María Bermúdez Martínez

Museo de la novela de la eterna Macedonio Fernández, 1982

The Self of the City Todd S. Garth, 2005 The Self of the City shows Macedonio's work to be a highly systematic effort to save the city from the ills of modernity. Responding directly to the context of early twentieth-century Buenos Aires, Macedonio rejects modern culture as inherently paradoxical and pernicious, hinging on the unsustainable fallacy of Descartes' autonomous self.

The Museum of Eterna's Novel Macedonio Fernández, 2010 An anti-novel.' It opens with more than fifty prologues-including ones addressed 'To My Authorial Persona,' 'To the Critics,' and 'To Readers Who Will Perish If They Don't Know What the Novel Is About'-that are by turns philosophical, outrageous, ponderous, and cryptic. These pieces cover a range of topics from how the upcoming novel will be received to how to thwart 'skip-around readers' (by writing a book that's defies linearity!). The novel itself, is about a group of characters (some borrowed from other texts) who live on an estancia called 'la novella'

La parodia en la nueva novela hispanoamericana (1960-1985) Elzbieta Skłodowska, 1991 In this brilliant overview of parodic praxis in the Spanish-American novel during the years 1960-1985, Elzbieta Skłodowska examines several aspects of parody: its role in the renovation of anachronistic forms of discourse (mock-epic) and the re-writing of the canon of the historical novel; its function in transgressing literary formulas (detective novel); its subversive quality in the counter-discourse of women writers; and the relation between parody, satire, irony, humor, and metafiction. This sound analysis of some twenty-five novels, carefully illustrated by works little treated in critical discourse, takes as its theoretical basis the works of the Russian Formalists and Linda Hutcheon's theory of parody.

El pensamiento alternativo en la Argentina del siglo XX Arturo Andrés Roig, Carlos Alemián, 2004

Macedonio Fernández: Between Literature, Philosophy, and the Avant-Garde Federico Fridman, 2022-01-13 At Macedonio Fernández's funeral in 1952, Jorge Luis Borges delivered the following elegy: "In those years I imitated him to the point of transcription, to the point of devout and passionate plagiarism. I felt: Macedonio is metaphysics, Macedonio is literature." This is the first book available in English that collects essays by the world's leading scholars on Macedonio Fernández, one of Borges's most important mentors and a still enigmatic thinker of the early 20th century. Macedonio's philosophy, metaphysics, ethics, and experimental writing laid the foundations for Borges's own theoretical and literary matrix. Nonetheless, Borges helped shape a myth of Macedonio as a thinker who could not translate his oratorical geniality into written intelligibility. So, despite the centrality of Macedonio to Borges's thought, his work has remained almost unknown to English-speaking readers. Contributors to this volume demonstrate, however, that this myth reduces the complexities of Macedonio's life and creative process, as each chapter shines new light on his texts. Conceived as both a companion for new readers of Macedonio's writings and an invitation for specialists to revisit his work through new perspectives, essays in this volume provide extensive background and bibliographical references, as well as English translations of Macedonio's original texts. This collection seeks to serve as a catalyst for the continued discovery and rediscovery of Macedonio Fernández's texts and the ways they might help us to rediscover the singularities of our own present moment.

A Companion to Latin American Literature and Culture Sara Castro-Klaren, 2022-05-23 Cutting-edge and insightful discussions of Latin American literature and culture In the newly revised second edition of *A Companion to Latin American Literature and Culture*, Sara Castro-Klaren delivers an eclectic and revealing set of discussions on Latin American culture and literature by scholars at the cutting edge of their respective fields. The included essays—whether they're written from the perspective of historiography, affect theory, decolonial approaches, or human rights—introduce readers to topics like gaucho literature, postcolonial writing in the Andes, and baroque art while pointing to future work on the issues raised. This work engages with anthropology, history, individual memory, testimonio, and environmental studies. It also explores: A thorough introduction to topics of coloniality, including the mapping of the pre-Columbian Americas and colonial religiosity Comprehensive explorations of the emergence of national communities in New Imperial coordinates, including discussions of the Muisca and Mayan cultures Practical discussions of global and local perspectives in Latin American literature, including explorations of Latin American photography and cultural modalities and cross-cultural connections In-depth examinations of uncharted topics in Latin American literature and culture, including discussions of femicide and feminist performances and eco-perspectives Perfect for students in undergraduate and graduate courses tackling Latin American literature and culture topics, *A Companion to Latin American Literature and Culture, Second Edition* will also earn a place in the libraries of members of the general public and PhD students interested in Latin American literature and culture.

