The Book of Amazing Stories Robert Petterson, 2017-10-03 You may have thought you knew the lives of famous people—such as Martin Luther King Jr., Howard Hughes, Mother Teresa, Muhammad Ali, Ronald Reagan, Susana Wesley, and many more. But, in *The Book of Amazing Stories*, you'll know so much more about Ronnie's faithful church-going single mom and William's early days as a humble shoemaker's apprentice. Robert Petterson—popular speaker, storyteller, and author—has been a student for his entire life of what God is teaching us through those real-life U-turns. In this book, he compiles 90 amazing stories that teach lessons you won't easily forget. Each devotional ends with a compelling thought about life and God. Be amazed. Be encouraged. Learn the lessons God is teaching through people's lives.

With Intent to Maim; An Autobiographical Narrative Kalman Dubov, 2020-10-06 This book describes my experiences being subjected to and living with abuse during my childhood and early adult years in the Lubavitch-Chabad community, in Brooklyn, New York. I discuss the effects this physical, emotional and psychological abuse had on my development and life, which resulted in my leaving this community and lifestyle. When I grew up in this community, the topic of abuse was either denied, or spoken about in whispers. Generally, even if abuse of a child was known, it was not reported to law enforcement, and the child was not protected from further abuse. The topic of reporting such crimes to the law enforcement authorities, for eventual criminal prosecution, is referred to as 'mosur' a term of revilement. Such a person, regardless of the crime(s) committed, is protected by the Jewish community and the victim is forced to face the abuse by himself/herself, without the benefit of communal embrace for resolution. Moreover, Jewish law excoriates a 'mosur' / informer, by exclusion from normative communal membership. These exclusions are embodied in codes of Jewish law which formalizes the process by vilifying the informer. The victim thereby faces a double attack. The first is by the predator, and the second by the code of silence forced upon the victim. The primary focus of this book regards the physical attack I endured at the hands of my mother. She was angered by my non-diligence in religious study motivating her to try to break my arm. I was eight years old at the time. And she was following the actions of another mother who broke the arm of her son for the same perverse reason. this attack was a life changing event. It forced to identify my mother, and others, as persons who represented a great danger

to me, necessitating measures that resulted in distance and eventual examination of the fundamentals of this religious life and identity. I describe the other Jewish family that similarly abused a child. Similar to my own circumstance, no investigation or prosecution was ever conducted. I remain convinced other families from these ultra-Orthodox (Charedi) Jewish communities experienced similar, or worse, violence, but such violence was muted and not reported. My father was aware of the attack but did not intervene. I discuss the details of the abuse, as well as its aftermath, and the larger concatenates these events caused in my life. I conclude my narrative by stating that these acts, and especially community refusal to acknowledge and respond, is shameful and indefensible. A few persons reviewed this material prior to publication. While I remain grateful for their comments and recommendations, the publication reflects my own insights and I remain responsible for any errors or oversights.

Holocaust Literature and Representation Phyllis Lassner, Judith Tydor Baumel-Schwartz, 2023-02-09 Each scholar working in the field of Holocaust literature and representation has a story to tell. Not only the scholarly story of the work they do, but their personal story, their journey to becoming a specialist in Holocaust studies. What academic, political, cultural, and personal experiences led them to choose Holocaust representation as their subject of research and teaching? What challenges did they face on their journey? What approaches, genres, media, or other forms of Holocaust representation did they choose and why? How and where did they find a scholarly “home” in which to share their work productively? Have political, social, and cultural conditions today affected how they think about their work on Holocaust representation? How do they imagine their work moving forward, including new challenges, responses, and audiences? These are but a few of the questions that the authors in this volume address, showing how a scholar's field of research and resulting writings are not arbitrary, and are often informed by their personal history and professional experiences.

In Defence of War Nigel Biggar, 2013-09-12 Pacifism is popular. Many hold that war is unnecessary, since peaceful means of resolving conflict are always available, if only we had the will to look for them. Or they believe that war is wicked, essentially involving hatred of the enemy and carelessness of human life. Or they posit the absolute right of innocent individuals not to be deliberately killed, making it impossible to justify war in practice. Peace, however, is not simple. Peace for some can leave others at peace to perpetrate mass atrocity. What was peace for the West in 1994 was not peace for the Tutsis of Rwanda. Therefore, against the virus of wishful thinking, anti-military caricature, and the domination of moral deliberation by rights-talk In Defence of War asserts that belligerency can be morally justified, even though tragic and morally flawed.

