your family in the past? ● Can Thanos be seen as the epitome of non-self-serving behavior, or is Thanos masking his own egoism with the lie that his altruistic mission is to bring the universe into balance? ● Does Thanos show us the danger of living by an absolute moral compass, which allows us to see only what we believe to be "the right" with no variations or nuances?

**The Devil in the Black Box** Charles W. Myers,2024-03-05 Stories of old were communicated interpersonally, conveying information necessary to our survival. This extraordinary power led to mankind's dominion over the world. Today, our stories

are largely fed to us by way of our devices, our black boxes, which are incredible tools for spreading that same knowledge and wisdom globally. However, in the wrong hands, they are terrible weapons of misdirection, encouraging those under their influence to indulge selfish appetites and glorify victimhood, leading them to make the same mistakes that inspired those ancient stories in the first place. These stories shape the human mind to the same degree that we are what we eat, influencing the behavior of individuals and societies alike. Our shared stories, fantastical or otherwise, either reflect eternal truth and wisdom of the ages, or they do not, instead perpetuating a foolishly idealized form of reality. Put another way, they either prepare us for the inevitable obstacles of life, or they lead us to ruin. Such is the cunning of progressivism, an egregiously duplicitous philosophy that at first glance appears benevolent, but leads to devastating personal and societal consequences when put into practice. This book stands as a grand indictment of the illusion of progress, exploring how the seductive draw of its promises is nothing more than a trojan horse, a devil in disguise that threatens mankind's hard-won order over a chaotic world.

**Love Me Fast** Jody Kaye, 2024-10-10 —GATLIN— My penance for blowing it on a hot mic was spinning tunes at an upscale beach resort. But I'm returning to my ultimate career, and training Boston Belle, my replacement, is a just reward. Not my usual type, the raven-haired beauty stands up to me to prove she's the better DJ. After seven nights in paradise, it's hard to leave her alone. Despite my big mouth and my new boss keeping me on a short leash, my radio show is winning the ratings war. Everything's smooth sailing... Until I find a baby on my doorstep. Overnight, I'm a single dad, expected to rock the jukebox in the wee hours of the morning and my little girl at night. —BELLAMY— Raised by a single mom, I never knew my father. Except, it's beyond hope Gatlin understands I didn't show up at Kingsbrier to cash in. Unfortunately, my life went from bad to worse as soon as I stepped into the small town. Now, I'm trying to earn the trust of a former bad boy.

Abandoning our daughter was an accident, and I don't want to let her out of my reach. Though, I'm positive my dream of playing music always will be. But when our baby girl wraps Gatlin around her little finger, am I selfish to wish a good man loved me, too? Gatlin and Bellamy's *Small Town Baby on the Doorstep* Romance is perfect for readers who love a second chance romance between characters drawn together by instant attraction and separated by circumstances beyond their control. With an enemies to lovers vibe, *Love Me Fast* is a full-length sudden baby romance between a strong-willed heroine and a playboy hero. This book has a guaranteed happily ever after and features the sometimes meddlesome family in Jody Kaye's continuing best selling, southern small town saga, the Kingsbrier Quintuplets and the Kingsbrier Legacy series'.

**The Anthropocene and the Undead** Simon Bacon, 2022-03-22 *The Anthropocene and the Undead* describes how our experience of an increasingly erratic environment and the idea of the undead are more closely linked than the obvious zombie horde signaling the end of the world. In fact, as described here, much of how we understand the anthropocene both conceptually and in practice involves undead entities from the past that will not die, undead traumas that rise up and consume the world, and undead temporalities that can never end. Fifteen original essays by cultural and anthropological experts such as Kyle William Bishop, Nils Bubandt, Johan Höglund, and Steffen Hantke, among others, study the nature of humanity's ongoing complicated relationship to the environment via the concept of the undead. In doing so, *The Anthropocene and the Undead* sheds invaluable light on adjacent concepts such as the Capitalocene, Necrocene, Disanthropocene, Post-anthropocene, and the Symbiocene to trace real and imagined trajectories of our more-than-human selves into undead and undying futures.

*Apocalypse and Heroism in Popular Culture* Katherine E. Sugg, 2022-03-11 Stories of world-ending catastrophe have featured prominently in film and television. Zombie apocalypses, climate disasters, alien invasions, global pandemics and dystopian world orders fill our screens--typically with a singular figure or tenacious group tasked with saving or salvaging the world. Why are stories of End Times crisis so popular with audiences? And why is the hero so often a white man who overcomes personal struggles and major obstacles to lead humanity toward a restored future? This book examines the familiar trope of the hero and the recasting of contemporary anxieties in films like *The Walking Dead*, *Snowpiercer* and *Mad Max: Fury Road*. Some have familiar roots in Western cultural traditions yet many question popular assumptions about heroes and heroism to tell new and fascinating stories about race, gender and society and the power of individuals to change the world.

**Another End of the World is Possible** John Halstead, 2019-07-02 In these essays, activist and author, John Halstead, takes us from a 2016 environmental protest at a Midwestern tar sands refinery to a mid-20th century Mexican cornfield stricken with blight to a bloody sacrifice to the Mother Goddess in ancient Rome, and from ancient pagan myths to the latest superhero movies to speculative fiction about a biocentric community of the future. In so doing, he explores the intersection

of climate change and capitalism, hope and despair, death and denial, hubris and hero myths, love and limitations, popular culture and storytelling, and what it would really mean for our relationship with the natural world if we were to admit that we are doomed.

A despot of intergalactic infamy, Thanos' goal is to collect all six Infinity Stones, artifacts of unimaginable power, and use them to inflict his twisted will on all of reality. **NOLLYWOOD'S PATH TO ASCENSION: lessons From Hollywood's Rise** Oluwasegun Babatunde, 2023-08-31 The science is strong, but a test is only as good as the men carrying it out, was said by Valery Legasov in the Chernobyl Mini-series. The quote resonates with me, as do the words, Art pieces are as formidable as the quality of work, people, and resources drawn to bring them to life. Motion pictures are among the most radical art forms, and their role as sources of entertainment on both small and big screens speaks volumes. For more than a century, people have been making movies, and this trend will continue as long as people exist. In Nigeria's Nollywood, much has been accomplished, and much more is awaited. Therefore, the need to caution, educate, and take bold steps is greatly warranted. Nollywood's Path To Ascension (NPTA) aims to provide practical guidance and steps to reach the zenith.

Peñaranda's Nytefall series, where history is doomed to repeat, and star-crossed lovers must face a choice between their hearts or the world... Vicious Nightmares Need Peaceful Dreams. Shaken from the aftermath of the Libertatem, the newly found star-maiden Astraea is determined to keep her freedom, even at the cost of betraying her heart. But time is running out

to recover her memories with the hole it will unveil her killer. Embarking on a journey to discover her past, Astraea's awakening power spins the hourglass on a history threatening to repeat itself.
