SAVAGE AND THE SWAN. ELLA. FIELDS,2021

The Savage and the Swan Ella Fields,2021-07-12 The king of wolves was more beast than man, more tyrant than king, and so much more than he seemed. Raised to avenge his murdered parents, he'd been trained and conditioned until nothing but violence and hatred lined the walls of his dead heart. For nearly four years, I'd done all I could to help my kingdom as we faced the wolf king's unconquerable evil--hardly anything at all. As the only heir to the Gracewood line, I'd been relegated to menial tasks that would keep me and my secrets safe.

My Top Is A Magic Beast Yu ZiFei,2020-06-01 The proud son of heaven, Ling Xiao, had lost everything in a single night, but had been saved by a divine beast. While he was trying his best to get revenge, this Divine Beast suddenly turned into a human one day. Suddenly, the Divine Beast looked at him lovingly one day. Our son is already so old, when are you going to give me this title? I will accompany you on your long journey; I will accompany you on your leisure time.

How Autocrats Are Held Accountable Richard L. Abel,2025-07-18 Chronicling and analyzing resistance to the threat that autocracy poses to American liberal democracy, this book provides the definitive account of the roles that courts and elections played in holding Trump accountable for his actions. This book describes the many lawsuits brought against Trump and his supporters for their autocratic actions. Trump was found liable in two civil lawsuits: for nearly \$100 million for sexually abusing and defaming E. Jean Carroll and for nearly \$500 million for fraudulently valuing his real estate properties. Trump supporters and associates suffered even greater liabilities for defamation. And many of his lawyers were disciplined

by professional associations. New York successfully prosecuted Trump for falsifying business records in connection with hush money payments to Stormy Daniels. Georgia obtained guilty pleas from four Trump associates implicated in efforts to change that state's electoral votes, although the case against Trump was derailed by prosecutorial misconduct. Special Counsel Jack Smith initiated two prosecutions against Trump: for concealing classified papers and for seeking to overturn the 2020 election. But the Supreme Court created a novel doctrine of presidential immunity; and those cases were dismissed before Trump's second inauguration. The book also analyzes the 2024 election, which Trump won with a bare 1.5 percent majority. It exposes his intensifying vilification of immigrants and transgender people and the numerous falsehoods he and his supporters disseminated. The book concludes by evaluating all the varied forms of resistance to autocracy described in the five volumes of the *Defending American Democracy* mini-series. This definitive account and analysis of Trumpism and the resistance to it will appeal to scholars, students, and others with interests in politics, populism, and the rule of law and, more specifically, to those concerned with resisting the threat that autocracy poses to liberal democracy.