Hannah Arendt Peter Burdon, 2017-09-18 Hannah Arendt is one of the great outsiders of twentieth-century political

philosophy. After reporting on the trial of Nazi war criminal Adolf Eichmann, Arendt embarked on a series of reflections about how to make judgments and exercise responsibility without recourse to existing law, especially when existing law is judged as immoral. This book uses Hannah Arendt's text *Eichmann in Jerusalem* to examine major themes in legal theory, including the nature of law, legal authority, the duty of citizens, the nexus between morality and law and political action.

Advancing International Human Rights Law Responsibilities of Development NGOs Noam Schimmel, 2020-10-31 This book explores the potential responsibilities to respect, protect and fulfill international human rights law (IHRL) of a particular class of non-state actors: non-governmental organizations (NGOs). It calls for NGOs pursuing development to respect and fulfill the human right of genocide survivors to reparative justice in Rwanda. It argues that NGOs have social and moral responsibilities to respect and fulfill IHRL, and for greater accountability for them to do so. The book focuses on those NGOs advancing development in a post genocide transitional justice context acting simultaneously in partnership with state governments, as proxies and agents for these governments, and providing essential public goods and social services as part of their development remit. It defines development as a process of expanding realization of social, economic, and cultural rights addressing food security, economic empowerment/poverty reduction, healthcare, housing, education, and other fundamental human needs while integrating these alongside the expansion of freedoms and protections afforded by civil and political rights. It uses post genocide Rwanda as a case study to illustrate how respect and fulfillment of the IHRL pertaining to reparative justice are hindered by failing to hold NGOs responsible for IHRL. Consequently, this results in discrimination against, marginalization, and the disadvantaging of survivors of the Rwandan genocide against the Tutsi and violations of their human rights.

The Justice of Mercy Linda Ross Meyer, 2010-11-22 *The Justice of Mercy* is exhilarating reading. Teeming with intelligence and insight, this study immediately establishes itself as the unequaled philosophical and legal exploration of

mercy. But Linda Meyer's book reaches beyond mercy to offer reconceptualizations of justice and punishment themselves. Meyer's ambition is to rethink the failed retributivist paradigm of criminal justice and to replace it with an ideal of merciful punishment grounded in a Heideggerian insight into the gift of being-with-others. The readings of criminal law, Heideggerian and Levinasian philosophy, and literature are powerful and provocative. The Justice of Mercy is a radical and rigorous exploration of both punishment and mercy as profoundly human activities. ---Roger Berkowitz, Director of the Hannah Arendt Center for Ethical and Political Thinking, Bard College This book addresses a question both ancient and urgently timely: how to reconcile the law's call to justice with the heart's call to mercy? Linda Ross Meyer's answer is both philosophical and pragmatic, taking us from the conceptual roots of the supposed conflict between justice and mercy to concrete examples in both fiction and contemporary criminal law. Energetic, eloquent, and moving, this book's defense of mercy will resonate with philosophers, legal scholars, lawyers, and policymakers engaged with criminal justice, and anyone concerned about our current harshly punitive legal system. ---Carol Steiker, Harvard Law School Far from being a utopian, soft and ineffectual concept, Meyer shows that mercy already operates within the law in ways that we usually do not recognize. . . . Meyer's piercing insights and careful analysis bring the reader to think of law, justice, and mercy itself in a new and far more profound light. ---James Martel, San Francisco State University How can granting mercy be just if it gives a criminal less punishment than he deserves and treats his case differently from others like it? This ancient question has become central to debates over truth and reconciliation commissions, alternative dispute resolution, and other new forms of restorative justice. The traditional response has been to marginalize mercy and to cast doubt on its ability to coexist with forms of legal justice. Flipping the relationship between justice and mercy, Linda Ross Meyer argues that our rule-bound and harsh system of punishment is deeply flawed and that mercy should be, not the crazy woman in the attic of the law, but the lady of the house. This book articulates a theory of punishment with mercy and illustrates the implications of that theory with legal examples drawn from criminal law doctrine, pardons, mercy in military justice, and fictional narratives of punishment and mercy. Linda Ross Meyer is Carmen Tortora Professor of Law at Quinnipiac University School of Law; President of the Association for the Study of Law, Culture and the Humanities; and Associate Editor of Journal of Law, Culture and the Humanities. The Inheritors Gita Arian Baack, 2025-07-30 Our family legacies, both positive and negative, are passed down from one generation to the next in ways that are not fully understood. This secondary form of trauma, which Gita Baack calls Inherited Trauma, has not received adequate attention—a failing that perpetuates cycles of pain, hatred, and violence. In *The Inheritors*, readers are given the opportunity to reflect on the inherited burdens they carry, as well as the resilience that has given them the power of survival. Through engaging stories and unique concepts, readers will learn new ways to explore the unknowns in their legacies, reflect on questions that are posed at the end of each chapter, and begin to write their own story.

