Limits of the World a novel Jennifer Acker, 2019-04-16 The Chandaria family—emigrants from the Indian-enclave of Nairobi—have managed to flourish in America. Premchand, the father, is a doctor who has worked doggedly to grow his practice and give his family security; his wife, Urmila, runs a business importing artisanal Kenyan crafts; and their son, Sunil, after quitting the pre-med track, has gotten accepted to a PhD program in philosophy at Harvard. But the parents have kept a very important secret from Sunil: his cousin, Bimal, is actually his older brother. And when this previously hidden history is revealed by an unforeseen accident, and the entire family is forced to return to Nairobi, Sunil reveals his own well-kept, explosive secret: his Jewish-American girlfriend, who has accompanied him to Kenya, is, in fact, already his wife. Spanning

four generations and three continents, *The Limits of the World* illuminates the vast mosaic of cultural divisions and ethical considerations that shape the ways in which we judge one another's actions. A dazzling debut novel—written with rare empathy and insight—it is a powerful depiction of how we prevent ourselves, unwittingly and otherwise, from understanding the people we are closest to.

Art and Idea in the Novels of China Miéville Carl Freedman, 2015-09-07 This book offers (in the first six chapters) critical readings of six novels by China Miéville, which are followed (in the seventh chapter) by a theoretical meditation on some of

the conceptual issues raised by and engaged in the Miéville oeuvre. There comes a moment in *The City & the City*, though it is not necessarily the same moment for every reader, when you realise that Beszel and Ul Qoma are not separate realms but the same space divided. Likewise, art and idea are often subject to absurd partition, but then along comes an author such as China Miéville who shows them to be, in truth, indissoluble. So argues Freedman's inordinately readable and just as rigorous account of Miéville's major novels. Highly recommended. (Mark Bould, University of the West of England) Freedman offers a compelling interpretation of Miéville's novels informed equally by an impressive range of literary influences and a carefully documented exploration of historical antecedents. Seeing Miéville's genre hybridity as an illustration of the power of dialectical thinking, Freedman illuminates the complex utopian project of Miéville's fiction. Freedman is one of our finest critical voices on Miéville, one of the most important speculative writers of the 21st century. (Sherryl Vint, University of California, Riverside)

La Dolce Morte Mikel J. Koven, 2006-10-02 With the exception of die-hard aficionados of European or Italian horror cinema, most people may not have heard of giallo cinema or have seen many films in this subgenre of horror. Most academic film studies tend to ignore horror cinema in general and the giallo specifically. Critics often deride these films, which reveal more about the reviewers' own prejudices than any problem with the works themselves. As a counter to such biases, Mikel J. Koven argues for an alternative approach to studying these films, by approaching them as vernacular cinema-distinct from popular cinema. According to Koven, to look at a film from a vernacular perspective removes the assumptions about what constitutes a good film and how a particular film is in some way artistic. In *La Dolce Morte: Vernacular Cinema and the Italian Giallo Film*, Koven explores the history and evolution of this aspect of cinema, and places these films within the context of Italian popular filmmaking. He addresses various themes, motifs, and tropes in these films: their use of space, the murders, the role of the detective, the identity of the killer, issues of belief, excess, and the set-piece. In addition to being the first academic study of the giallo film in English, this book surveys more than fifty films of this subgenre. In addition to filmmakers like Mario Bava and Dario Argento, Koven also looks at the films of Lucio Fulci, Sergio Martino, Pupi Avati, Umberto Lenzi, and others. In all, the works of twenty-five different filmmakers are considered in this book. Also explored are the inter-relationships between these films: how one influences others, how certain filmmakers take ideas and build off of them, and how those ideas are further transformed by other filmmakers. Koven also explores the impact of the giallo on the later North American slasher genre.