Voices of the Survivors Liria Evangelista, 2013-05-13 By blending personal memoir and critical analysis, *Voices of the Survivors* explores cultural and human responses to the violence of political repression and social disintegration perpetrated in Argentina during the so called Dirty War of the late '70s and early '80s. Central to the theoretical and critical corpus is the work of scholars writing in response to the historical trauma of the Holocaust (Adorno, La Capra, Shoshana Felman), which posed questions regarding social trauma, the links between mourning and memory, and the role of artistic creation and its value as testimony. The book traces shifts in discursive formations and social practices critical to understanding the origin and impact of the Process of National Reorganization (as it was known by the military government) through analysis of a broad range of sources, including poetry, fiction, memoirs and testimonies, popular music, and journalism. These texts explore the persistence of issues of memory and mourning within the particular conditions of Argentine culture in the aftermath of the dictatorship. This significant new work will be essential reading for scholars interested in issues of violence, political and cultural disruption, memory, and historical consciousness.

The Novels of Julio Cortázar Steven Boldy, 1980-11-06 This 1980 book is a clear and detailed study of Julio Cortázar's four major novels.

Unlawful Violence Rebecca Janzen, 2022-05-15 Violence has only increased in Mexico since 2000: 23,000 murders were recorded in 2016, and 29,168 in 2017. The abundance of laws and constitutional amendments that have cropped up in

response are mirrored in Mexico's fragmented cultural production of the same period. Contemporary Mexican literature grapples with this splintered reality through non-linear stories from multiple perspectives, often told through shifts in time. The novels, such as Jorge Volpi's *Una novela criminal* [A Novel Crime] (2018) and Julián Herbert's *La casa del dolor ajeno* [The House of the Pain of Others] (2015) take multiple perspectives and follow non-linear plotlines; other examples, such as the very short stories in *¡Basta! 100 mujeres contra la violencia de género* [Enough! 100 Women against Gender-Based Violence] (2013), present perspectives from multiple authors. Few scholars compare cultural production and legal texts in situations like Mexico, where extreme violence coexists with a high number of human rights laws. *Unlawful Violence* measures fictional accounts of human rights against new laws that include constitutional amendments to reform legal proceedings, laws that protect children, laws that condemn violence against women, and laws that protect migrants and Indigenous peoples. It also explores debates about these laws in the Mexican house of representatives and senate, as well as interactions between the law and the Mexican public.

The Thousand and One Nights and Twentieth-Century Fiction Richard van Leeuwen, 2018-07-17 It is gradually being acknowledged that the Arabic story-collection *Thousand and One Nights* has had a major influence on European and world literature. This study analyses the influence of *Thousand and One Nights*, as an intertextual model, on 20th-century prose from all over the world. Works of approximately forty authors are examined: those who were crucial to the development of the main currents in 20th-century fiction, such as modernism, magical realism and post-modernism. The book contains six thematic sections divided into chapters discussing two or three authors/works, each from a narratological perspective and supplemented by references to the cultural and literary context. It is shown how *Thousand and One Nights* became deeply rooted in modern world literature especially in phases of renewal and experiment.

Bolaño frente a Herralde Alfredo Lèal Rodríguez, 2022-09-20 Seeking to understand the economic relations between author and publisher, this study analyzes the place of Roberto Bolaño in the Latin American literary canon through the texts of Jorge Herralde. After showing how the work of the 1998 Premio Herralde winner has been commodified, Lèal offers a critical reading of the writer figure, as represented in three key moments of Bolaño's short story production.