Survivor Transitional Narratives of Nazi-Era Destruction Dennis B. Klein, 2017-11-16 *Survivor Transitional Narratives of Nazi-Era Destruction: The Second Liberation* examines the historical circumstances that gave rise in the 1960s to the first cohort of Nazi-era survivors who massed a public campaign focusing on remembrance of Nazi racial crimes. The survivors' decision to engage and disquiet a public audience occurred against the backdrop of the Frankfurt Auschwitz trial and the West German debate over the enforcement of statutory limitations for prosecuting former Nazis. Dennis B. Klein focuses on the accounts of three survivors: Jean Améry, an Austrian ex-patriot who joined the Belgian Resistance during the war, Vladimir Jankélévitch, a member of the French Resistance, and Simon Wiesenthal, who dedicated his life after the war to investigating Nazi crimes. As Klein argues, their accounts, in addition to acting as a reminder of Nazi-era endemic criminality, express a longing for human fellowship. This contextual and interdisciplinary interpretation illustrates the explanatory significance of contemporary events and individual responses to them in shaping the memory and legacy of Nazi-era destruction. It is essential reading for students and scholars of the Nazi era and its legacy, genocide studies, Jewish Studies, and the history of emotions.

The Writing on the Wall Eric Martin, 2023-07-12 *How can people of faith connect their religious traditions with the rise of overtly fascist violence in the United States? That's the question this book takes up. With first-hand accounts from the largest white supremacist gathering in modern American history at Unite the Right in Charlottesville, Virginia, it shares how the clergy resisting Nazis and the KKK point a way forward for Christians in particular. But The Writing on the Wall expands outward to ask what churches can learn from antifascists, Black Lives Matter, and those working on the ground to combat the continuing coalition of far-right militias and gangs that promise to endure with or without Trump in office. In the wake of a deadly Capitol insurrection robed in Christian imagery, this book invites the faithful to imagine a counter-witness that does more than merely preach against hate. Using biblical exegesis, storytelling, interviews, thought experiments, art, and theology, The Writing on the Wall explores how we can rethink notions of civil disobedience, nonviolence, love, prayer, and liturgy to enfold a worthy faith in the face of a fascist creep.*

Commonplace Witnessing Bradford Vivian, 2017-06-13 *Commonplace Witnessing* examines how citizens, politicians, and civic institutions have adopted idioms of witnessing in recent decades to serve a variety of social, political, and moral

ends. The book encourages us to continue expanding and diversifying our normative assumptions about which historical subjects bear witness and how they do so. Commonplace Witnessing presupposes that witnessing in modern public culture is a broad and inclusive rhetorical act; that many different types of historical subjects now think and speak of themselves as witnesses; and that the rhetoric of witnessing can be mundane, formulaic, or popular instead of rare and refined. This study builds upon previous literary, philosophical, psychoanalytic, and theological studies of its subject matter in order to analyze witnessing, instead, as a commonplace form of communication and as a prevalent mode of influence regarding the putative realities and lessons of historical injustice or tragedy. It thus weighs both the uses and disadvantages of witnessing as an ordinary feature of modern public life.