Billie Starr's Book of Sorries Deborah E. Kennedy, 2022-10-04 "Funny yet bitingly realistic look at small-town life...A grim literary mystery and a hopeful family story, this genre-blending novel manages to be both charming and heartbreaking." —Kirkus "An enthralling suspense thriller...Exquisite prose matches deep characterization. Kennedy deserves to win an Edgar." —Publishers Weekly, starred review Sometimes, a woman has to rescue herself. Jenny Newberg, *Queen of Bad*

Decisions, is about to make another one. In a small town where everyone knows everyone's business, down-on-her-luck single mother Jenny is on a first-name basis with the debt collector at the bank, who is moving toward foreclosure. She is constantly apologizing to her precocious young daughter, Billie Starr, who is filling a book with her mother's sorries, and it seems to Jenny that no apology will ever be enough. Then a pair of strangers in black suits offers her a hefty check to seduce someone known as the Candidate. Finally, something will go her way. But nothing ever goes as Jenny plans, and she is swept into the Candidate's orbit. Surrounded by a wide universe of new ideas, she realizes how constrained her life has been by the expectations of everyone around her, and she starts to see how much more she might be capable of. And when her world is rocked to its core and Billie Starr may be in danger, Jenny is forced to do what she once thought impossible: trust in herself and her own power to make things right. Shimmering with rage and sparkling with subtle humor, *Billie Starr's Book of Sorries* showcases Edgar Award-nominee Deborah E. Kennedy's singular voice and shines a light on the town of Benson, Indiana, where lakes, grudges, and family rifts run deep - but so does a mother's love.

Incorporating recent scholarship on the genre, the second edition of *The Horror Film* contains new discussion and context for Hollywood horror films in the 1980s and 1990s, as well as notable developments in the genre such as "torture porn," found-footage horror, remakes and reboots of past horror films, zombies, and the "elevated horror" debate. This edition explores the rise of new filmmakers such as Ari Aster, Robert Eggers, and Jordan Peele, surveys horror films made by women and African American filmmakers, and investigates contemporary issues in the production and consumption of horror films. Combining historical narrative with close readings of significant works, *The Horror Film*: Covers major works in the genre such as *Cat People*, *Halloween*, and *Bram Stoker's Dracula* Examines important antecedents including gothic literature and the Grand Guignol Theater Offers thorough analyses of the style, context, and themes of specific horror milestones Provides examples of close analysis that can be applied to a wide range of other horror films Discusses important representative titles across the genre's evolution, including more recent films such as 2017's *Get Out* *The Horror Film: An Introduction, Second Edition*, is an ideal textbook for undergraduate surveys of the horror genre and other courses in American film history, and an invaluable resource for scholars, lecturers, and general readers with an interest in the subject.

Spinegrinder Clive Davies, 2015-03-06 First came video and more recently high definition home entertainment, through to

the internet with its streaming videos and not strictly legal peer-to-peer capabilities. With so many sources available, today's fan of horror and exploitation movies isn't necessarily educated on paths well-trodden — Universal classics, 1950s monster movies, Hammer — as once they were. They may not even be born and bred on DAWN OF THE DEAD. In fact, anyone with a bit of technical savvy (quickly becoming second nature for the born-clicking generation) may be viewing MYSTICS IN BALI and S.S. EXPERIMENT CAMP long before ever hearing of Bela Lugosi or watching a movie directed by Dario Argento. In this world, H.G. Lewis, so-called “godfather of gore,” carries the same stripes as Alfred Hitchcock, “master of suspense.” SPINEGRINDER is one man's ambitious, exhaustive and utterly obsessive attempt to make sense of over a century of exploitation and cult cinema, of a sort that most critics won't care to write about. One opinion; 8,000 reviews (or thereabouts).