The Back Side of the Cross Diane Leclerc, Brent Peterson, 2022-06-29 The cross has always been portrayed as the means of salvation and forgiveness for sinners, but does it have anything to say to those who have been sinned against? This book shows that the atonement of Christ has powerful potential to speak to those who have been wronged, especially those who have been abused and abandoned in countless ways--those who cower at the back side of the cross wondering if they are included. As victims of various kinds of abuse are beginning to come out of the shadows in cultural conversation and in the context of the church, *The Back Side of the Cross* is a timely book for several audiences. It is thoroughly rigorous and will interest theologians and their students; it also offers a very practical section for pastors and those who want to care for the wounded; and it can even reach survivors themselves as it offers true hope in the urgency of such real pain.

The Routledge Handbook of Religion, Mass Atrocity, and Genocide Sara E. Brown, Stephen D. Smith, 2021-11-22 The Routledge Handbook of Religion, Mass Atrocity, and Genocide explores the many and sometimes complicated ways in which religion, faith, doctrine, and practice intersect in societies where mass atrocity and genocide occur. This volume is intended as an entry point to questions about mass atrocity and genocide that are asked by and of people of faith and is an outstanding reference source to the key topics, historical events, and heated debates in this subject area. The 39 contributions to the handbook, by a team of international contributors, span five continents and cover four millennia. Each explores the intersection of religion, faith, and mainly state-sponsored mass atrocity and genocide, and draws from a variety of disciplines. This volume is divided into six core sections: Genocide in Antiquity and Holy Wars The Genocide of Indigenous Peoples Religion and the State The Role of Religion during Genocide Post Genocide Considerations Memory Culture Within these sections central issues, historical events, debates, and problems are examined, including the Crusades; Jihad and ISIS, colonialism, the Holocaust, desecration of ritual objects, politics of religion, Shinto nationalism, attacks on Rohingya Muslims; the Genocide against the Tutsi in Rwanda, responses to genocide; gender-based atrocities, ritualcide in Cambodia, burial sites and mass graves, transitional justice, forgiveness, documenting genocide, survivor memory narratives, post-conflict healing and memorialization. The Routledge Handbook of Religion and Genocide is essential reading for students and

researchers with an interest in religion and genocide, religion and violence, and religion and politics. It will be of great interest to students of theology, philosophy, genocide studies, narrative studies, history, and international relations and those in related fields, such as cultural studies, area studies, sociology, and anthropology.

The Logic of the Spirit in Human Thought and Experience Keith J White, Dana R Wright, 2015-02-26 In March 2012 a small consultation convened on the campus of Princeton Theological Seminary, where James E. Loder Jr. had served for forty years as the Mary D. Synnott Professor of the Philosophy of Christian Education. Members from the Child Theology Movement had begun to read Loder's work and they wanted to go further. So they invited former students of Loder's to meet with them for conversations about things that really mattered to them and to Loder: human beings (and especially children), the church's witness to the gospel of Jesus Christ, and discerning the work of Spiritus Creator in the postmodern world. The conversations proved rich and rewarding and some would even say they took on a life of their own - serious scholarship set to the music of the Spirit's communion-creating artistry forming new relationships, inspiring new ideas, and sustaining all of it amid much laughter, joy, and hope. These essays, taken from the papers delivered at the consultation, are offered as a means of extending that conversation inspired by Loder's interdisciplinary practical theological science and his discernment of the

Courage and Fear Ola Hnatiuk, 2020-01-28 Courage and Fear is a study of a multicultural city in times when all norms collapse. Ola Hnatiuk presents a meticulously documented portrait of Lviv's ethnically diverse intelligentsia during World War Two. As the Soviet, Nazi, and once again Soviet occupations tear the city's social fabric apart, groups of Polish, Ukrainian, and Jewish doctors, academics, and artists try to survive, struggling to manage complex relationships and to uphold their ethos. As their pre-war lives are violently upended, courage and fear shape their actions. Ola Hnatiuk employs diverse sources in several languages to tell the story of Lviv from a multi-ethnic perspective and to challenge the national narratives dominant in Central and Eastern Europe.