The Hazel Wood Melissa Albert, 2019-03-26 Welcome to Melissa Albert's *The Hazel Wood*—the fiercely stunning New York Times bestseller everyone is raving about! Seventeen-year-old Alice and her mother have spent most of Alice's life on the road, always a step ahead of the uncanny bad luck biting at their heels. But when Alice's grandmother, the reclusive author of a cult-classic book of pitch-dark fairy tales, dies alone on her estate, the Hazel Wood, Alice learns how bad her luck can really get: Her mother is stolen away—by a figure who claims to come from the Hinterland, the cruel supernatural world where her grandmother's stories are set. Alice's only lead is the message her mother left behind: “Stay away from the Hazel Wood.” Alice has long steered clear of her grandmother's cultish fans. But now she has no choice but to ally with classmate Ellery Finch, a Hinterland superfan who may have his own reasons for wanting to help her. To retrieve her mother, Alice must venture first to the Hazel Wood, then into the world where her grandmother's tales began—and where she might find out how her own story went so wrong. Don't miss the bestselling sequel to *The Hazel Wood*, *The Night Country* or the illustrated collection of twelve fairy tales, *Tales from the Hinterland*!

Atlas of Imagined Places Matt Brown, Rhys B. Davies, 2021-09-28 WINNER, Edward Stanford Travel Writing Awards 2022: Illustrated Travel Book of the Year. HIGHLY COMMENDED, British Cartographic Society Awards 2022. From Stephen King's Salem's Lot to the superhero land of Wakanda, from Lilliput of Gulliver's Travels to Springfield in *The Simpsons*, this is a wondrous atlas of imagined places around the world. Locations from film, tv, literature, myths, comics and video games are plotted in a series of beautiful vintage-looking maps. The maps feature fictional buildings, towns, cities and countries plus mountains and rivers, oceans and seas. Ever wondered where the Bates Motel was based? Or Bedford Falls in *It's a Wonderful Life*? The authors have taken years to research the likely geography of thousands of popular culture locations that have become almost real to us. Sometimes these are easy to work out, but other times a bit of detective work is needed and the authors have been those detectives. By looking at the maps, you'll find that the revolution at Animal Farm happened next to Winnie the Pooh's home. Each location has an extended index entry plus coordinates so you can find it on the maps. Illuminating essays accompanying the maps give a great insight into the stories behind the imaginary places, from Harry

Potter's wizardry to Stone Age Bedrock in the Flintstones. A stunning map collection of invented geography and topography drawn from the world's imagination. Fascinating and beautiful, this is an essential book for any popular culture fan and map enthusiast.

A Year of Fear Bryan Senn,2015-03-26 This eclectic overview of horror cinema offers up a collection of horror films for practically any occasion and literally every day of the year. For example, the author recommends commemorating United Nations Day (October 24) with a screening of The Colossus of New York, whose startling climax takes place at the U.N. Building. Each day-by-day entry includes the movie title, production year, plot summary and critique, along with a brief explanation of how the film fits into the history of that particular day and interesting anecdotes on the film's production.

The Bloomsbury Handbook to Sofia Coppola Suzanne Ferriss,2023-01-12 The Bloomsbury Handbook to Sofia Coppola offers the first comprehensive overview of the director's impressive oeuvre. It includes individual chapters on her films, including The Virgin Suicides (1999), Lost in Translation (2003), Marie Antoinette (2006), Somewhere (2010), The Bling Ring (2013), The Beguiled (2017), and On the Rocks (2020). While focused on her films, contributors also consider Coppola's shorter works for television, commercials and music videos, as well as explorations of the distinct elements of her signature style: cinematography, production/costume design, music, and editing. Additional chapters provide insights into the influences on her work, its popular and scholarly reception, and interpretations of key themes and issues. The international team of contributors includes leading scholars of film, music, fashion, celebrity and gender studies, visual and material culture, reception studies, as well as industry professionals. Their interdisciplinary insights capture the complexities of Coppola's work and its cultural significance.

Violent Affect Marco Abel,2007-01-01 Countering previous studies of violent images based on representational and, consequently, moralistic assumptions, which, the author argues, inevitably reinforce the very violence they critique. He explains how violent images work upon the world.
